Scottish Farmers Here on  
Inspection.

A party of 22 leading Scottish agriculturists brought out on a tour of inspection of the best farming sections of Canada, will arrive at Rimouski on August 13th. From that point they are to be conveyed by special train to Fredericton over the I.C.R., thence over the Gibson branch to Woodstock, reaching here by special in the afternoon of Friday the 14th. Arrangements are being made for a short inspection tour of the best farms of this neighborhood that afternoon, the visitors to be conveyed by carriages. Saturday morning the party will leave here by train for Fredericton and thence afternoon by special boat to St. John. On Monday the 17th they will start for Nova Scotia, making it is hoped, a short stop at Sussex and possibly other places en route. After seeing Nova Scotia, the eastern townships and Ontario, portions of the West will be visited. All expenses are borne by the Immigration Department. Supt. W. W. Scott is in communication with Mr. F. B. Carvell M.P., concerning the local visit. No doubt much benefit will accrue by reason of the coming of these prosperous farmers, who are understood to be representing hundreds of their associates in the Old Country who are looking forward to settlement in Canada.

From the St. John Globe.

The liberals of Carleton County are to have a convention on Saturday at which they will nominate a candidate of the party in the next Parliament. Without doubt the choice will fall upon Mr. Carvell, the present member if he desires to be again a representative, and probably he will. There is no harder working man upon the floor of the house of Commons than Mr. Carvell. There are few who are brighter. Political fortune has not dealt too kindly with him; but it is not unusual to find others reap the harvest, the seeds for which were sown by the industrious toilers.

On the Range, Aug. 3rd.

## Allen's Second Escape.

Harry Allen, the circus employee, got away after all. Deputy Sheriff Armstrong caught him at Sussex, and took his prisoner to St John, in company with Sheriff Freeze of Kings County. Whi's in the city between trains Deputy Armstrong had occasion to transact some private business, and left Allen with Sheriff Freeze at the Grand Union Hotel. According to a letter which we have received from our Deputy Sheriff, he found that Freeze and Allen in his (Armstrong's) absence went up town, travelled in a coach, and had a good time generally. Armstrong's version of the escape is to the effect that Freeze after getting back to the hotel refused to accompany him to McAdam, and while he (Armstrong) went to the telephone to ask help from the St John police, Allen ran out, jumped into the coach, and got away, all this in the presence of Freeze, who it seems had thrown up all connection with the arrest.

At any rate Allen is now in the land of the free, and must have many a nice little laugh at the expense of the New Brunswick officials. The whole circumstances are so unusual that in justice to everyone there should be an investigation. Deputy Sheriff Armstrong is highly indignant over Allen's escape.

## Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or impaired hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
