

## SCRAPING THE STOMACH

Dangerous and Painful Operation  
Avoided by Taking "Fruit-a-tives."

Guelph, Ont., Aug. 6, 1908.

I suffered for many months with dreadful Stomach Trouble, with vomiting and constant pain, and I could retain practically nothing.

My doctor stated that I must go to the hospital and undergo an operation of scraping the stomach and be fed by the bowels for weeks. All the medicine the doctor gave me I vomited at once. I was dreadfully alarmed, but I dreaded an operation and had refused.

I had heard of "Fruit-a-tives" and the great success they were having in all Stomach Troubles, and I decided to try them. To my surprise, the "Fruit-a-tives" not only remained on the stomach, but they also checked the vomiting. I immediately began to improve, and in three days the pain was easier and I was decidedly better. I continued to take "Fruit-a-tives" and they completely cured me.

Mrs. Austin Hainstock.  
"Fruit-a-tives" are 50c a box, 6 boxes for \$2.50, trial box 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

### No Summer Vacation

We would greatly enjoy one, but as many of our students are from long distances, and anxious to be ready for situations as soon as possible, our classes will be continued without interruption.

Then, St. John's cool summer weather makes study as pleasant during the warmest months as at any other time. Students can enter at any time. Catalogues to any address.

ST. JOHN'S COLLEGE

S. Kerr,  
Principal.

### The Carleton Sentinel.

Beginning with its issue of July 2nd, our esteemed contemporary, The Carleton Sentinel of Woodstock, has added an extra column to each page and made the columns longer. It is now a seven column journal. Our contemporary is one of the best weekly papers published in this province, as well as the oldest and largest. The first number of the Sentinel appeared in 1848.—St. John Monitor.

### Thaw not yet Thawed.

Harry Thaw is going to have another legal inquiry into his sanity. The Thaw money is apparently not quite all thawed out yet. If he were in this country stern justice would have been meted out to him mighty quick after he committed the shooting.

Intending to visit a small village in Scotland, Archbishop Tait arranged to have his letters addressed to the local postoffice, which happened to be also the hamlet's general store. On the day of his arrival the prelate entered the shop and made inquiry if there was anything for the archbishop of Canterbury.

"Maybe you'll be that purser yerself?" the storekeeper suggested, without replying to the archbishop's question.

"Quite right," said Dr. Tait; "I am 'Weel,'" added the tradesman, "I have a son in a shop in London, and he told me he aince gae'd to St. Paul's cathedral to hear ye preach, and he was verra weel satisfied wi' ye!"—London Home Journal.

The most impressive exhibit on the grounds at the Seattle World's Fair is the miracle painting "In the Shadow of the Cross," by Henry Hammond Ahl. It is to be seen in the Swedish building. The picture is of Christ and the outlines of the figure and the cross may be distinctly seen in the darkness. So right is the light radiating from this picture that a photograph has been made of the picture by this light.

### Pneumonia's Race —with Consumptive.

These Two Diseases Now Down Annually Ten Times More than War and Famine Combined.

At this season, of the two evils pneumonia is most to be feared. It develops quickly and if not taken in time leaves the patient but a slim chance for his life. Look out for the little cold, don't let it run on—keep it from developing into either pneumonia or consumption.

Who knows of the real trusty remedy that can be relied on to cure colds as quickly as Nerviline, it is impossible to find anything that draws out inflammation, eases that tight, congested feeling, give such sure relief as Nerviline. Why for fifty years in thousands of homes no other medicine is even kept. "Sometimes I hurried off to work without an overcoat," writes Mr. C. C. Hinkley, of New London, "and as a consequence caught severe chills. I neglected the cold that was tightening around me and finally La Grippe held me in its grip and I was taken to bed as helpless as a child. I feared pneumonia most, but fortunately I had lots of Nerviline in the house. When it was well rubbed into my chest, a hard, tearing cough loosened up. I used Nerviline as a gargle and got ease in my throat in a few hours. Every four hours I took half a teaspoonful of Nerviline in hot sweetened water to break up the fever and chills. My chest felt weak and tender after this attack and for several weeks I wore a Nerviline Porous Plaster which strengthened my chest and prevented a relapse.

"I can recommend Nerviline as the best and only cure for coughs, colds, tight chest, eczema and rheumatic pains."

Don't be misled into taking anything but "NERVILINE," fifty years success stands behind it. Large 25c bottles at all dealers.

### Several of Them.

"If your son asked for bread, would you give him a stone?"  
"No, but I might if he asked for a piece of cherry pie."

### HARD, SOFT OR BLEEDING.

No matter what kind or where located, any corn is promptly cured by Putnam's Corn Exterminator; being purely vegetable it causes no pain. Guarantee with every bottle of "Putnam's." Use no other.

Dysentery corrodes the intestines and speedsily eats away the lining, bringing about dangerous conditions that may cause death. Dr. J. D. Kellogg's Dysentery Cordial clears the intestinal canals of the germs that cause the inflammation, and by protecting the lining from further ravages restores them to healthy condition. Those subject to dysentery should not be without this simple yet powerful remedy.

Wise mothers who know the virtues of Mother Graves' Worm Exterminator always have it at hand, because it proves its value.

### Most Canadians Have Catarrh Our Changeable Climate is Responsible.

Where the atmosphere is damp, with sudden changes of temperature, almost everybody has Catarrh, in some form or other. The ordinary cold in the head inflames and weakens the membranes lining the nose and throat, and starts a discharge. The next cold is more easily caught, and the patient is never quite free of it.

As Catarrh develops the discharge increases—drops into the throat, especially at night—and there on an offensive odor. Besides being exceedingly disagreeable, there is great danger of the disease extending to the lungs, stomach, or bowels. Though it is very difficult to cure, Father Morrice devised a combined internal and external treatment that has cured thousands. The Tablets tone up and invigorate the system, and assist Nature in throwing off the disease, while the saline, applied up the nostrils, clears out the discharge and heals the membranes. Combined treatment, see at your dealer's, or from Father Morrice Medicine Co., Ltd., Chatham, N.B.

The beneficial effect of iron upon the system weakened through illness, overwork or anemia, is well known. Ferrovium is a preparation which supplies the valuable element in the most efficient way, combining with it the nourishing qualities of beef and the mildly stimulative effect of sherry wine. Ferrovium costs \$1.00 a bottle at druggists.

"The D.L." MENTHOL PLASTER  
FOR BACKACHE, SCIATICA, PLEURISY, STITCHES, CRICKS, NEURALGIA, RHEUMATISM  
Each 25c. in air-tight tin box; yard rolls \$1.00, can be cut to any size.  
Beware of worthless imitations.  
DAVIS & LAWRENCE CO., Montreal.

### GEORGIA LETTER.

July 21st, 1909.  
DEAR SENTINEL,—I was glad to see you in your new and larger dress. Let me congratulate you and compliment you on the fact that you have for Editor a Mr. MacLauchlan I suppose this is a descendant of the old Editor of the Sentinel who ran the paper so well and successfully during the years between 1848 and 1855, if my memory serves me right. Now if I am correct in my suppositions, I have no doubt but he will make a success of the old Sentinel, a friend I have always been glad to see and read for over 60 years. And to-day it takes the first place in my spare moments for reading. I see in the last issue on page 4 first column, an article that has the right ring, a well deserved criticism on what I consider one of the lowest down acts a person with human form is capable of doing, causing a child to become drunk. The writer's language is strong and to the point. How I admire his courage and ability to so fearlessly expose such a deed. I hope that article will wake up the officials to a more vigilant execution of your laws, as far as possible to suppress and if possible close these dens of iniquity. When will the old Town of Woodstock be freed from this class of humanity? I well remember in the early fifties in your town there existed a class of just such people as referred to in this article. In the early fifties there lived at the Lower Corner a man and his family by the name of Caleb Longee. They had two little boys. The oldest one a lad of about 6 years old, a boy noted for his ability to walk on his hands, he could walk all around your streets and sidewalks on his hands. He was the pet of the town. Well one day some demon or demon's in human form alured this child into a den of this sort, and made him so drunk that when his sad father brought him home, his body was as limpy and as helpless as a wet dishrag. It was one of the worst sights I ever saw. I don't

### Wire Wounds.

My mare, a very valuable one, was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINIMENT, diluted at first, then stronger as the sores began to look better, until after three weeks, the sores have healed and best of all the hair is growing well, and is NOT WHITE as is most always the case in horse wounds.  
Weymouth

THE FEAR OF INDIGESTION.—Indigestion is a common ailment and few are free from it. It is a most distressing complaint and often the suffering attending it is most severe. The very best remedy is Parmentier's Vegetable Pills taken according to directions. They rectify the irregular action of the stomach and restore healthy action. For many years they have been a standard remedy for dyspepsia and indigestion and are highly esteemed for their qualities.

### Want to be strong?

Eat more Quaker Oats. Eat it for breakfast every day. This advice is coming from all sides as a result of recent experiments on foods to determine which are the best for strength and endurance. It has been proved that eaters of Quaker Oats and such cereals are far superior in strength and endurance to those who rely upon the usual diet of heavy, greasy foods.

When all is said and done on the cereal food question, the fact remains that for economy and for results in health and strength, Quaker Oats stands first of all. It is the most popular food in the world among the foods sold in packages. It's worth a trip to Peterborough to see these great mills.

Put up in two sizes, the regular package and the large family size, which is more convenient for those who do not live in town. The large package contains a piece of handsome china for the table.

know what ever became of this boy. His younger brother was drowned at Smith's Cove about that time. He was playing with some of his mates on the bank of the river, and was accidentally drowned. The father was a noted singer, and a good and useful man, and one I admired. It may be that a few people living in your town may remember something of what I have written, but most of them have passed out. I read in your last number the death in Houlton of Mr. O. M. Foster aged seventy-six years. I used to know and love a young man near my age by the name of Foster his father's name was Moses and his mother Sallie Foster. He had an older brother by the name of Sam. He also had several sisters, all fine handsome women, one or two of them married Ganougs, also fine men. His father was a very popular cooper by trade, a good mechanic. His mother a very stern resolute woman, and a noble Christian character. Somehow I always associated him in my own mind with Absalom who was hung by the hair of the head, in the boughs of the oak tree. He was such a fine specimen of a man I well remember what he said to me once that I have never forgotten. It was one 12th of July a noted day in Woodstock, I came in from my country home, a green country, boy to see the sights of the city. The weather being hot as in the case on almost every 12th of July, a lot of boys and young men of the town went in the creek bathing, and I went a little later to witness the display, and as I approached he said to me, come in with us, but as I could not swim I declined. He said if you don't we will duck you. This caused a little uneasiness in my inexperienced mind, as I did not know what they might do with me should they get a hold of me so I very quietly slipped away. I see you have very recently laid the corner stone of the long talked of Court house. That was the first I had seen mentioned about it for some time. I had been thinking that perhaps its walls were being pushed skyward almost to completion by this time. But large enterprises move slow sometimes. Our section has a fine prospect for corn and cotton, but excess of rain has put cultivation much behind. But the last few days of sunshine has helped the farmers to get the upper-hand of the grass, but strange to say sections of our own county has and is suffering for rain. The bulk of the Peach crop has been shipped. The shipment of melons is very large. Cotton is bringing a good price now. Lucky for him who has it to sell. Three cheers for the old liberal party and the old Sentinel.

E. T. MALLORY.

F. M. DOUCET.

For many years they have been a standard remedy for dyspepsia and indigestion and are highly esteemed for their qualities.

### Another "Sunshine" Feature

This is an entirely new idea, and will especially interest people who reside in natural gas districts. The gas ring takes the place of the lower Sunshine fire-pot, thus making it possible to burn gas in your furnace without inconvenience. Such is not possible in a furnace where the ordinary gas log is inserted; for, should the gas give out, a coal or wood fire could not be started until the gas pipes were disconnected.

To provide against sweating in the summer time, Sunshine Furnace is equipped with a nickel-plated steel radiator and dome. All bolts and rivets are nickel-plated, all rods copper-plated. This special treatment, besides meaning quicker and greater radiation from the radiator and dome than cold chill iron could possibly give, acts as protection for the bolts, rivets and rods from inroads of gas. When cast iron comes in contact with our nickel-plated steel it is coated with our special Anti-Rust treatment, which prevents the slightest possibility of rust commencing anywhere in Sunshine Furnace.

### The Gas Ring

## Parchment Butter Paper for sale at this office.

I'll Explain Why  
I Always Drive a  
**GENDRON**

"You see the breaking of the springs causes us baby drivers more trouble than any other weakness in carriage cars. But there is no spring weakness in the GENDRON car. Note that double curve. It is exclusive with the GENDRON. It so distributes the strain that the spring never breaks. And then the wheels,—you see they are specially welded, and cannot warp or break. Note also that little rubber cap over the nut of the axle. Sometimes when I have a restless passenger, I want to drive the car around the house without scratching the furniture—it is a little point, but a good one. The materials for all the GENDRON cars are the very best in the bodies, tops and every other part. There is style and service in every GENDRON model—Canadian made, so that any unexpected accident can be easily remedied."

### A Prized Cough Cure

"I have not been without a bottle of Coltsfoot's Expectorant in the house for over nine years. At that time I procured it for a bad cold I had. It worked such wonders then that it has been a household remedy ever since, and we will have no other for coughs and colds—it is so pleasant to take, and all of my children look for it as soon as they get a cold at all. Nearly all of them have been subject to croup, and that's when I find Coltsfoot's Expectorant useful. You are welcome to use this testimonial as you wish."

MRS. LEWIS NIGH.

### Free Sample of Coltsfoot's Expectorant

will be sent to any person sending their name and address and naming this paper. It has established a wonderful record as a successful cure for coughs, colds, sore throat, croup, whooping cough, bronchitis and all irritated conditions of the throat and chest. It is the prescription of a great specialist in medicine. At all good druggists, 25c. Dr. T. A. Slocum, Limited, Toronto. Send for Free Sample To-day.
