### Hartland.

The freshet in the river last week has seldom been equalled and much damage done in some places. Logs carried far up on islands and low lands which will make more work for the drivers.

The water in basement of Sayre's mill, covering some portions of the machinery, caused a cessation of work all of last week. Flemming's mill also surrounded by water and work had to be suspended. Water falling fast and work resumed.

Miss Tompkins, teacher of our High School, was summoned home the early part of last week because of the serious illness of her father, which proved fatal. The deceased, Nehemiah Tompkins of East Florenceville, was extensively known and highly respected. Friends in Hartland extend sympathy to the entire family and those who mourn because of his death.

Miss Iuez Bradley teaches for Miss Tompkins during her absence.

On Friday evening last a troupe of southern colored individuals, male and female, (the latter black as tar), but they could sing and did sing to the satisfaction and delight of a packed audience in Baptist church on Main Street South.

On Saturday evening in Hagerman & Baird's hall an entertainment of moving pictures and singing by one who could not sing a little bit, to a fair sized audience. This class of catch-penny affairs we can well do without.

Improvements in bank building and sewerage being done by the landlord, John T. G. Carr, who also connects the sewerage from his store with the main.

Business very quiet, farmers are cropping, being late they have no time for outside matters.

Balmain Bros., through their assistant here, are disposing of a large amount of farm machinery and implements, while my next neighbor on north side, Ed McColloim, represents Frost & Wood in the same line.

Mrs. Guy McColloim is again seriously ill and her disease among the incurables. It is not supposed she will remain with her family very long.

Divinity Student Morgan preached in the Baptist church last Sunday evening.

Bert Smith and family have moved from the building they have occupied for last ten years into a more pleasant and convenient tenement in the Matthews building, North Main Street.

An habitual liar will deceive and often cause serious inconvenience and damage. Such will positively promise to pay you a bill at a certain hour or upon a stated day and instead of doing so will allow them selves to be sued and incur cost while in many instances they have the money with which to pay in their pocket. Such men are a detriment and a nuisance in the business circles and are daily adding to their reputation as liars and not to be trusted.

The pastor conducted service in Methodist church on Sunday evening. Good attendance and interesting discourse.

Jesse Foster of Main Street, was fined by Justice Barnett on Friday last, for improper language and insults to proprietors of Commercial Hotel and employers. Rumor has a mean and turbulent spirit and trouble is apt to follow.

Herb Dickinson occupies flat vacated by B. Smith which is being prepared and painted.

Negotiations are pending between S. Harmon and Scott & Pippell for southern part of so-called McIsaac lot on Main Street.

The Methodist Sunday School, J. T. G. Carr Superintendent, is increasing in membership. Weekly and regular congregation enlarging.

We are glad to report that Hon. J. K. Everett is convalescing.

J. K. Everett is filling orders for harness and parts thereof, to satisfaction of customers.

Freshet washed away Fred Crawford's henhouse and carried off several articles of value along the bank of the river. Sad indeed that some were drowned.

Rev. Mr. Bertram attended S. S. convention at Knowlesville last week, and reports a good attendance and profitable session.

J. C. Everett issues marriage licenses that bind affectionately and permanently and effects fire insurance with offices prompt in paying loans.

Millinery departments in stores of J. T. G. Carr, O. H. Taylor and Keith & Plummer. The head gear of our ladies is unequalled; good taste and excellent judgment on part of milliner and customer. Miss Pin of J. T. G. Carr's is skilful and tasty.

Weather cold and backward with high wind.

Judging from shipment in and out of Estey & Curtis they are doing a largely increasing business both wholesale and retail.

Quite a number in this section anticipate attending the approaching Methodist Conference to be held in your town.

ADDON.

A most distressing case of drowning is reported from Beechwood, about twenty miles north of here, on Tuesday, May 10th. At that place Solomon Tracy has been operating a wire ferry. Owing to the recent rise of water he was compelled to use a small open boat. While mid-stream on a trip across to get a passenger a log struck the boat and swamped it. The man was drowned and his body has not been recovered. He was about forty years of age and leaves a wife, who is a helpless cripple, and seven small children.

The Canadian Jubilee Singers and Imperial Orchestra gave a concert in the United Baptist church on Saturday evening which was attended by a very large audience. The negro melodies sung by the quartette were nicely rendered and called forth much applause as did the solos, and character songs by Gerald Miller, the basso. The orchestra played several selections in a finished manner. On Sunday afternoon, the Singers sang in the A. M. E. Church and in the evening Mr. Gerard Miller, the basso of the Company, preached in that church.

It is to be regretted that the people of the Town will not take hold and help the band and orchestra as they should be helped. At the dance given in the Hayden-Gibson Theatre on Monday night there were not more than 50 couples present. Without a doubt we have the material for as good an orchestra here as any that ever came from outside, and it stands to reason it would be a great advantage to have an orchestra in the Town, but it can't exist unless the people will help. For the small admission charged the Opera House should be full whenever a dance is given.—Com.

The change of dietary that comes with spring and summer has the effect in weak stomachs of setting up inflammation, resulting in dysentery and cholera morbus. The abnormal condition will continue if not attended to and will cause an exhaustive drain on the system. The best available medicine is Dr. J. D. Kellogg's Dysentery Cordial. It clears the stomach and bowels of irritants, counteracts the inflammation and restores the organs to healthy action.
