### Seeing is Believing

Mrs G. C. Mills of Robinson, Me. has been to several opticians for defective sight. They could get no vision from the right eye and she was obliged to go to a Montreal Hospital where for three weeks she was treated by the celebrated eye specialist, Dr. Buller. He told her she would never have any use of that defective eye. Mr. Vail, however, by means of his marvelous discovery fitted her with glasses that developed that eye to perfect sight.

Mr. Vail has been in optical work and research for the past ten years. Two years ago he graduated from the Canadian Optical Institute, at Montreal receiving therefrom a first class diploma. Of late he has been in deep research along new lines and has discovered means by which many ordinarily hopeless cases can be successfully restored to perfect vision. He is pleased to examine your eyes free of charge.

He also duplicates all kinds of lenses.

Eleven-Year-Old Hunter Shot  
Dead by His Own Gun.

Monkton, Vt., Nov. 19.—Olayton Douglas, the eleven year old son of Frank Douglas, of Monkton, is the latest victim of the New England hunting season. While he and Dewey Devoid, another lad, were looking for game, Douglas' rifle was accidentally discharged, the bullet penetrating the chest and later causing death.

The OIL FOR THE ATHLETE.—In rubbing down the athlete can find nothing finer than Dr. Thomas' Electric Oil. It renders the muscles and sinews pliable, takes the soreness out of them and strengthens them for the strains that may be put upon them. It stands pre eminent for this purpose, and athletes who for years have been using it can testify to its value as a lubricant.

### CROPS.

Ottawa, Nov. 12.

The Census Office gives out to-day a statement on the root, seed and fodder crops of Canada for the month of October, together with their values as reported by the regular correspondents.

The yield of potatoes is 99,087,000 bushels, which is 22,697,000 bushels more than last year. Turnips are reported at 107,724,000 bushels, being 5,476,000 bushels more than last year. The hay and clover crop is 427,000 tons more than last year, its total yield being 11,877,000 tons. Fodder corn shows a decrease of 149,000 tons, the crop being 2,780,000 tons.

The average condition of potatoes over Canada is 93.98 per cent, of turnips and other roots 91.64 per cent, of hay and clover 88.68 per cent, and of fodder corn 90.80 per cent.

The total value of the four crops is \$202,473,709, as against \$186,695,000 last year. Price Edward Island is credited with \$5,748,500, or 2.83 per cent of the total; Nova Scotia with \$18,741,300, or 9.25 per cent; New Brunswick with \$13,497,900, or 6.61 per cent; Quebec with \$59,952,000, or 29.69 per cent; Ontario with \$97,475,000, or 48.15 per cent; Manitoba with \$2,886,500 or 1.42 per cent; Saskatchewan with \$1,896,500 or 0.93 per cent and Alberta with \$2,276,000 or 1.12 per cent. The value of hay and clover alone is \$132,287,000, being \$10,403,000 more than last year.

The potato rot has done much harm in the Maritime provinces as a consequence of the heavy fall rains; but in Quebec and Ontario the yield and quality rank high. Good reports are also made for the Northwest provinces, but considerable damage has been done there in places by early frost in September.

In British Columbia all the crops are reported as excellent in quality and yield, but no areas have been procured for that province.

The full report on the root and fodder crops will be printed in the Census and Statistics Monthly.

### WOMEN WHO SUFFER

Dr Williams' Pink Pills Give Regularity and Good Health.

Every woman at some time needs a tonic. At special times unusual demands are made upon her strength. Where these are added to the worry and hard work which falls to her lot, weakness will result unless the blood is fortified to meet the strain.

Weak women find in Dr Williams' Pink Pills the tonic exactly suited to their needs. Most of the ills with which they suffer are due to bloodlessness—a condition which the Pills readily cure. These Pills save the girl who enters into womanhood in a bloodless condition from years of misery, and afford prompt and permanent relief to the woman who is bloodless, and therefore weak. Mrs R. Fisher, Coates Mills, N. B. says:

"Sometimes ago my system was in a very anemic condition as the result of an internal hemorrhage caused by an accident. Though I had the services of a skilled doctor for a time, I did not recover my strength, and gradually I grew so weak that I could not do any house-work. As I seemed to grow steadily weaker I became much discouraged, for previously to my accident I had always been a healthy woman. About this time I received a pamphlet telling me of the strengthening powers of Dr Williams' Pink Pills. I procured a box at once and began using them, when they were gone I got three boxes more, and by the time I had used these I found myself somewhat stronger and my appetite much better. Before I began the Pills I could scarcely walk upstairs, and could do no work at all. Now after taking three boxes I was able to walk out in the open air. I kept on with the Pills, and after using six boxes was delighted to find that I could again attend to my household affairs. I took two more boxes of the Pills, and I felt that I was as well as ever I had been, and equal to any kind of exertion. I have since recommended Dr Williams' Pink Pills to friends with beneficial results."

Dr Williams' Pink Pills are sold by all medicine dealers or will be sent by mail at 50 cents a box or six boxes for \$2.50 by The Dr Williams' Medicine Co., Brockville, Ont.

Conundrums.

How does the queen take her food? In cider (inside her).

Will the boss be in after luncheon? No. That's what he went out after.

"Come up and see us to-night, old man."

"All right; I'll be glad to."

"Our daughter is studying music."

"By Jingo! I have just remembered an engagement. I am sorry but I cannot possibly come."

"Pshaw! As I was about to say, our daughter is studying music in Germany, and we got a little lonesome."

"I'll just cut out the engagement and come, anyhow."

"I want to make a name for myself in politics," said the ambitious youth.

"Well," answered Senator Sorghum "it's liable to be a long and difficult enterprise. You'll probably have to put in a considerable share of your time allowing your enemies to call you any names they happen to think of."

Being A Boy.

(Charles Dudley Warner.)

Of course the perfectly good boy will always prefer to work and to do "chores" for his father and errands for his mother and sister rather than enjoy himself in his own way. I never saw but one such boy. He lived in the town of Goshen—not the place where the butter is made, but a much better Goshen than that. And I never saw him, but I heard of him; and being about the same age, as I supposed, I was taken once from Zoah, where I lived, to Goshen to see him. But he was dead. He had been dead almost a year, so that it was impossible to see him. He died of the most singular disease; it was from not eating green apples in the season of them.

The boy, whose name was Solomon, before he died, would rather split up kindling wood for his mother than go a-fishing. The consequence was that he was kept at splitting kindling wood and such work most of the time, and grew a better and more useful boy, day by day. Solomon would not disobey his parents and eat green apples—not even when they were ripe enough to knock off with a stick—but he had such a longing for them that he pined and passed away. If he had eaten the green apples he would have died of them, probably; so that this example is difficult to follow. In fact, a boy is a hard subject to get a moral from. All his little playmates who eat green apples came to Solomon's funeral, and were very sorry for what they had done.

Lemieux Urging Penny-A-Word Cables In London.

Montreal, Nov. 19.—A London cable says: The Canadian Associated Press learns that the question of penny-a-word cables is being made the subject of a most earnest discussion between the Hon. Rodolphe Lemieux, postmaster general for the United Kingdom. The former, when asked concerning the matter, remarked that he regretted he was unable to say anything at present.

Halfax, N. S., November 26, Mrs R J Rawlings, of 12 Argyle St., gives the following statement which should be of interest to every reader. "No one could know what I have suffered with torturing headaches, faint feeling, and lassitude. In the mornings I was scarcely able to do my work and when night came I felt too miserable to sleep. The doctors did me little good, so I decided to buy Dr Hamilton's Pills about which I have heard so much good. In a week I improved. My headaches were less severe, my appetite increased, and faintness passed away. Day by day I gained strength, and increased in weight. The trouble I am sure was in my stomach, and Dr Hamilton's Pills did what was necessary. I used twenty boxes and in consequence will live twenty years longer."

Just the prescription for every tired, ailing woman,—try Dr Hamilton's Pills and see if this isn't so. Sold by all dealers, 25c per box.

### Got Better All the Time.

A party of tourists were doing Boston and Cambridge. Said one: "So this is the cemetery where they say James Russell Lowell as a small boy went out one Halloween night to look for ghosts. I wonder which stone he was hiding behind and if he really did see a ghost."

"I can't tell you, ma'am," answered the guide, "but over here lies a man who had three wives. On the stone of the first one he had inscribed: 'My Wife,' on the stone of the second, 'My Dear Wife,' and on that of the third, 'My Beloved Wife.' If any ghosts try walking around here it ought to be that first wife."

### Choose Your Words.

A lady who was very plain looking called on a friend. This friend's little girl came into the room, and her mother introduced her.

"But, mamma, isn't she awfully homely?" said the "young hopeful" after the lady's departure.

"Why, Laura, you mustn't say such things. It isn't polite."

"But, dear, how much more of a joke it would have been if you had said, 'How pretty she is!'"

### Why He Was A Heathen.

Sir Arthur Fanshawe recently related an amusing story of a Mahomedan servant, when asked his religion, replied:

"Beg pardon, sar, I'm a heathen."

When asked by his master what he meant by a heathen, the man answered:

"Beg pardon, sar, a worshipper of sticks and stones."

"Confound it," remarked the master. "I can't keep a man like that in my service."

To which came the immediate rejoinder:

"Beg pardon, sar, in your highness's service I have no time to worship anything!"
