SELECTED—Note the gray heads in any of our public audiences, the large number of men and women who are on the down grade and rapidly nearing the silent river. The fierce combat and struggle for life is nearly over quite over with them, and with dried hearts and bleeding feet they are waiting for the ambulance to gather them in. And yet we know there are many to whom grave hairs bring no regrets. They have "fought the good fight" and we are glad they are nearing home. Not for worlds would they have it otherwise. Get ready old soldiers of the grand army of life—you are about to be numbered out. Square up your accounts with the community department, polish up your uniform for the last grand review and patiently await the marching orders for home. There are many loved ones at the window watching for your coming. ADDON.

WEAK, TIRED GIRLS

Will find Health and Strength
Through Dr. Williams' Pink Pills

There is a time in the life of every girl when the strain upon her blood becomes too great; when she grows weak; has headaches and backaches; when disquieting aches and pains become extremely miserable. That is the time of life she needs a tonic—a medicine that will not fail to enrich her blood and give her strength to withstand the changes through which she is passing. Such a tonic is Dr. Williams' Pink Pills for Pale People. They have raised thousands of growing girls out of the depths of misery and despair to a full enjoyment of good health and strength. Among those who have found good health through these Pills is Miss Studdard of Hartland, Quebec, concerning whose case her mother writes as follows:—"Dr. Williams' Pink Pills have been a great benefit to my daughter who was weak and miserable. She was pale, easily tired and was bothered with indigestion. The use of the Pills has brought back her health, and made her strong and active. I am very grateful for what this wonderful medicine has done for her."

Dr. Williams' Pink Pills are the greatest blood builder known to medical science. That is why they cure anaemia, rheumatism, heart palpitation, indigestion, neuralgia, etc. That is why they are of such value to women and girls during the change through which they pass from girlhood to maturity. The Pills are sold by all medicine dealers or direct by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The largest piece of stone ever quarried in Vermont, a block of granite containing 161,000 cubic feet, has been blasted out at one of the quarries at Barre. Figuring at the current value of \$1.27 for each cubic foot, the great block is worth a little more than \$200,000. Under pressure of sixty pounds of powder the stone broke nearly square. So great is it that it will have to be broken in several pieces before it can be removed from the quarries.
