Brigadier John Roberts, from the International Headquarters of the Salvation Army will pay a visit to the local corps at Woodstock, N B and will conduct a series of Revival Meeting in the week beginning Oct 24 to 29. The Brigadier is one of the Salvation Army's most successful Evangelists, having been an officer in its ranks for over thirty years and has read the Bible through at least once a year during that period, and has seen thousands of parents and children converted to God. He has the names of hundreds of children with whom he has prayed and led to the Lord Jesus and numbers of letters from them describing the conversion and experience.

The Brigadier will give a lecture on Thursday 29th. His subject being "One Month in Prison Cell."

Chair to be taken at 8 p.m. Dr Campbell Morgan in expressing his appreciation of the lecture when laboring in Staffordshire, England, said,—"I should like the whole church to hear it."

The Rushden "Echo" say: Probably the most remarkable lecturer who has ever visited Rushden is Brigadier Roberts of the Salvation Army who on last Wednesday evening lectured in the Salvation Army Barracks, Rushden:—"One Month in Prison". The Brigadier is not only a born humorist but is an almost unconscious rhymster, in fact, his prose as he utters it, almost runs itself into poetry. In many respects he is the nearest approach to that great genius, Peter Mackenzie that we have ever heard. To do full justice to the Brigadier we should require more than cold type, black ink, and white paper, at the very least we should require a cinematograph and a gramophone. But this we can say that those who heard the lecture will probably never forget it.

Thrilling and fascinating as the lecture was, there was something deeper than wit and humor. There was a wonderful pathos, there was much shrewd common-sense, there were flashes of genius, and there was a real grip of spiritual truth."

It is hoped that the building will be filled for every meeting and that the local Corps is anticipating a mighty Pentecost, with hundreds of souls.—J N.

PANDORA RANGE

"We Want Them!"

"The biscuits which please us must be brown and crisp and firm and dainty, with a well-raised, evenly-baked crust.

"Mother says such buns require a steel oven, scientifically constructed, uniformly heated, perfectly ventilated—'PANDORA' OVEN EXACTLY."

When you see a "Pandora" Range the sale is made.
