

Take Father Morrissey's "No. 10" (Lung Tonic) And Be Sure

that it will cure your cough, cold or lung troubles. It is the very same medicine which the priest-physician himself prescribed so often and so successfully during his lifetime, and thousands are the cases it has cured.

Take it—or give it to the children—with confidence, because it is absolutely free from opium, morphine or any other harmful drug. Many cough medicines are loaded with these dangerous ingredients, but Father Morrissey would not use anything that was not perfectly safe even for a baby.

"No. 10" contains nothing but Nature's own remedies—Herbs, Roots and Balsams—combined as only Father Morrissey knew how to combine them. Keep a bottle in the house as a safeguard against all troubles of throat and lungs.

Trial size 25c. per bottle. Regular size 50c.

At your dealer's.

"Say, do you know where you got off?"

"No, and I don't care. That ain't what is puzzlin' me."

"Well, what is it?"

"How do I get on?"

A POWER OF ITS OWN.—Dr. Thomas' Ecodic Oil has a subtle power of its own that other oils cannot pretend to, though there are many pretenders. All who have used it know this and keep it by them as the most valuable liniment available. Its uses are innumerable and for many years it has been prized as the leading liniment for man and beast.

"How did the Court pop the question?"

"How do I know?" snapped the petulant heiress. "I couldn't be present when our attorneys met."

Leave your orders for covered buttons at the new store of Jas S McManus which will receive prompt attention.

So popular is Bickle's Anti-Consumptive Syrup as a medicine in the treatment of colds and coughs or ailments of the throat, due to exposure, to draughts, or sudden changes of temperature, that druggists and all dealers in patent medicine keep supplies on hand to meet the demand. It is pleasant to take, and the use of it guarantees freedom from throat and lung disease.

"There is one subject on which it is difficult to keep up interest."

"What particular subject is that on which it is difficult to keep up an interest?"

"The mortgage on my house."

Worms sap the strength and undermine the vitality of children. Strengthen them by using Mother Graves' Worm Expeller to drive out the parasites.

To whom it may concern: This is to certify that I have used MINARD'S LINIMENT myself as well as prescribed it in my practice where a liniment was required and have never failed to get the desired effect.

A Woman's Sympathy
Are you discouraged? Is your doctor's bill a heavy burden? Do you know what these mean to delicate women—I have been discouraged, too, but learned how to cure myself. I want to relieve your burdens. Why not end the pain and stop the doctor's bill? I can do this for you and will if you will assist me.

All you need do is to write for a free box of the remedy which has been placed in my hands to be given away. Perhaps this one box will cure you—it has done so for others. If so, I shall be happy and you will be cured for 2c (the cost of a postage stamp). Your letters held confidentially. Write to-day for my free treatment. MRS. E. E. CURRAN, Windsor, Ont.

Meets 2nd and 4th Saturday.

NEW STRENGTH IN THE SPRING

Nature Needs Aid in Making New, Health-Giving Blood.

In the spring the system needs toning up. In the spring to be healthy and strong you must have new blood, just as the trees must have new sap. Nature demands it and without this new blood you will feel weak and languid. You may have twinges of rheumatism or the sharp stabbing pains of neuralgia. Often there are disfiguring pimples or eruptions on the skin. In other cases there is merely a feeling of tiredness, and a variable appetite. Any of these are signs that the blood is out of order—that the indoor life of winter has told upon you. What is needed to put you right is a tonic and in all the world there is no tonic can equal Dr Williams' Pink Pills. These Pills actually make new, rich, red blood—your greatest need in spring. This new blood drives out disease, clears the skin and makes weak, easily tired men and women and children bright, active and strong. Mrs J C Moses, Branton, N.S., says:—"Last spring my daughter was completely run down, she was very pale, had no appetite, and became very nervous, and we were alarmed about her. We decided to give her Dr Williams' Pink Pills and soon after she began taking them there was a decided improvement. She gained in weight and vigor, her color returned, and her whole system seemed to have been built anew. I can warmly recommend Dr Williams' Pink Pills to all who need a medicine."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr Williams' Medicine Co., Brockville, Ont.

Mr R D Hanson, has been appointed by the Board of Education Inspector of Schools for York, Queens and Sunbury. He succeeds the late Mr D T Mitchell.

RHEUMATISM RECIPES.

A well-known authority on Rheumatism gives the following valuable, though simple and harmless, prescription, which any one can easily prepare at home:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Mix by shaking well in a bottle, and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and, being of vegetable extraction, are harmless to take.

This pleasant mixture, if taken regularly for a few days, is said to overcome almost any case of Rheumatism. The pain and swelling, if any, diminishes with each dose, until permanent results are obtained, and without injuring the stomach.

While there are many so-called Rheumatism remedies, patent medicines, etc., some of which do give relief, few really give permanent results, and the above will, no doubt, be greatly appreciated by many sufferers here at this time.

Inquiry at the drug stores of this neighborhood elicits the information that these drugs are harmless and can be bought separately, or the druggist here will mix the prescription for our readers if asked to.

Minard's Liniment Cures Colds, etc.

Letters to the Editor.

The Editor of the SENTINEL does not assume responsibility for any statements made in the letters of correspondents.

To The Editor of the Sentinel:

It is in compliance with numerous requests that I write this article, respecting British Columbia fruit farms, and the reason why I have selected a fruit farm in the Kootenays in preference to any other district. Perhaps the thing that first set me thinking about securing a fruit farm in B.C. was a remark made by a friend of mine at a small social gathering in Winnipeg. We had invited a dozen intimate friends to spend the evening, and when the time for separating came one of them remarked, "What a pity it is that friends must be separated. I suppose that within five years we will all be scattered and will never see each other again. I wish there was some place where we could all settle a few years from now and be together the rest of our lives." Instantly another asked, "What is the matter with a Fruit farm for each of us in B.C.?"

That is how it began. When I resigned my church in Winnipeg in June, it was agreed that I should go West and find a suitable place in which we could each buy a small fruit farm.

I travelled through Idaho, Oregon and Washington States looking over some of the finest fruit sections of the United States. I saw some magnificent orchards, but the land must all be irrigated, an operation that costs an enormous amount of money and is never quite satisfactory; neither is the fruit grown upon irrigated land.

The Hood River strawberries are famous throughout the world, but they are in no respect superior to those which I have seen along Arrow Lake where land can be bought at one quarter of what it cost in the Hood River district.

I then came into Canada via Spokane, and in my tour of inspection, visited Trail, Nelson, East Kootenay, Creston, Boundary District, and the Okanagan, after which I took the stream "Rossland" for a sail up the Arrow Lakes, which, with the exception of the Whatehan Lakes and the finest bodies of water I have ever seen. The grandeur and wild profusion of the scenery, the abundance and almost tropical luxuriance of the native vines and wild flowers, the smiling orchards which fringe each side of the lakes, charm the eye, and deceive the traveller into believing that he has entered the enchanted gardens of Dreamland. One can easily appreciate the infatuation of Mr W R Hearst when he said, "I have seen the most beautiful lakes of Italy and Switzerland, but I have never seen anything finer than the Arrow Lakes."

Landing at the "Needles" I walked out a mile into the Whatehan Valley, and here I found what I had been looking for, and what I had been told could not be found in B.C. Several thousand acres of first class fruit land practically as level as a floor and which having been recently swept by heavy fires can be cleared at very small cost. It was a case of "love at first sight." I had found a suitable place at last, where myself and as many friends as cared to so could live amid orchards and grapes and flowering vines.

Fruit growing in this district is still in its infancy but has long since passed the experimental stage. A number of intelligent and prosperous farmers are growing fruit here that not only winning prizes at the local exhibitions but has won the highest awards in the great Fairs at Spokane and London. Mr Fauquier sent 23 exhibits to the Nelson Fair and won 20 prizes. I saw these prizes three weeks ago in Mr Fauquier's own home at Needles.

At the recent exhibition of the Royal Horticultural Society in London, Eng, the silver Banksian Medal was awarded to Kootenay District for its exhibit.

The fruit of Kootenay has called forth unqualified praise from all who have visited her orchard during the fruiting season.

Richard Grigg, British Trade Commissioner, said, "I never saw such magnificent fruit, nor trees of a form so nearly perfect as in the Kootenay."

Dr Fletcher, of Ottawa, said, "I have again visited a large number of your bearing orchards, some of which have been bearing for many years, and I have made a most careful inspection of trees and fruit, and my judgment is that you have here a combination of soil and climate which enables you to grow all kinds of fruit, which for quality and quantity cannot be excelled on this continent."

Professor Mills, of Guelph Agricultural College, said, "I have never seen anything finer than the fruit of the Kootenay District. You have a fruit country unsurpassed by anything in the Dominion."

A McNeill, Chief of the Dominion Fruit Division at Ottawa, said, "The only Province of Canada that can produce apples of the fancy class is British Columbia, and I have come to the conclusion that the only district, even in British Columbia, that can produce it is the Kootenay. The soil and climate are wonderful, unequalled anywhere in Canada."

Earl Grey, Governor-General of Canada, said, "What I have seen and learned of your fruit industry has inclined me to believe that, rich as are the separate streams of wealth that flow from your minerals, your timbers and your fisheries, their joint and mighty volume will be inferior to the streams of national wealth, of domestic contentment, which is one day destined to grow out of the orchards of British Columbia."

Since the above words were spoken Lord Howick, son of Earl Grey, has purchased a tract of land in the Kootenay District, and is bringing it under cultivation for fruit growing.

The profile of a Kootenay orchard almost surpasses belief. I have a photograph of a five year old Northern Spy tree on Fauquier's ranch that this year produced eight boxes of apples which sold for \$3.00 per box. A Northern Spy tree in Ontario or Nova Scotia requires from ten to

Synopsis of Canadian Northwest Land Regulations.

ANY person who is the sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre. Duties.—Must reside six months in each of six years from date of homesteaded entry (including the required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$30.00.

W. W. CORY,

Deputy of the Minister of the Interior.
