### Reply to Snow Storm.

To The Editor of Sentinel:

In the Press of last week some sort of genius styling himself a Snow storm and no doubt belonging to the same set of talented writers who have been furnishing such instructive reading to the subscribers of the Press during the past few months, and of course he is an old writer, and I am so sorry that he has not found a more worthy way in which to express the accumulations of such a powerful brain as this writer seems to possess, but by the solicitation of a friend he has given vent to his pen picture of himself in his editorial which was published in the Press of Jan 20th for by his works we know him.

Now sir Mr Editor the letter I wrote and which you published in your paper was not written with the object in vain of calling forth public comment but just to help right a wrong, for we can make nothing more of the editorials written by the Centreville correspondent of the Press than an effort to denounce work that is done and was done by respectable citizens in the town in which the Press correspondent was one of the founders, and writes the trash he has simply because he has a grievance against some of the promoters of the new sidewalks in Centreville and no doubt he hasn't the best of respect for certain members of the County Council, but he is very fortunate in having such a staunch friend as Snow storm seems to be. I wonder when the County Council made the rate-payers shoulder a debt of \$15,000. I am sure all of the present council are not in favor of throwing away and giving away money raised by the sweat of the brow of honest industrious citizens who are not blind, and any person who can read can follow the doings of the council pretty well, and when it is necessary for the county to spend a large amount of money for special purposes besides the regular disbursements it is a business like way to borrow funds and assess accordingly, for I think the rate payers would kick pretty quick if they were assessed to pay an amount for building a jail or other such outlays all at once, this is only an illustration of what the cause may be that past councils have put a debt of \$15,000 on the county.

Now Sir we will pass to the charges made by this Snow storm in the Press in which he assumes his right to state that the electors were misinformed and that Liberals and Conservatives joined forces to defeat the candidate referred to. Now it is quite humorous of Snow storm to make us laugh that way, for every child in Wicklow who is old enough to hear what father and mother says, knows that the candidate above referred to could not get elected to watch a chicken coop for if he did something would be sure to get the chickens.

And as in the famous diatribe we have in Wicklow an unwritten law which strictly forbids the dumping of any surplus goods on our market such as bankers, broke s and general traders thinking perhaps that Snow storm has blown in line with other ten cent freaks of nature, that we will not be bothered with any more such replies but should one come we will try and find brain enough to answer it. Wishing you success Mr Editor I am

Mr. Arthur Tennison, 88 London Street, Toronto, writes enthusiastically of the merits of Psychine for all stomach troubles.

All throat, lung and stomach troubles quickly cured by Psychine. It is the prescription of a great specialist. At all druggists, 50c and \$1.00, or Dr. T. A. Sloeum, Limited, Toronto.

### RINGWORM

Stubborn Case

HEALED BY ZAM-BUK

The most troublesome and obstinate of all scalp troubles is Ringworm. Mrs. H. Girdlestone of 106 Rawdon St., Brantford, Ont., says: "My daughter had ringworm very bad, so bad that I was compelled to have her hair cut off. I obtained a preparation from the druggists to paint the sores, but instead of curing the Ringworm developed into nasty sores matting and smelling badly. I saw Zam-Buk advertised in the newspaper and immediately sent for a box. After several applications I could see a great improvement, and as I kept up the Zam-Buk treatment daily the disease was soon checked. The nasty sores were thoroughly cleaned and healed and all trace of ringworm banished from the child's scalp in a few weeks after commencing with Zam-Buk. I cannot recommend Zam-Buk too highly."

Zam-Buk cures cuts, burns, chapped hands, cold sores, itch, ulcers, eczema, running sores, catarrh, piles, bad legs, rheumatism, neuralgia, sciatica, abscesses and all diseases of the skin. Of all druggists and stores, 20c, or post-paid upon receipt of price, from Zam-Buk Co., Toronto. 6 boxes for \$2.20.

Stop that tickling Cough! Dr. Shoop's Cough Cure will surely stop it, and with perfect safety. It is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else even with very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Take no other. Sold by ALL DEALERS.

### Hartland.

There is no longer a lager beer saloon in Hartland and the very large majority of the village rejoice in the fact. The WCTU feel encouraged in their work of exterminating such evils from the place, and they, the ladies composing the union, do not receive the full aid and sympathy they deserve. Their present agitation is for the purpose of preventing another beer shop being established in this place, they have the best wishes of the most substantial, respectable, intelligent and influential people of the community, but good wishes will not avail without energetic aid and assistance and as the work seems to be placed in their hands they earnestly solicit the co-operation of every villager, male and female, old and young. Parents consider what a beer shop means to your boys and how it obstructs the good prospects of your girls, look over a little of the recent history of some who have seriously suffered from the lager beer which means stronger drinks smuggled in and virtually means anything you want gents. We cover our infringements under the test clause in the law, the lager we expose is a legal article to be placed on sale, the something stronger is kept out of sight, it may be a bottle in the pocket, or secret drawer, perchance, in a sawdust heap or a mow of hay the wagons or in a barrel of beans. The man or men so depressed and lost to all appreciation of character as to allow themselves to deal in this body and soul destroying liquid and will devise every plan of securing and making solemn oaths if it were to free themselves from charges of violation of the law as Councillor Bradley has said "there cannot be any lower character than a rum-seller."

It is rumored and fair proof that rumors are correct that some imprincipled men are trying to obtain a location in our village to open a beer saloon and conduct and perpetuate the nefarious traffic. An appeal is made to all who have or may have buildings or tenements to lease or let that when application is made for the same, to search diligently to know for what purpose they are required and if even upon slightest suspicion that it is for the purpose of selling beer which means all intoxicants to positively refuse renting to such persons and even further to anybody in all their cases the claim "no beer or intoxicants to be sold on the premises," do not lease or sell a building spot for such purposes, be true to the interests of the village and villagers, the salvation of your own and your neighbors children and friends, and for the peace and prosperity of all. No greater curse could be inflicted upon this community, our boys and young men are no worse than those found in other places, we have many noble boys

who have native talent and ability for any honorable position but they are in the field and as liable to temptation and the mowers scythe as those of less intelligence and to shield them from vice and improper habits or inevitable destruction should be the highest aim of all good citizens, then let us all bear a part in the noble work, make personal sacrifice of time, talented and means where necessary. It would be a good plan to join in establishing something to drive the minds of young men from degraded habits and elevate them in aspiring to higher and useful lives. Gambling, use of cards, slot machines and similar devices and practices generally associate with the rum business and greatly augment the receipts of the proprietors of such dens. Let every man, woman and child cry out in stentorian tones against the introduction of a beer saloon in the village of Hartland.—Written by request of WCTU Union of Hartland whose labors we trust will prove a blessing in all they aim to accomplish.

Respectfully

CITIZEN.
