March 27, 1908.

Mr Sifton.

The Young Napoleon of the West  
may or may not be coming back to  
the Cabinet, yet whatever his official  
position he will ever loom large  
among Canadians statesmen. This  
is what Wm F McLean, Conservative  
M P for South York, has to say edi-  
torially of Mr Sifton in the Toronto  
World:If there be truth in the rumor that  
Mr Sifton is once more to accept a  
position in the cabinet, a new light  
will be cast upon his career. He  
has suffered the penalty of every  
man of constructive imagination.  
Twelve years ago he outlined plans  
for the future of Canada, which are  
now being appreciated, and becoming  
intelligible. Being misunder-  
stood he was at that time criticized  
for what has proven to be his fore-  
sight. On the floor of the house Mr  
Sifton's utterances have always com-  
manded respect, because of their  
conciseness and pith. It can never  
be said of him that he is one who  
"scoffers fools gladly." As a man of  
business capacity in the large sphere  
of government he has shown himself  
alert, adroit and competent. He is  
a man worth having in the service  
of his country.We commend this view to our  
minor carping and captious contem-  
poraries which have frequently  
sought to belittle the great states-  
man of the prairies.The footprints of Dyspepsia have  
been directly traced to the Stomach  
nerves. When these "inside nerves"  
fail, indigestion and stomach dis-  
tress must surely result. For this,  
druggists everywhere are supplying  
a prescription known as Dr Shoop's  
Restorative. First, these tiny inside  
Stomach, Heart, and Kidney nerves  
fail. Then gas belching, Heart pal-  
pitation or failing Kidneys follow.  
Don't drug the Stomach, or stimu-  
late the Heart or Kidneys. That is  
wrong. Strengthen these failing  
nerves with Dr Shoop's Restorative.  
It is the nerves, not the organs that  
are calling for help. Within 48 hours  
after starting the Restorative treat-  
ment, you will realize the gain. A  
test will tell. Sold by ALL DEAL-  
ERS.The A Henderson Co's furniture is  
unsurpassed by any on the market.  
Call and examine it.—tfAugust time, tells on the nerves.  
But that spiritless no ambition feel-  
ing can be easily and quickly altered  
by taking what is known by druggists  
everywhere as Dr Shoop's Restor-  
ative. Within 48 hours after begin-  
ning to use the Restorative, improve-  
ment will be noticed. Of course, full  
health will not immediately return.  
The gain, however, will surely fol-  
low. And best of all, you will realize  
and feel your strength and ambition  
as it is returning. Outside influences  
depress first the "inside nerves" then  
the Stomach, Heart, and Kidneys  
will usually fail. Strengthen these  
failing nerves with Dr Shoop's Re-  
storative and see how quickly health  
will be yours again. Sold by ALL  
DEALERS.We will furnish your home. Esti-  
mates free. Let us know how little  
you care to spend and we will tell  
you how much we will give you in  
exchange. The A Henderson Furni-  
ture Co.—tf**The National Debt.**During the last session of the  
House of Commons R R Hall M P.,  
took occasion in moving the address  
in reply to the speech from throne,  
to make some comments regarding  
the national debt. His words are  
well worth quoting and we commend  
them to the financial critic of the  
Press. Mr Hall said:—"It must also be a cause of pride  
and satisfaction to our people to  
know that this wonderful advance-  
ment in our trade has been brought  
about without in any way increasing  
our National Debt. In 1896, the**The Knock-out Blow.**The blow which knocked out Corbett  
was a revelation to the prize fighters.  
From the earliest days of the ring the  
knock-out blow was aimed for the jaw,  
the temple or the jugular vein. Stomach  
punches were thrown in to worry and  
weary the fighter, but if a scientific man  
had told one of the old fighters that the  
most vulnerable spot was the region of  
the stomach, he'd have laughed at him  
for an ignoramus. Dr. Pierce is bringing  
home to the public a parallel fact; that  
the stomach is the most vulnerable organ  
out of the prize ring as well as in it. We  
protect our backs, throats, feet and legs,  
but the stomach we are utterly indiffer-  
ent to, until disease finds the solar plexus  
and knocks us out. Make your stomach  
sound and strong by the use of Doctor  
Pierce's Golden Medical Discovery, and  
you protect yourself in your most vulner-  
able spot. "Golden Medical Discovery"  
cures "weak stomach," indigestion, or  
dyspepsia, torpid liver, bad, thin and im-  
pure blood and other diseases of the or-  
gans of digestion and nutrition.The "Golden Medical Discovery" has a  
specific curative effect upon all mucous  
surfaces and hence cures catarrh, no  
matter where located or what state it  
may have reached. In Nasal Catarrh it  
is well to cleanse the passages with Dr.  
Sage's Catarrh Remedy fluid while using  
the "Discovery" as a constitutional rem-  
edy. Why the "Golden Medical Discov-  
ery" cures catarrhal diseases, as of the  
stomach, bowels, bladder and other pelvic  
organs will be plain to you if you will  
read a booklet of extracts from the writ-  
ings of eminent medical authorities, en-  
dorsing its ingredients and explaining  
their curative properties. It is mailed  
free on request. Address Dr. R. V. Pierce,  
Buffalo, N. Y. This booklet gives all the  
ingredients entering into Dr. Pierce's  
medicines from which it will be seen that  
they contain not a drop of alcohol, pure,  
triple-refined glycerine being used instead.  
Dr. Pierce's great thousand-page illus-  
trated Common Sense Medical Adviser  
will be sent free, paper-bound, for 31 one-  
cent stamps, or cloth-bound for 50 stamps.  
—J. W. Pierce as above.national debt of Canada amounted  
to \$268,497,432. Down to March 31,  
1907, it amounted to \$263,671,829, be-  
ing an increase of but little over  
\$5,000,000 since 1896. During the  
previous eighteen years our trade  
increased only some \$66,000,000, but  
our national debt increased during  
that period \$118,000,000. Just com-  
pare the two. During the last  
eleven years under the present  
government our increase in trade  
amounts to \$378,000,000, and the in-  
crease in our national debt is but  
\$5,000,000. Had the same ratio  
continued between the increase in  
trade and the increase in the na-  
tional debt in the last eleven years  
our national debt would have in-  
creased upwards of \$600,000,000.Notwithstanding the fact that we  
have embarked upon the construc-  
tion of a national transcontinental  
railway, and have spent large sums  
during the past nine months on  
capital account on the improvement  
of our public works and canals, even  
to the extent of over \$14,000,000 our  
public accounts show a surplus, not-  
withstanding all this expenditure on  
capital account of \$3,300,000 to apply  
on the national debt. Therefore, so  
far as the financial position of Can-  
ada is concerned, I do not think any-  
one can seriously find any fault with  
it.It is another matter of pride and  
satisfaction to know that our debt  
per head, which in 1896, was \$50.71,  
is to-day only \$40.00 per head. It is  
quite true that in the working out  
of this wonderful expansive policy  
our annual expenditure has increas-  
ed, but it is satisfactory to know  
that our revenue has likewise in-  
creased.I have said that this great growth  
of Canada's trade has largely been  
brought about by the judiciously ex-  
penditure of public money. Let me  
give an illustration to show how  
money can be judiciously expended  
and our annual expenditure in-  
creased with the result that Canada  
will reap considerable profit from  
the investment.Take for instance our trade with  
Mexico. In 1896 our total trade with  
Mexico was \$37,876, and in 1907,  
it was \$1,137,784. This great increase  
in our trade with Mexico has been  
brought about largely by the  
establishment, on July 21, 1905, of a  
steamship service on the Atlantic  
between Canada and Mexico. In  
1905, our total trade with Mexico  
was \$174,593, and in 1907, as I have  
already stated it was \$1,137,784, or  
over six times as great as it was only  
two years ago. The establishment  
of steamship service is but one of  
many illustrations that might be  
given of how wise expenditures made  
by this government contribute to-  
ward the growth of Canada."Pains anywhere stopped in 20 min-

ROOFING**THIS advertise-  
ment will bring  
to your attention  
the best and cheap-  
est ready roofing on  
the market. Here  
is how we prove it  
the best.In the first place  
Amatite is made  
in one standard  
thickness, whereas  
other ready roof-  
ings range from a  
thin, flimsy half-ply  
to a three-ply thick-  
ness.The three-ply  
thickness (which  
by the way is only  
one sheet of felt) is  
the only kind that  
can be compared  
with Amatite.But right here is the point. Ama-  
tite is better made, has better water-  
proofing material, and weighs more  
per square foot than the three-ply  
grade of other makes, and costs much  
less.These facts make Amatite the most  
desirable roofing made.But in addition to its superiority in  
material and manufacture, Amatite  
has one distinction which makes it  
stand out above all others. It has a  
real mineral surface.It is hardly necessary to state the  
advantages of such a mineral surface,  
the freedom from painting or coating,  
the perfect protection against all kinds  
of weather, the great durability.This mineral surface is embedded  
in a layer of Pitch, the greatest known  
waterproofing material. Beneath this  
in turn are two layers of the best  
grade of wool felt—cemented to-  
gether by more Pitch, making the  
whole a roofing that is absolutely  
waterproof.No other ready roofing can compare  
with this mineral surfaced, waterproof,  
weather-proof, durable roof. That's  
why we say—Don't buy your roofing  
until you have seen Amatite.**Free Sample & Booklet**Send for Free Booklet and Sample
