

Tumors Conquered Without Operations

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in Cases of Mrs. Fox and Miss Adams.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by excessive monthly periods accompanied by unusual pain extending from the abdomen through the groin and thighs.

If you have mysterious pains, if there are indications of inflammation, ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation; secure Lydia E. Pinkham's Vegetable Compound at once and begin its use and write Mrs. Pinkham of Lynn, Mass., for advice.

Read these strong letters from grateful women who have been cured:

Dear Mrs. Pinkham:— (First Letter.) "In looking over your book I see that your medicine cures tumors. I have been to a doctor and he tells me I have a tumor. I will be more than grateful if you can help me, as I do so dread an operation."— Fannie D. Fox, Bradford, Pa.

Dear Mrs. Pinkham:— (Second Letter.) "I take the liberty to congratulate you on the success I have had with your wonderful medicine."

"Eighteen months ago my periods stopped. Shortly after I felt so badly I submitted to a thorough examination by a physician, and was told that I had a tumor and would have to undergo an operation."

"I soon after read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After taking five bottles as directed, the tumor is entirely gone. I have again been examined by Lydia E. Pinkham's Vegetable Compound; a Woman's Remedy for Woman's Ills."

by the physician and he says I have no signs of a tumor now. It has also brought my periods around once more; and I am entirely well. I shall never be without a bottle of Lydia Pinkham's Vegetable Compound in the house."—Fannie D. Fox, Bradford, Pa.

Another Case of Tumor Cured by Lydia E. Pinkham's Vegetable Compound.

Dear Mrs. Pinkham:— "About three years ago I had intense pain in my stomach, with cramps and raging headaches. The doctor prescribed for me, but finding that I did not get any better he examined me and, to my surprise, declared I had a tumor."

"I felt sure that it meant my death warrant, and was very disheartened. I spent hundreds of dollars in doctoring, but the tumor kept growing, till the doctor said that nothing but an operation would save me. Fortunately I corresponded with my aunt in the New England States, who advised me to try Lydia E. Pinkham's Vegetable Compound before submitting to an operation, and I at once started taking a regular treatment, finding to my great relief that my general health began to improve, and after three months I noticed that the tumor had reduced in size. I kept on taking the Compound, and in ten months it had entirely disappeared without an operation, and I was no longer in pain. Lydia E. Pinkham's Vegetable Compound, and words fail to express how grateful I am for the good it has done me."—Miss Luella Adams, Colman Hotel, Seattle, Wash.

Such unquestionable testimony proves the value of Lydia E. Pinkham's Vegetable Compound, and should give confidence and hope to every sick woman.

Mrs. Pinkham invites all ailing women to write to her at Lynn, Mass., for advice.

Revenue from Scott Act.

Some of our County Councillors seem to be of the opinion that the Scott Act is designed mainly to provide revenue. This view is not, we should say, confined to those in the Council who hold it. For some reason a great many throughout the county firmly believe if rum is to be sold, the dealers should contribute largely in fines. No more mischievous or mistaken view could possibly be taken. The law itself lays down the principle, as the courts have interpreted it, that all monies received from fines must be used for the sole purpose of enforcing the law. The Scott Act was not designed for the purpose of raising a revenue,—on the contrary the very purpose for which the act was intended is to stamp out the sale of liquor, and what could be more natural or fitting than that any sums received as fines under the act should be used for the sole purpose of enforcing it?

According to the report of County Council it seems to be the opinion of Coun Williams and a few others that the Inspector should not employ counsel. This is a very peculiar position for one who professes strong sympathy with rigid enforcement. Liquor dealers as a rule employ the best counsel they can get, and if the Inspector is not to hire a lawyer, what chance will there be of getting convictions? It is all very well to talk about "private secretaries" and the like, but the fact remains that with Coun Williams it is probably not so much a question of the amount paid the Scott Act lawyer as it is the politics of the man who is getting it. Here in town Mr Colpitts has another "private secretary", whose charges per case are identical with those of the County lawyer, and nobody is complaining that too much is asked or paid. Probably Coun Williams would protest if he had anything to say about it, but we have our doubts.

One recommendation unanimously passed by the Council will carry consternation into the ranks of the law-breakers providing any attention is paid to it by the police magistrate. This was that a thirty days jail sentence be imposed for first offences, without the option of a fine. The magistrate clearly has the authority, and in Moncton, Sussex and elsewhere the law breakers have begun to feel the weight of rigid enforcement. The Scott Act when properly enforced is far more drastic than generally supposed. One thing is certain: if the offenders are sent to jail without any fines there will be a pretty big deficit at the end of the year. It remains to be seen whether the sale of liquor can be more nearly stamped out than otherwise.

Mr Fleming has been in the Legislature eight years. What has he accomplished? Mr Smith has been there half that time, and what good has he done? These two gentlemen as representatives are absolutely useless. It is time for a change. Carleton should have three members in sympathy with the administration. The government is sure to be sustained. Let us get in line, and vote for Jones, Carvell and Upham.

Minard's Liniment Cures Distemper

Valuable Find on the Intercolonial Railway.

While travelling on the I. C. R., Mr Harvey W. Towers, residing at No 7 St Paul Street, St John, N. B., made a valuable discovery. Some one had left a small box of Zam-Buk the great Skin Healer in the Car and as Mr Towers suffered with badly chapped hands, he applied same. To his surprise it healed him rapidly. He says: "It is an excellent remedy, the best I have ever used for chapped hands, cuts, sores or burns, and I would not be without it."

Mr Towers is only one of many thousands who are glad they heard of Zam-Buk. There is no skin disease it will not relieve and cure. Zam-Buk is everywhere regarded as Nature's Great "First-aid." No traveller should be without it for it is a splendid preventive against Barber's Rash and other skin diseases they are so liable to contract. A little Zam-Buk rubbed regularly on the hands and face before retiring each night will keep the skin soft and free from disease.

Zam-Buk as a healer of skin diseases is without equal. It cures ulcers, festering sores, ringworm, cuts, bruises, chapped hands, boils, eczema, piles, rheumatism, etc. Sold by all druggists and stores at fifty cents a box, or post-paid from the Zam-Buk Co., Toronto.

The Secret of Crisp Pastry.

Keep three things in view, if you want unvarying success with your pastry—cold water, good shortening, and Blended Flour.

Ice water and butter are preferable, but it may be more convenient to use cold water and some other good shortening. It will never fail to give a light, flaky crust—so tender, it will break with a breath, and as easy to digest as it is delicious.

The wholeness of pie crust depends on the lightness of the flour—that is, the crisp flakiness that you look for in pie crust must be made of flour having a large percentage of starch. Ontario fall wheat contains all the requisites, for light pastry, cake and biscuits, while Manitoba wheat has the heavier properties required in a strictly bread flour.

Combine the two, and you will get a perfect flour, that has the full rich flavor and delicacy of Ontario fall wheat, and the strength of Manitoba spring wheat—an ideal combination.

With ordinary care in mixing and rolling the dough, Blended Flour will give you the most delicious pastry you ever ate. Many millers are now blending these two grades of flour scientifically, so do not attempt to do the blending yourself—it is no easy thing to get just the right proportions.

WOMAN RESCUED.

Ottawa, Ont.—Slavery is not dead. Daily, the traffic in human souls goes on. Only a short time ago, a number of Chinese were arrested as they attempted to smuggle young girls from Canada into the United States. In Eastern countries, the slave trader piles his vocation in the market place. Some go into another kind of slavery—unknowingly—yet make a valiant effort to escape. Ottawa is all agog over the wonderful escape of one of her charming matrons from that physical slavery, Rheumatism. Mrs. R. C. Small says, "I was a constant sufferer from rheumatism for over seven years. I used many treatments—consulted doctors—tried hot baths—used almost every known mineral water—but nothing did me any real good. The pains were in my joints and back, and I had frequent headaches and had indigestion. About a year ago, I saw 'Fruit-a-tives' advertised and decided to try them. After I had taken two boxes, I was much better. Altogether I took seven boxes. I have had no rheumatism for over six months now and feel that I am quite cured. I have gained over ten pounds in weight."

"Fruit-a-tives" cure because the intensified fruit juices and tonics strengthen the kidneys—regulate the bowels—and invigorate the skin. This means pure blood, free of uric acid. Cure yourself. Take "Fruit-a-tives" now and be free of Rheumatism all winter. 50c a box; 6 for \$2.50. At druggists, or from Fruit-a-tives Limited, Ottawa, Ont.
