(Continued from first page.) Coun Connolly-Mr Fewer put the responsibility on Mr MacDonald I

Coun Bradley-Sheriff Hayward should furnish his own residence. I am here to stand by the people and the people are finding fault. They want to know whether they have a right to furnish the sheriff's residence or not

Coun Hay-All the way I see is for Mr Fewer to come here and satisfy the board.

Coun Connolly-I believe that the building committee went beyond their power, but I believe they did what they did conscientiously, and my opinion is that we had better let the matter remain as it is.

Coun Hay-Mr Flemming and I did not know anything about it. Coun Williams-The report that was made in June was the best report

that could be made. Coun Flemming-I don't see what more we can do than we did do. Resolution put and lost.

Coun Tompkins asked the sec-treas about a bill of his at last council when he was not present owing to sickness, of \$5.00 for making out the ist of parish officers.

Mr Hartley explained that this was extra work and was paid for at the same rate and charged by the councils of Victoria and Madawaska.

The Warden read a communica tion from T H Estey resigning the office of county valuator on account of his age. Resignation was accep-

Coun Mellville moved that John R Tompkins be appointed to fill the vacancy. Seconded by Coun Gillmor. Coun Estey moved seconded by Coun Owens that A C Caldwell be elected to the office.

Coun Mellville moved that his motion be put, which was done and low voted nay.

Coun Williams now moved that the council adjourn until 1.30 pm when the accounts will be taken up with the Warden in the chair. Car

quired postage. Coun Balmain thought the bill was alright, although some of the items might appear as indefinite and per-haps excessive. But generally the

bill was alright. Coun Tompkins thought the build-ing committee should attend to the

Coun Balmain thought a case of this kind a little case and it might be allowed, as in an emergency. Coun Brown said he thought Mi Leighton had spent \$10 worth of time in getting one Bagley to saw and put in the wood as by the bill, and the bill

was certainly reasonable. Coun Melville was opposed to this principle altogether. Coun Rideout found the building

committee running a bill they had no right to, and now there was a case of the building committee not doing its duty. He agreed with Coun Melville. Coun Owens agreed with Coun Melville, that the building committee should do the work. There was not so much fault to be found with the

Coun Balmain—Perhaps Mr Leighton has not been advised that he should not do this. Perhaps better pay the bill and tell him to be cautious in the

Magistrate office.

Coun Williams-That is hardly 18

Deputy Foster-There will be a difference in a mile or two.

Deputy Foster explained in another case that he had to get assistance for which \$4 was paid. Coun Tompkins thought men should

not be taken past one magistrate to another in a distant place. Coun Connolly called the sheriff's attention to the case on the information of one Owens against Green, which was taken from Hartland to Bristol for hearing. He asked the sheriff if he did not advise Owens in the matter.

Mr Foster-No I did not. Coun Connolly-How did you get a warrant to arrest Green before ten clock on Monday morning? Mr Foster-It was brought to me by

Owens and I served it. Coun Connolly—Do you say you were not to Farley's place on Sunday? Mr Foster-It was placed in my hands and I served it. If I was at Bristol what has that to do with it. Coun Connolly-I don't believe in getting a person to go before a magistrate miles away from his home in order to add cost to the county.

Mr Foster--This warrant brought to me and I served it. Coun Connolly—This was done in Hartland and Owens is a man who would not have sense enough to go to a magistrate unless he was advised to

(Continued next week.) MODERN MEDICINES.

No sane mother would wish herself treated under the conditions of medicine or surgery of half a century ago, Why then should she give her little one the old-fashioned medicines of half a century ago, which more likely than not contain poisonous opiates that cannot cure the child, but merely drugs it into temporary insensibility. Baby's Own Tablets is a modern medicine prepared with all the care and skill of modern medical science. And the mother who gives this medicine to her child has the guarantee of a Government analyst that it does not contain one particle of opiate or poisonous soothing stuff.

This medicine cures all the minor ail
