

A Crayon Enlargement, 18 by 24 inches, of one of the best photographs of the late Rev. Father Morrissey, the renowned priest-physician, has been prepared for admirers of the priest himself or of his wonderful prescriptions. Better even than the small reproduction above, it is a very handsome picture, worthy of framing. The Father Morrissey Medicine Co., Ltd., of Chatham, N.B., will be glad to send an enlargement, absolutely free, to each one who writes for it.

Amatite ROOFING

The Test of Service

THE success of any article depends upon the repeat orders, the orders which come because the article has "made good."

No manufacturer can succeed without these.

Here is the kind of letters which we are constantly receiving regarding Amatite roofing:

Gentlemen:

Five years ago we put our first roofs of Amatite on. Since that time we have roofed four other buildings with Amatite.

We wish to say in appreciation of your roofing that we never thought it was possible to procure a roofing of such quality for so little money. We have seen Amatite outwear tin roofs next door, as it were, to us, and our roof did not cost us nearly as much as the tin cost our neighbor.

Amatite is all you claim for it, and in our opinion the best of modern roofing materials.

Very truly yours,

DOUGLASSVILLE SQUAB CO.

Such letters mean something.

The success of Amatite is dependent entirely upon the well-known fact that it always proves satisfactory. The reasons are that it is made of Coal Tar Pitch—the greatest waterproofing compound known, and that it has a real mineral surface.

Pitch is invariably used for underground waterproofing, and instances are known where it has resisted continuous water pressure underground for twenty-five years without deterioration or change.

The advantage of a mineral surfaced roofing like Amatite over one with a smooth surface is that the latter needs painting and Amatite does not.

You have no further expense or bother after Amatite is once laid. This means a great saving. A ready roofing which requires painting every two years will cost after a while as much for paint as for the original roofing.

In figuring the cost of painted roofings the cost of the paint must not be overlooked.

Free Sample

The best argument we can offer in favor of Amatite is a sample of the goods themselves. When a practical man takes a piece of Amatite in his hand he recognizes at once that it is thicker, heavier, stronger and more durable than the common kinds.

Send for a free sample of Amatite, and examine it carefully. It makes customers for us every time. Address our nearest office.

The weather for the past week was all that could be desired by the farmers and those having outdoor work to perform.

Potato digging is now the principal work being done, and owing to the low price, 65c per barrel, all who have cellars are storing them.

While in many places, especially low flat lands, potatoes have rotted more or less owing to continuous wet weather, on higher ground there is but little rot. There will be abundance of potatoes, hay, oats and buckwheat with all cereals. On the 25th inst it will be found that there is very great reason to render thanks to Almighty God for an abundant harvest and no complaints to be offered for visitation by destructive cyclones, earthquakes or damage by the elements, no war, religious and political liberty abounds, peace and contentment should exist in every home and New Brunswickers are the happiest people in the world.

Before this is in print our municipal election will be among the things of the past, to be remembered with regret because of party strife and personal hatred prominently exhibited.

Fresh arrivals of dry and fancy goods direct from England and France at J T G Carr's, the long time leading emporium of the village for first class goods at moderate prices. Eddie Britton of Windsor was in Lower Brighton and Hartland one day last week to tell the electors of the good things he has in store for them when elected councillor.

John Murdoch has been home from the Restigouche for a week and reports prosperous operations in the woods.

Nothing more regular than pay day at Sayre's mill. 1st to 5th of every month. No shortage of cash.

Elijah Shaw who desires to move a house across the track in upper end of the village is meeting with delay caused by the railway company. Mr Shaw owns land on both sides of the track and ought not to be bluffed by the C O R.

SELECTED—There are many things that wealth can purchase to minister to the pleasure and needs of the mortal; but the things that concern us most it cannot buy. It cannot command any sweeter sleep, nor better digestion than that enjoyed by the homeless tramp. It cannot avert death. He, the gentle teacher of Nazareth had no where to lay his head and yet he possessed all wealth. Wilnot Teed of Benton spent part of last week here visiting his daughter Mrs B Smith.

Married at the home of the bride at Upper Brighton on Wednesday the 13th inst, Clara E Bourke and Gustin E Day.

It is announced that on Wednesday 20th inst, Claude Thistle of Caribou, Me, will wed Miss Nellie McAdam of this place who until very recently was our very pleasant and efficient post office clerk.

Holland Smalley spent last Sunday with his family here and remained over Tuesday to attend election.

The captain was explaining what would be done in case of accident.

"And should the ship strike a rock," he continued, "we'd burn red fire and send up rockets."

But wouldn't that be a rather unusual time to celebrate, captain?" asked the tow-headed youth with the bull-dog pipe.

Does Your Heart Flutter?

Short Breath. Easily Fatigued. Rush of Blood

It's in this condition that sudden and unexpected death comes.

The heart is an unfailing index of strength. Bodily vigor and a strong heart go hand in hand.

A slight fluttering and shortness of breath is a sign of failing strength arising from weakened digestive power, or from weakness of the nerve system.

The organic and dangerous affections of the heart seldom manifest themselves until the climax is reached, when death usually supervenes.

Even a small variation in strength renders the heart susceptible on the emotional side, and a little fright, anxiety or haste will set it going at a frightful rate.

You ought to know that when your heart flutters easily, when your breath comes in gasps, when you tire quickly upon exertion, and rest does not recuperate, you have allowed yourself to run down.

It is under these conditions that Ferrozone acts like magic in its strength-giving power. Tens of thousands of Canadians can testify to the marvelous curative power of Ferrozone.

When it's remembered that Ferrozone has the power of making rich, red blood, of giving tone to the system, of vitalizing all the functional powers of the body, it will easily be seen in cases such as yours, in which these fluttering sensations are present, Ferrozone will speedily restore you to health.

Ferrozone makes you strong because it enables you to digest your food, because it makes rich, red blood—because it tones, strengthens, reinforces the whole system.

"I was so overcome with heart fluttering and acute indigestion I could scarcely walk upstairs without panting and catching for my breath," writes E K Young, a well known merchant in Augusta. "After using one box of Ferrozone I improved and after two months I was cured and am sound and healthy as ever to-day."

The best proof of Ferrozone's merit is the enormous good it will do you, in your own case; try it, 50c per box or six boxes for \$2.50, at all dealers.

Special Offer.

We have made arrangement with CATHOLIC REGISTER AND CANADIAN EXTENSION, of Toronto, one of the leading, ablest edited, and most influential Catholic papers of Canada, by which we can offer the Carleton Sentinel and CATHOLIC REGISTER AND CANADIAN EXTENSION for one year for the bargain sum of \$1.50.

The CATHOLIC REGISTER AND CANADIAN EXTENSION, of Toronto, is now the property of the Catholic Church Extension Society of Canada. It is a brilliantly edited, well printed seventy column paper of ten pages or more each week, and under its new management has become the leading exponent of Catholic thought in Canada. Catholics should avail themselves of this extraordinarily favorable change to secure the foremost journal of their denomination.—(tf.)

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

OXOMULSION GOOD FOR BABY!

A thin, puny baby will contract every disease known to infants, for it lacks vitality to stem the tide of sickness. It needs something more than the mother's milk. Doctors know this and recommend OXOMULSION, for it contains the flesh, bone and muscle forming elements so necessary to the growing child. The formula is given with every bottle. OXOMULSION is pleasant to the taste and baby will take it as readily as it will milk. Insist upon having OXOMULSION, for no other emulsion is as good. For sale by all druggists in two sizes, 35c and \$1.00. Prepared only by The OXOMULSION CO., corner Spadina and Phoebe Streets, Toronto. If baby ails, write us for advice.
