My ... years
old, was sick with fever
last June, and when he got
better the doctor prescribed
Scott's Emulsion, and he
liked it so well that he drank
it out of the bottle, and is
now just as plump and strong
as any child of his age any-
where ... two bottles fixed
him OK."—MR. JOHN F.
TEDDER, Box 263, Teague-
Freestone Co., Texas.

**SCOTT'S
EMULSION**
is the greatest help for babies
and young children there is.
It just fits their need; it just
suits their delicate, sensitive
natures; they thrive on it. Just
a little does them so much
good and saves you so much
worry. You owe it to them
and yourself to make them as
strong and healthy as possible.
Scott's Emulsion will help
you better than anything else;
but be sure to get Scott's.
It's the best, and there are so
many worthless imitations.

fifteen years to come into bearing.
He was offered \$25.00 per tree for
the fruit on his Gravenstines before
they were picked, but he refused
the offer, picked the apples himself
and netted 30.00 from each tree.
Each one of these trees will give as
much profit as an acre of the finest
wheat land on the prairie, and there
are 130 of these trees to the acre, be-
sides an equal number of pear, plum,
prune, cherry and peach trees which
are put in as "fillers"! Strawberries
can be cultivated between the rows
of trees and will net from \$500.00 to
\$800.00 per acre. I picked straw-
berries at Needles June 17th that
measured nine inches in circumfer-

ence.
In conversation with Mr. Fauquier
a month ago he told me that he had
not sold a box of Northern Spy ap-
ples this year for less than \$3.00, and
that the lowest price he had receiv-
ed for any apples whatever was \$1.75
per box of forty pounds. He took
two and a half tons of tomatoes from
a quarter of an acre and sold them
for \$1.50 per crate. He sold 700.00
worth of celery this last summer. I
visited Mr. Gibbert's farm at Needles
and he pointed out to me an acre of
land from which he had taken ten
tons of potatoes without using any
fertilizer of any kind. He told me
that some of his potatoes would
weigh three pounds each.

I saw a ten acre apple orchard
near Trail, situated on the steep
side of a mountain, with soil very
rocky and land very uneven for
which the owner refused \$10,000.00.
His reply to my question as to why
he had refused \$10,000.00 for his
small orchard was suggestive—"I
take five thousand dollars a year
for it. In two years I will get my
\$10,000.00 and have my orchard be-
sides. Why should I sell it for
\$10,000.00.

The market for B C fruit cannot be
surpassed. The orchards cannot
supply the local market. I paid ten
cents per pound for apples at Nelson
and they were very inferior apples
at that having been imported from
the U.S. I was told by the Nelson
Board of Trade that 6000 tons of
fruit were shipped to B C from the
U.S. during the past year. Only 5
per cent B C land can be brought
into cultivation and not more than
2 per cent of it is suitable for fruit
culture, and although hundreds of
thousands of fruit trees will be sent
out this year, the supply of fruit
cannot equal the demand made by
the numerous mining towns the
springs up all over B C, the giant
lumbering camps and the thou-
sands of settlers who are constantly
pouring into the country.

Should the local market ever be-
come overstocked, then just on the
other side of the "Gates of the Rock-
ies," begins that great wheat farm,
1500 miles long and 1200 miles wide,
on whose fertile divisions a great
host of industries and hopeful farm-
ers are raising the golden wheat
that is to feed the hungry mouths
of three continents and all Canada
coffers with yellow gold. J. J. Hill
the Railroad wizard, says that in
fifty millions and he is running his
railroad straight through the heart
of Winnipeg, houses and churches
and factories, and hope, and reg-
moved or laid down, to make way
for the great steam monsters, the
heralds of another great system that
is to tie with long threads of steel,
the Queen City of the Prairie, with
Vancouver by the sea. J. J. Hill is a
prophet. He has had his vision. He
has seen Canada as she is to be, the
home of teeming millions of happy,
wealthy and industrious people, and
he is spending liberally of his vast
wealth to lay down the lines of travel
and of traffic for these coming multi-
tudes.

Two per cent of the land of B C,
must supply fruit for all these. The
overstocking of the fruit market is a
problem that will never confront the
farmer of B C.

One wrong ought to be righted.
The transportation companies will
carry a man from Germany or Nor-
way or any part of eastern Europe,
into B C as cheaply if not cheaper
than they will carry a man from the
Maritime Provinces and as a result
foreigners are flocking into Western
Canada and getting the very cream
of our country whilst Canada's own
sons are on stoney and unproductive
soil, and through a winter six months
long, trying to eke out a scanty sub-
sistence. I wish our railroads would
give the people of these Eastern
Provinces the opportunity to see, at
a reasonable cost, the great reg-
offertine wheat and fruit lands which
a beneficent Father has bequeathed
to them.

I had two purposes in visiting B C
this winter. One was to visit some
of the best fruit lands of the coun-
try and the other to get my own farm
of 15 acres which is situated in the
fertile and beautiful Whalan Valley,
cleared of trees so that I can
set out my orchard in the coming
spring.

From being a colony of six Winni-
peg friends the number has grown
until now there are between thirty
and forty families of us most of them
being from the Maritime Province
and the number is steadily growing
until now it looks almost as if it
would soon number up into the hun-
dreds. There is room enough in the
Whalan Valley, for almost four
hundred families, and when the land
is all in fruit and dotted with neat
and comfortable homes, it will be
the most beautiful spot on Gods
green earth.

East Newbridge
As I have not seen any news from
this place for some time I thought I
would write a few lines.

I think that Morgue and Jackie
are going to take up their abode in
this place the way things look.

David Bagley and family passed
through this place on Saturday, en-
route for Central Waterville.

D M was in to the city Saturday,
and according to report came pretty
near not getting home.

William Brown, who has been
working in the woods for Herbert
Tompkins of South Newbridge came
out Saturday. I guess he was mov-
ing for he had his pack on his back.
The black horse didn't get to M D
Sunday. I wonder why?

Mr and Mrs Owens McCarty and
family were visiting friends in Clark-
ville, Sunday.

There were two you g men of this
place got disappointed in their visit
Sunday, what happened boys?

There was a certain person walked
from Clarkville Friday night, where
was Harry? The man with sorrel
horse and yellow pung was never
seen on the road but once, don't get
discouraged Bill, faint heart never
won fair, lady.

R L makes frequent trips down the
road. I wonder why?

A certain young man from across
the swamp makes frequent trips to
the Ridge.

J M is taking a housekeeper to him-
self. Wonder who will be the happy
lass.

A man and his intended from
South Newbridge drove through this
place on the 21st. I wonder if he
will get a shave before he takes her.

May Hamilton from West Water-
ville is working at Stephen Clark's.

Austin Turner a resident of this
place has left and gone out West to
Fall Brook, and is employed there
with the Woodstock Lumber Co.

Balsamic Essences

Make Wonderful Cures for
Catarrh, Colds, Bronchitis
Throat Weakness.

To cure an ailment in the throat or
chest, to rout out Catarrh or Asthma,
it is essential that the medicine be
conveyed direct to the affected parts.
This is why no other remedy has
achieved such world-wide success as
Catarrhzone, which alone can be
breathed in one second to every air
cell in the breathing organs. The
healing vapors of Catarrhzone, mix
with the breath and descend
through the throat, down the bron-
chial tubes, to the deepest air cells
in the lungs—all parts are saturated
with the rich piney essences that
ease, heal and cure.

Catarrhzone has entirely displac-
ed the old-fashioned remedies, such
as cough syrups, sprays, tablets, and
sedative powders. It contains none
of the opium, chloral and drowsy
narcotics, so commonly found in
liquid cough and catarrh remedies.

The extraordinary curative power
of Catarrhzone is well explained in
a letter from A B Cowan, the well
known restaurateur of Carleton, who
writes: "Some time ago I suffered
severely from a frightful cold in the
head and chest. It was nothing but
one continual cough, hawk, headache
from morning till night. My nose
and throat were so completely stuff-
ed up that I could scarcely breath.
Catarrhzone eased the cough in-
stantly, that would not yield even to
the doctor's medicines. Hour by
hour Catarrhzone relieved and by
pursuing its treatment I have been
permanently cured of all trace of
Asthma, Catarrh and Bronchial
Irritation."

Once you try Catarrhzone you'll
realize how indispensable it is—the
large dollar size contains an indis-
crutable hard rubber inhaler and
sufficient medication to last two
months. Smaller trial size 25c and
50c. Beware of the substituter and
imitators of Catarrhzone—use the
genuine and you'll get cured. By
mail from the Catarrhzone Com-
pany, Kingston, Ont.

HUMOR OF THE HOUR.

"While hunting in the woods I go
on the track of a black bear, which
I shot five times before he dropped!"
"A hard one to kill, eh?"

"Yes. Even after he dropped life-
less he was dead, game!"—The
Bohemian Magazine for March.

She—I married my first husband
for money and my second for love.
He—and were you happy?

She—No; unfortunately my first
husband married me for love and my
second for money.—Boston Trans-
cript.

"I hear you're on a New York
paper?"

"Yes; I'm its crime commissioner."
Louisville Courier Journal.

Tickling in the Throat

"Just a little tickling in the throat!" Is that what troubles
you? But it hangs on! Can't get rid of it! Home rem-
edies don't take hold. You need something stronger—a
regular medicine, a doctor's medicine. Ayer's Cherry
Pectoral contains healing, quieting, and soothing prop-
erties of the highest order. Ask your doctor about this.
No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass.

Constipation positively prevents good health. Then why allow it to continue? An active
liver is a great preventive of disease. Ayer's Pills are liver pills. What does your doctor say?

CUTS BURNS & SKIN INJURIES

Zam-Buk is used by eminent
doctors in serious cases, is applied
to the gravest cases of eczema
and blood-poisoning, and is widely
used in the Army and Navy. BUT,
Zam-Buk is just as useful for cuts,
burns, and bruises, sustained by the house-
wife in the kitchen, as for the serious wounds
sustained by the soldier!
Children, too, like Zam-Buk, because it stops
the smarting of a cut, or burn, or scratch, so quickly.
Zam-Buk combines the "Doctor" and the "Insurance Co."
Applied to a cut, a barbed-wire scratch, or a wound filled
with dirt or dye, it kills all the poison and disease germs, and
"insures" you against all danger from blood-poisoning. At
the same time, it stimulates the cells to rapid action, and
heals the injury in quick time.
Zam-Buk cures eczema, scalp-sores, ringworm, eruptions,
festered sores, blood-poisoning, open wounds, boils, abscesses,
varicose ulcers, and all diseases of the skin and tissue.

All Druggists and Stores sell at 50c. box, three for \$1.25, or post-free from
Zam-Buk Co., Toronto, upon receipt of price.
