

A Real Lung Tonic

There are many preparations that will *relieve* a cough—few that will *cure* it. The first class, containing such drugs as Opium and Morphine, simply deaden the irritation and stop the cough, but do little or no permanent good.

Rev. Father Morrissey

"Father Morrissey's No. 10"

does not contain a trace of these dangerous drugs, but is an absolutely safe and scientific preparation of Nature's own remedies—Herbs, Roots and Balsams.

It entirely removes the irritation that caused the cough, by cleaning out the mucus, stopping the inflammation and healing the delicate membrane of throat and lungs.

Moreover, it tones up and strengthens the whole system, particularly the lungs, and protects against future coughs and colds.

Trial size 25c. per bottle. Regular size 50c.

A. E. JONES & CO.,
KING STREET.

Hartland

On Sunday evening last we were visited with a fall of light snow; about midnight the wind arose and increased, and on Monday morning when we awoke found several feet of snow banked up against the entrance to our domicile; neighbors in the same plight, and as the wind continued all the day we continued at short intervals shovelling to preserve an entrance. Roads are blocked in every direction. It was a gloomy and boisterous day, a fair specimen of the roughest and coldest of a North American. Some of our old foggies have been filling us with their prophecies that we are to have a very mild winter, basing their knowledge and wisdom upon signs found in the slaughter pig and similar foolish absurdities. While we live in New Brunswick we may expect winter weather; there may be slight variations, but we must have winter. Up to the present we have not had enough to complain of, and with February and March to follow the woodpile will require replenishing, and comfortable clothing supply the body and the feet especially kept warm, so that colds, coughs and diseases may be prevented. The poor should be remembered, whose supply of fuel is limited, and homes no warmer than they should be. Let those who have an abundance share with their less fortunate neighbor; there will be enough for all if properly distributed.

The cheap sale this time will be at the store of John T. G. Carr—his is a real cut, determined to clear out to make room for heavy importations.

The western fever has abated, comparatively few who anticipate leaving comfortable homes for the uncertainty of finding such in other places. The industrious, prudent men can do as well here as elsewhere; those who are inclined to live beyond their means will not accumulate fortunes, no matter where they go. Our winters are tedious, it is true, but our winter weather is necessary to properly conduct our great lumber industry. We have a seed time and harvest, and with us vegetation is rapid, and all put into the ground will ripen and mature; it pays to raise hogs and stock of all kinds, prices are remunerative, much more so than in any other countries; why then this great uneasiness to go to some other place; go where you will find drawbacks and much to complain of; no place better adapted for getting ahead in the world than the place where you was born, acquainted with the people, their ways and habits; have confidence in each other and a better prospect for having good health.

Wm S Henderson, now living in Ashland, this Parish, is preparing to go to Vancouver or New Westminster, has relatives there, may not go to remain long, he sends you an advertisement offering the Colby Henderson farm of 175 acres, at Upper Woodstock, a part of the Ketchum property. The late freshest made bad work on Beckagamic waters, undermined landings and most all of the brows of logs thrown into the stream, mixed up with an ice freshet.

Henry Foster wishes through the columns of the Sentinel to thank the many friends who so kindly and lavishly remembered him in the distribution of their holiday gifts, wishes they may all live long and their charity increase, knowing that it is more blessed to give than to receive, still it is very nice to receive.

INDIGESTION

IS

SLOW STARVATION.

Food is to the human body what fuel is to a furnace. Without the aid of food the body starves and dies, just as a furnace fire dies, grows cold, when not supplied with fuel. Undigested food decays. So long as it lies in the stomach it is fermenting—giving off noxious gases and acid fluids that poison the blood and flow with it all through the system.

You cannot be healthy in such a condition. You must surely lack the snap, the energy of mind and muscle, of brain and body, which are necessary to the enjoyment of life's good things—its work and play. There is no enjoyment for the man or woman whose stomach is out of order.

When your food fails to supply nourishment through rich red blood, you are being starved in muscle and nerve—starved as truly as the man who has nothing to eat—only yours is slow starvation.

Mother Seigel's Syrup, the great remedy for indigestion, has had 40 years of unvarying success all over the world. By aiding the organs of digestion to perform their work naturally, it has given health and comfort to millions. We have thousands of letters attesting such cures. Here is one from—

Mrs. James A. Placey, of Ulverton P. O., Drummond Co., P. Q., who writing August 27th, 1908, says:—For over ten years I have been troubled with nervous headaches, without obtaining any relief from prescriptions. I was advised to try "Mother Seigel's Syrup," and the trouble ceased after taking a course of your valuable preparation.

For sale by all leading Druggists & Merchants
50 cts. a bottle.
A. J. White & Co. Ltd., Montreal.

Hagerman & Baird have purchased the balance of stock brought here by the Lyons concern and are seeking to dispose of it in the Taylor building, formerly Watson store, recently occupied by Kith & Plummer. Everett is getting through with his horse blankets; if you want one cheap, have to apply soon. Chas. Joseph & Co are in the Boyer store and have two teams on the road distributing merchandise.—AD-DON.

D ed.

Charles E. Boyd, aged 23 years second son of Edward and Clara Boyd of Johnville, died at his parents home on the 12th inst., after an illness of over a month. Pleurisy and pneumonia was the cause. Deceased was a very fine young man, with many friends who will deeply regret to learn of his death. He leaves five brothers and two sisters. The funeral was held on Thursday, 14th inst.—Telegraph please copy.

LAGRIFFE'S VICTIMS.

Left Weak, Miserable and a Prey to Disease in Many Forms.

La Grippe starts with a sneeze—and ends with a complication of troubles. It lays the strong man on his back; it tortures him with fevers and chills, headaches and backaches. It leaves him a prey to pneumonia, bronchitis, consumption and other deadly diseases. You can avoid La Grippe entirely by keeping your blood rich and red by the occasional use of Dr Williams' Pink Pills. If you have not done this, and the disease lays you low, you can banish all its evil after effects with this same great blood-building, nerve restoring medicine. Here is proof of the wonderful power of Dr Williams' Pink Pills over disease.

Mr P. E. Paulin, Collector of Customs at Caraquet, N. B., says:—"In the winter of 1907 I had a very severe attack of la grippe, which broke me down entirely. I had to take to bed for several weeks. During that time I employed a doctor, but without benefit, in fact I seemed to be getting worse and worse. I did not sleep; suffered from night sweats, and had no appetite. I was really a physical wreck. On a former occasion I had used Dr Williams' Pink Pills for general debility, with great benefit so I decided to again try them. I sent for half a dozen boxes and begin to use them at once. When taking the second box I began to feel quite a change in my condition. I was able to walk about the house and my appetite was improving. From that on I gained strength every day, and before the six boxes were done I was able to return to the office and attend to my work. Now I enjoy the best of health, and although 63 years old, am feeling quite young. I think Dr Williams' Pink Pills a splendid medicine for troubles of this kind."

Dr Williams' Pink Pills are a blood making, nerve restoring tonic. In this way they cure anaemia, indigestion, rheumatism, neuralgia, St. Vitus dance, and partial paralysis. They are the best medicine in the world for the ailments of girlhood and womanhood. Sold by medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from the Dr Williams' Medicine Co., Brockville Ont.

Williamstown.

We are now having very cold weather after the January thaw, but we had quite a fall of snow so that it is now good hauling, but too cold to haul potatoes.

Bert Emery has gone in the woods, up at Green River, to haul supplies to the camp.

Clifford and Roy McWaid are hauling logs to the Lakeville mill. Report says Robert Jones and Merrill Tracey have rented the Carvell saw mill for a year. Harry Carvell, sr, has gone to Grand Falls, to superintend a portable saw mill and business for Kitchen on the new railroad.

Mrs Reid Culbertson and two children are spending the winter at her father's, Mr George Watters.

Mr and Mrs Albert Price have returned to Woodstock after sojourning at her mother's, Mrs Jane Gillis, for some time, so report says.

Mrs William Armstrong was the guest of Mrs John A. Waters, one day last week.

Mrs H. Stoddart was the guest of her sister, Mrs H. Lindsay, one day recently.

Collie King is still confined to his room. Dr Bearisto and a trained nurse are in attendance.

James King, sr, is also on the sick list.

Johnny Gillis came home from where he was pressing hay, with a jammed hand. His brother Harry has taken his place.

The trustees of Lakeville school have secured Blair Hoar as teacher for this term. His home is in Albert Co.

Miss Lena Bearisto, Fort Fairfield, Me, is visiting her cousins at Dr Bearisto's.

HOW TO CURE A HEADACHE

To attempt to cure a headache by taking a "headache powder," is like trying to stop a leak in the roof by putting a pan under the dripping water. Chronic headaches are caused by poisoned blood. The blood is poisoned by tissue waste, undigested food and other impurities remaining too long in the system. These poisons are not promptly eliminated because of sick liver, bowels, skin or kidneys. If the bowels do not move regularly—if there is pain in the back showing kidney trouble—if the skin is yellow or disfigured with pimples—it shows clearly what is causing the headache. "Fruit-a-tives" cure headaches because they cure the cause of headaches. "Fruit-a-tives" act directly on the three great eliminating organs—bowels, kidneys and skin. "Fruit-a-tives" keep the system free of poisons. "Fruit-a-tives" come in two sizes—25c and 50c. If your dealer does not have them write to Fruit-a-tives Limited, Ottawa.

A most interesting game of Basket Ball took place in the Tigers Club Gym on Tuesday evening, January 2 under the auspices of the club and between the "A O I" of Mars Hills Me, and Florenceville Tigers, resulting in a glorious victory for the Tigers, the score card showing at the end of 2nd half score of 30 to 10 in favor of home team. After the game the Tigers entertained the A O I boys at Day's Hotel, when a most delicious lunch was served the teams and greatly enjoyed by all.

Angus Clark.

DIED DEC 17th, 1908.

He has been called by Jesus, Angus your oldest son, You know he must be happy, all loved him every one, His father and his mother, brothers and sister sweet, With spotless crowns in glory we must all together meet.

Love is the mystic magnet its laws we must obey, While there are youths and maidens his empire it must stay. The earth and every nation that lives beneath the sun, Love is the mystic tie that binds uniting every one.

BY A FRIEND.

Moir's

Think of little, thin squares, sweet as honey, and coated with purest of smooth, rich chocolate, and you'll have a slight idea of the delicious confection known as Moir's Chocolate Chips. Buy a box and introduce yourself to them in reality.
