We have had some very heavy
showers. The men are busily en-
gaged haying.

matism. There is scarcely any hope
for his recovery. Dr. Folkins from
Canterbury Station, has been attend-
ing him.

George Alexander the only son of
James and Elizabeth Bustard, of Mon-
ument Settlement, died July 23rd, of
consumption, aged 23 years and
five months. He is survived by both
parents, two sisters, Mrs. Frank An-
derson and Miss Alice, living at
home; also a numerous lot of other
relatives. Rev. A. W. Teed rector of
the Anglican church attended the
funeral services. The hymns, Jesus
lover of my Soul and Nearer my God
to thee were sung at the home of de-
ceased. Prayer was offered. The
pall bearers were Ernest Anderson,
Hazen, Edward and Howard Bustard,
cousins of the deceased. About 30
teams followed the hearse to the
cemetery beside the Anglican church
where the remains were buried.

Mr. F. Litchfield, the well known
art dealer, exhibited some panels of
old tapestry at the Manchester Jub-
ilee Exhibition. Wanting one of
these returned, he wired: "Please
send panel eight by ten—Venus—
Adonis—Litchfield." The depart-
mental head of the exhibition was
away, and his clerk returned the
message to the post office as "not
understandable." The post office
people, struck with a bright idea,
then transmitted the telegram to the
City of Litchfield, and received the
following reply: "No such firm as
Venus and Adonis known here. Tr.,
Manchester."

On one occasion when a guide in
the Northern woods was accompan-
ing an amateur huntsman from a
city which shall be nameless, the
guide was so unfortunate as to be
shot in the leg by the novice.

Immediately the wounded man fell
and lay flat; whereupon the hunt-
sman ran to him in great distress, ex-
claiming:

"For Heaven's sake, man! Tell me
you are not hurt!"

"No I ain't hurt much," was the
surly response of the guide.

"Then, why don't you rise? Can't
you?"

"Oh, I can get up all right," said
the guide. "Only I was afraid you'd
let me have the other barrel."

It is related that as the famous Dr.
Johnson was driving in a carriage
through London one rainy day he
overtook a poor woman carrying a
baby, and without any protection
from the weather. Making the
driver stop, he invited the woman
to enter the carriage with her child
which she did. After she was seated
the doctor said:

"My good woman, I think it most
likely that the motion of the coach
will wake your child in a little while
and I wish you to understand that
if you talk any baby-talk to it, you
will have to get out and walk."

As the doctor anticipated, the
child soon awoke, and the forgetful
mother exclaimed to it:

"Oh, the little dear! Is he going
to open his eyesy pyay?"

"Stop the coach, driver!" shouted
Johnson; and the woman had to get
out and finish her journey on foot.

The Jews are at last in hopes that
a preliminary step towards their
final occupation of the Holy Land
is in sight. A short time ago an in-
vitation was given to the Jews, by
Ahmed Riza Bey, President of the
Turkish Chamber of Deputies, under
the new government, to create a
Jewish state in Mesopotamia. A
movement is now afoot, under the
leadership of Mr. Jacob H. Schiff,
a wealthy banker, and Mr. Israel Zang-
will, to carry out the project, and a
geographical survey commission has
been sent out by the Ica Society, to
which the late Baron de Hirsch left
\$45,000,000 for colonization purposes,
to investigate conditions. The pre-
liminary reports show that the land
is fertile, only needing irrigation
and thorough tillage to make it very
productive.

Weak Blood During Devel-

opment May Easily Cause

a Life of Suffering.

A Tonic Such as Dr. Williams' Pink

Pills is Needed to Build Up

the Blood and Give New

Strength.

At no time in her life does a girl

stand in greater need of pure red

blood and the strength which it

alone can give her, than when she is

developing into womanhood. It is

then that any inherited tendency to

anaemia or consumption needs only

the slightest encouragement to rap-
idly develop. This danger is espe-
cially threatening to girls who are
confined long hours indoors, stores,
offices and factories—girls depressed
by worry and cares. All these con-
ditions quickly impoverish the blood
and are among the most common
causes of sickness among growing
girls and young women. If at any
time a girl finds that her strength is
failing and she is becoming pale and
nervous, has no ambition and is lan-
guid, it is a certain sign that her
blood is failing to meet the demands
upon it, because it is impure and thin.

It is at a time like this that Dr.
Williams' Pink Pills are invaluable
to young women and growing girls.
They build up the blood, make it
rich, red and pure, tone the nerves
and give new health and strength to
every part of the body. They have
cured so many cases of this kind that
they may truly be called a specific
for the common diseases of girlhood.
Miss Minnie Smith, Creighton street,
Halifax, says:—"I have proved that
Dr. Williams' Pink Pills are all that
is claimed for them in cases similar
to mine. About three years ago I
suddenly began to run down. I grew
so weak that I could hardly attend
to my school studies. I suffered from
headaches, my heart would palpitate
violently at the least exertion, and
my appetite was very fickle. I tried
doctors medicine and emul-
sions, but the treatment did not help
me. Then I started taking Dr. Wil-
liams' Pink Pills and after taking
seven or eight boxes I was stronger
than ever before. I feel that I owe
my present good health to Dr. Wil-
liams' Pink Pills, and I gratefully re-
commend them to other ailing girls."

Dr. Williams' Pink Pills are sold
by all medicine dealers or will be
sent by mail at 50 cents a box or six
boxes for \$2.50 by The Dr. Williams'
Medicine Co., Brockville, Ont.

"A high financier should be some-
thing of an economist, should he
not?" "I don't think so," answered
Mr. Dustin Stax. "The object of an
economist is to see what he can get
along with; that of a high financier
is to see what he can get away with."

A tourist while travelling in the
north of Scotland, far away from
anywhere, exclaimed to one of the
natives: "Why, what do you do when
any of you are ill? You can never
get a doctor."

"Nae, sir," replied Sandy. "We've
jist to dee a natural death."

Sore Throat

Catarrh.

With the many remedies you have
tried you surely know that no liquid
medicine can cure your throat or
nose. Even a gargle only bathes the
entrance of the throat—it can't
really get inside, nor can it reach
the inflamed bronchial tubes.

With Catarrhazone, it's so different
from medicine-taking—you simply
breathe its healing vapor, inhale its
balsamic fumes, which carry cure
and relief to the minutest air cells in
the lungs, nose, throat, and bronch-
ial tubes.

In this scientific way the sore-ness
and inflammation is rapidly allayed,
relaxed cords are toned up, the en-
tire mucous membrane invigorated.
Every trace of Catarrh disappears,
the disagreeable dropping of mucus
in the throat, hawking, spitting, and
stopped-up nostrils—all these sure
signs of Catarrh and bronchitis are
permanently cured by Catarrhazone.

Recommended by the medical pro-
fession for coughs, colds, bronchitis,
sore or relaxed throat, laryngitis,
clergyman's throat, smoker's throat,
bronchial cold, weak chest, chest in-
flammation, huskiness, hoarseness,
wheeziness, loss of voice, that tick-
ling cough, old age cough, asthma,
chest pains and chest tightness
croup, whooping cough and chil-
dren's throat and chest weaknesses,
and all adult throat and lung ail-
ments.

Beware of the unscrupulous dealer
who offers you some cheap substi-
tute; insist on Catarrhazone only.
Two month's treatment, \$1, smaller,
50c; all reliable dealers, or by mail
from the Catarrhazone Co., Kingston,
Ont.

WOMEN'S WOES

Woodstock Women are Finding
Relief at Last.

It does seem that women have
more than a fair share of the aches
and pains that afflict humanity;
they must "keep up," must attend to
duties in spite of constantly aching
backs, or headaches, dizzy spells,
bearing down pains; they must
stoop over when to stop means tor-
ture. They must walk and bend and
work with racking pains, and many
aches from kidney ills. Kidneys
cause more suffering than any other
organ of the body. Keep the kidneys
well and health is easily maintained.
Head of a remedy for kidneys only
that helps and cures the kidneys and
is endorsed by people you know.

Mrs. Joseph Ralston of Grafton
near Woodstock, N. B., says: "Kid-
ney trouble has caused me to suffer
with many of its painful and annoy-
ing symptoms for over three years
and I could not find relief in any-
thing until on recommendation of
our druggist, Mr. Mair I used Booth's
Kidney Pills. The dull, nagging
pains and soreness has gone from
my back and the dizzy headaches
that had been so constant have en-
tirely disappeared. The urine has
cleared of a heavy, dark brown sedi-
ment and the kidney secretions have
been reduced to normal. My back
had been so weak and painful that I
would often have to neglect my
housework and I would be unable to
get up from a chair with supporting
myself. I used two boxes of Booth's
Kidney Pills and I feel like a new
person. I sleep well and I awake
refreshed. I can credit this to
Booth's Kidney Pills and I am glad
to recommend them as an ideal kid-
ney remedy." Sold by Dealers. Price
50 cents. The R. T. Booth Co., Ltd.,
Fort Erie, Ont., Sole Canadian
Agents.

The POOR MAN'S FRIEND.—Put up in
small bottles that are easily portable and
sold for a very small sum. Dr. Thomas'
Electric Oil possesses more power in con-
centrated form than one hundred times the
quantity of many unguents. Its cheapness
and the varied uses to which it can be put
make it the poor man's friend. No dealer's
stock is complete without it.

Mexico needs little sympathy on
account of being "barbaric." Dario
Gonzales, a millionaire, who was con-
victed of murdering his brother-in-
law, has been sentenced to death,
and had his sentence confirmed, de-
spite great efforts and his wealth,
prominence and popularity. In ad-
dition, the court decreed that the
estate of Gonzales should pay \$200,-
000 to the widow of the murdered
man. How different it would prob-
ably have been in "enlightened"
America, where Gonzales might per-
haps have been sentenced to three
years' imprisonment and pardoned
out after six months—if he had not
got clear altogether on the ground
of "brain storm."
