Burpee-McKibbin.

An event that has been looked forward to with a great deal of interest took place Wednesday afternoon at three o'clock at the home of Conductor and Mrs McKibbin, when their daughter Miss Pearl E was united in marriage to Mr Alexander Boyer Burpee, the popular young C P R despatcher of Brownville, Me, eldest son of Supt and Mrs C W Burpee. The Rev G D Ireland performed the ceremony in the presence of nearly fifty intimate friends of the contracting parties.

The bride looked very charming attired in white net over white taffets, while the bridesmaid, her sister Miss Bessie McKibbin, wore a green eolienne over silk. The groom was supported by his brother, Mr Donald Burpee.

The bride was the recipient of a profusion of rich and costly gifts. That of the groom was a magnificent set of mink furs. Among the others was a chest of silver from The Baird Co, of which concern the bride had been stenographer for a few years, and also many remembrances from relatives and friends, including over \$100 in gold besides substantial cheques, and a large assortment of silver, cut glass and other articles.

The happy young couple left in Supt Burpee's private car attached to the down express, and on their tour will go to the Coast. In about a month they expect to return to Brownville.

Among the outside guests present were Mr and Mrs T C Burpee of Moncton, Mr and Mrs Frank Murchie of Edmundston, Mr and Mrs C K Howard of Brownville and Mr Chas Howard of Fredericton.

The Young Liberal Club.

Over a hundred members of the Club attended the meeting Wednesday night to hear the speeches from Coun ES Gillmor of Aberdeen, Nathaniel McIntyre and others. Vice-Pres W Roy McLaughlan occupied the chair.

Coun Gillmor, although suffering from a severe cold, spoke ably and well for over half an hour on the questions of the day, and was listened to with the greatest pleasure, his witty sallies being thoroughly enjoyed.

Mr McIntyre delivered one of his ablest efforts, principally upon the duty of the laboring men in the coming election.

Dr Kirkpatrick made a few remarks in closing. There will be another grand rally next Wednesday night.

Minaud's Liniment Cures Colds, etc.

Lower Woodstock.

There was a fine meeting Wednesday night at Lower Woodstock in the interests of the Liberal candidate. Hazen Scott was chairman.

The first speaker was P A Watson, who in the course of a half hour's address gave plenty of good reasonable arguments why the electors should support the present government. Ald Coles Dugan, who is coming right to the front as a speaker, surprised the audience with a thirty-five minutes speech that was justly regarded as one of the best yet heard in the campaign. Mr Dugan forcefully contrasted the Canada of 1896 with conditions as they are today, and was cheered again and again as he went into the record of the tory party.

Dr Nelson P Grant gave a pleasing and practical address after which N F Thorne spoke for nearly an hour on the general issues of the day, incidentally scoring the Hazen government for its broken pledges and entering into a review of its pernicious legislation. Discussing federal matters the speaker paid his respects to George E Foster of For-esters fame, as well as the Plum Tree Club, and discussed at length the general record of the tory party when in office, as contrasted with Liberal rule.

Liberalism and Good Times.

In discussing the prosperity in Canada during the past twelve years it will hardly be maintained that the average crop per acre was greater since 1896 than before. But there were more acres. For instance: In 1896 the population of the North West Provinces, (Manitoba, Saskatchewan and Alberta) was probably a little over 200,000 persons. We judge it to be about that as at the Census of 1901 the population of these Provinces was 419,512. By a special Census taken in 1906, it appeared that such population was 808,863. The number of farms in these Provinces in 1896 was probably 35,000, or less; at any rate, in 1901, the number was 54,625, and in 1906, 129,430. The immigrants that came into the Dominion between January 1, 1896 and 31st March 1908, numbered 1,219,943. During the last 12 years of Conservative rule, the Homestead Entries made in the West amounted to 36,926. Compare this with 233,964 for the 12 years the Liberals have been in power? In addition, there was the national increase of population in the other provinces and their vast increase of productive power on account of the markets opened up by the efforts of the Government.

The result of all these was that the foreign trade of the Dominion increased from 239 millions in 1896 to 650 millions in 1907, the exports from 118 millions to 280 millions and the exports of farm produce from 50 millions to 121 millions. In the 12 years from 1885 to 1896 the Exports of farm produce amounted in value to \$531,521,525; in the 12 years from 1897 to 1908 to \$1,106,238,882. Think what the difference means in the growth of the country.

The average per acre is as good in our period as in the other; but in the latter period there were better opportunities, new markets were open-

ed or the transportation facilities so improved that people could get to the markets, and the tariff was lowered and readjusted so that Canada could trade with other countries. Certainly Fielding was not responsible for the era of world-wide prosperity in which Canada has had its share. As for the hard times or the period of dull times that took place recently in the business world Fielding is responsible for the conditions under which Canada felt the depression less than any other country in the world.

Prompt Mail Order SERVICE.

We are constantly sending Goods and Prescriptions to all parts of the surrounding country. This business comes to us because we have what people require and we give mail orders prompt and careful attention.

Orders are filled on the day of receipt, and satisfaction is guaranteed in all cases.

Send us your difficult or important prescriptions.

GARDEN BROS.

DRUGGISTS,
