Gentlemen,—  
I thank you, through your local agent Geo L. Holroyde, for the very prompt and satisfactory adjustment of damages done to my Saw Mill by fire on Friday evening. The fire occurred on the 10th; the loss was adjusted to my entire satisfaction on the 13th and the indemnity was paid the same day.

Yours truly,  
ROBERT E. PATTERSON.

### Benton.

Edward McGrath has been one of the victims of lagrippe during the past week.

Willie Tarrell of Marysville, returned home Tuesday after spending a few days with friends here.

Harland Chittick has been confined to his home for some days past.

Hannah Daye and Vita Veness have been quite ill for the past week but are both convalescent.

Miss Eva Daye is spending a few days with her sister in Houlton.

Miss Alice Lewin returned home last evening from Boston, where she has been spending the winter.

How TO CLEANSE THE SYSTEM.—Barnes's Vegetable Pills are the result of scientific study of the effects of extracts of certain roots and herbs upon the digestive organs. Their use has demonstrated in many instances that they regulate the action of the liver and the kidneys, purify the blood, and carry off all morbid accumulations from the system. They are easy to take, and their action is mild and beneficial.

### ENGLISH CHILDREN.

A party of English children, aged from 2 to sixteen (16) years from the Middlemore Home will arrive in Halifax in May. Parties desiring to apply for these children should write at once to

IT WILL PROLONG LIFE.—DeSeta, the Spaniard, lost his life in the wilds of Florida, whither he went for the purpose of discovering the legendary "Fountain of perpetual youth," said to exist in that then unexplored country. While Dr. Thomas' Electric Oil will not perpetuate youth, it will remove the bodily pains which make the young old before their time and harass the aged into untimely graves.

### Letter from Headquarters.

DEAR SIR,—I am happy to advise you that up to date this year, we have written the largest business in our experience, nearly 1907 with Renewals practically all taken up, and losses in Feb to date 28th nil. Prospects for increased dividends to policy holders are good.

To S. J. PARSONS, Local Agent of the "Atlantic Mutual."

The efficacy of Bickle's Anti-Consumptive Syrup in curing coughs and colds and arresting inflammation of the lungs, can be established by hundreds of testimonials from all sorts and conditions of men. It is a standard remedy in the ailments and all affections of the throat and lungs. It is highly recommended by medicine vendors, because they know and appreciate its value as a curative. Try it.

Hon John Haggart is one of the 11 Sir John guard in the House of Commons, but he evidently is getting disgusted with the obstructive tactics of the "new Opposition." When the Georgian Bay Canal Bill was up for consideration, and the Opposition policy of obstruction was pursued until nine o'clock, the veteran Ex Minister got up in his place, right alongside the seat of Mr Foster, and gave to his colleagues of the Opposition benches a well deserved castigation.

"THIS OBSTRUCTION IS GETTING A LITTLE MONOTONOUS," said he, "AND I AM TIRED OF IT." Therein the member for South Lanark voiced the opinion of the people of this country. The obstruction IS getting monotonous and the country is getting tired of it.

Keep Minard's Liniment in the house.

### Moore's Camp.

Seeing some items from surrounding camps I thought I would send a piece from our camp to your valuable paper. First off all our camp is situated on a ridge three miles from the St Croix river and is run by Edward Lee of Woodstock.

Next comes our cook George Thornton from the flowery Banks of Nackawick and a jolly good fellow he is, and he is generally on the turf at sharp three o'clock in the morning. The next comes in is our bold Cookie who builds his fires and cries roll out.

Next is to explain to our readers where log hauling sprang from. Well now we are done yarding and we are hauling to the shore, George Moore claims that the teams will go three or more turns, those logs they must be landed if there is nothing left but skin he will put the wings on all their backs if needed he will give them fms. Our leading team is driven by George Osburn of Northampton N.B. when he drives on the yard and steps around so bold he says it is not what my team can haul its what my chains will hold, he says that Bob and Bess will stand it three weeks more, and the boss says by that time they will all be on the shore. Here is to Linas Stairs that was born in Lower Southampton in a place called Nackawick and now to beat him hauling logs I think it quite a trick he is the boy that rolls them on and rides so awful high and his team it is so very small but to the landing will fairly fly. Next comes Melvin Hudson that drives the shining blacks he is as good logger as ever come up the flat he will roll them on and roll them until the boss to him would say you'd better let up your chains and move on out of the way for the rest of the teams are riding very low for if you would roll them all on you, you would only cloy. Here is to Clarence Kimble that drives a hired team and for to beat our leading team his chances it does look mean. Next in comes Joseph Canton that hauls with Linas Stairs and when he gets them butts behind behind, oh man how he will swear, for the logs they are so awful long and the cedar so very low and when he puts on ten or twelve to the landing he will go. Here is to Edward Tarty and a log hauler they all do say, and when he gets behind his count he knocks off a turn of hay for his horses they are very thin and if Dennis don't take sick he says the last week that they haul he will show the boys a trick. Next comes George Littlefield that lives on Mapleton Ridge he drives as fine an old team as ever came over the bridge the youngest one is twenty three the other twenty eight he has on for bells on one an old tin pan and the other an old tin plate. Hear is to Walter Adams from Littleton he came, he is as good an ice man as is in Griswold Maine. But the teamsters they are kicking and they are not to blame for its Roy Johnson pulls the plugs in the good old State of Maine. Here is to our bold yard men that came from the Province they say they can roll as many logs as any two men in Maine they roll them on and roll them until the teamsters they will say ho and then they will pull on their coats and to the camp they will go. Next comes our jolly road munks three billes, and ram upon the road and often seen aworking out some plan, Billie he cuts the ice and Perris throws it out I think the way there working are looking for a rout. As I am about to finish up and as it is Saturday night I want to mention our fiddlers name and to do it up just right his name it is Benjamin Brown from Miramichi he came, he is as good fiddler as they have in the State of Maine. Now I think I have said enough and I'll conclude my rhyme, I hope to all you young heroes I have said nothing wrong, if you want to see good workmen and wonders undertook just hustle up your traveling sack and strike for Griswold brook.

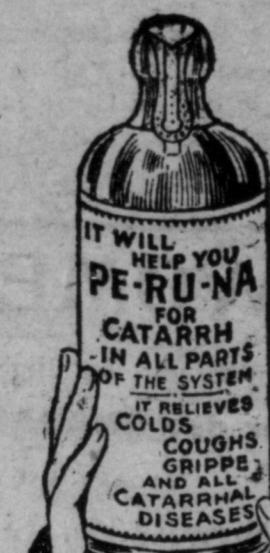

A SUBSCRIBER.

### Reply From Snow Storm.

To The Editor of Sentinel:  
DEAR SIR,—In the Press of Feb. 24, we notice some correspondence, as that is what Snow Storms calls it, in which he presents some remarks made about the Centerville correspondent of the Press. Now sir, we are sorry that this old War Horse of Centerville has given up writing such big correspondence to the Press under the heading Centerville, but we were not surprised to find him taking the name of Snow storm to answer our letters as any man who would write such mean and degraded trash as this Snow Storm has written, would take unfair means of answering our letters; a few months ago we got through the Press a letter most every week from Centerville denouncing the people of Centerville, the mud side walks, the County Councils and the Road Law. Now Sir in answer to the first kick, it is because he was the disappointed of the town; second is that he did not get a pull out of the money spent

Mr. John Perrault, 385 Davidson street, Boulevard St. Paul, near Montreal, Canada, writes:

"I have been a bicyclist for over five years, and last spring I caught cold and did not take anything for it, for I thought it was not bad enough, but it came to catarrh. I was so discouraged that I didn't know what to do. I could not sleep; I always felt tired and troubled. After I had taken one bottle I felt better. I took another one, and now I am well. I would like to always feel as I do to-day. I often recommend Peruna to my friends."

Close Confinement.  
Mr. G. W. Woodbury, Rogers, Ohio, formerly Captain and Center of the Hiram College Basketball Team, writes: "There are times in the life of every student when excessive study and too close confinement and attention to the object in view will tell on your health. I have found that when body and mind alike are weary and refuse to work, a few doses of Peruna restores lost strength and invigorates one quicker and more permanently than anything I know. It gives one nerves of iron and muscles of steel, and assists the mental activities together with the physical to a wonderful degree." The athlete knows the importance of being in fine form. Peruna is a valuable assistant to anyone who wishes to keep himself in vigorous health every day.

in building good sidewalks in Centerville; third is that he could not get elected to the county council and fourth is that he wanted the office which H. P. Carvell got and therefore we still find him kicking and he will continue to kick as long as he has strength enough for that is the only job he is really well-fitted for. We do not intend to write any more replies unless necessary, but if you should answer this, we would say sign yourself the Siamese Twins and we will have the Centerville correspondent of the Press and Snow Storm all in one.

Hoping you have got cooled off a little since the Gov. Meeting in Centerville, we will close by thanking you Mr Editor for this space.—SNOW FLAKE.
