Minard's Liniment Lumberman's

Bingen Prince of Trotting Sires.

When George W Leavitt purchased Bingen (2.061), then a yearling, in Kentucky, and brought the colt to this state, neither he or any one else could have had an idea of how great an influence the purchase of the colt would have upon the harness horse interests of the state, and, neither indeed, of all New England. The colt was purchased because he showed great promise of becomi g a fast trotter, but no one then thought of the son of a practically discarded son of Electioneer from a mare that had no record and had produced nothing, as a coming great trotting

He was indeed a youngster of much promise and a grand individual, but that was a far cry from becoming the most sensational speed sire of his day. However, the colt was not only a wonderful colt performer, but trained on to a very fast record as an aged horse and was retired to the stud as sound as the day he was foaled.

As a race horse he fulfilled every expectation. The next question was would he produce the extreme and early speed that he possessed, which is the test of a sire these days. From the time that his oldest crop of foals were trained there has not been any doubt on this score.

But there has been many instances of great trotting stallions that were also successful sires, but whose sons and daughters failed to breed on with any great degree of uniformity. This is the final test of the horse that is destined to become a great speed progenitor and found a socalled trotting family. While he is still a young horse, Bingen has made good on all these points. In 15 year old stallion has accomplished and Martha Merriman. and Young Miss.

COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering to them upon the bottle wrappers and attest its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody Dr. Pierce being desirous to everybody, Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulæ, bei confident that the better the composite of these medicines is known the m nized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit - forming Examine the formula on their bottle wrappers-the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great, blood-purifier, stomach tonic and bowel regulator-the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those catarrhal condi-

tions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if only you give it a thorough and you if only you give it a thorough and fair trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pioree's mediants. Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experi-mented with but are sold by all dealers in medicines at reasonable prices.

MEANS SICKLY BABIES.

The baby who suffers from indiges tion is simply starving to death. It loses all desire for food and the little it does take does it no good; the child is peevish, cross and restless, and the mother feels worn out in caring for it. Baby's Own Tablets always cure indigestion, and make the child sleep healthily and natur ally. Mrs Geo Howell, Sandy Beach, Que., says: "My baby suffered from indigestion, colic and vomiting, and cried day and night, but after giving him Baby's Own Tablets the trouble disappeared and he is now a healthy child." The Tablets will cure all the minor ailments of babyhood and childhood. Sold by medicine dealers or by mail at 25 cents a box from The Dr Williams' Medicine Co., Brockville, Ont.
