## News in Brief.

The heavy rains of last week have caused freshets of alarming proportions in the New England States. Railroad tracks have been flooded, roadbeds torn up, culverts carried away and factories forced to shut down owing to the high water. The worst conditions have prevailed in New Hampshire and Vermont.

A big strike of magnetic iron ore is reported at the mouth of the Campbell River, on the east coast of Vancouver Island. Prof Hoffman, Ottawa, gauges samples running 67-47 magnetite. The discoverers say the deposits lie twenty miles back of the mouth of Campbell River. They claim that there is plenty of coal and timber for mining purposes.

The latest intelligence from German South-west Africa says that the discoveries of diamonds at Luderitz Bay are more important than was at first supposed. Diamonds heretofore have been picked up on the sandy desert, but an attempt to bore for water led to the finding of blue earth pockets containing diamonds similar to the Kimberley and other South African stones.

In connection with the Canadian National Missionary Congress, it is interesting to note, that for the year 1908, the contribution of churches in the United States and Canada to home and foreign missions increased about \$600,000, notwithstanding the financial depression in both countries and it is conceded on all sides that this increase is due to the Laymen's Missionary Movement. The Baptist Churches of Toronto in an effort to raise their share at what Toronto churches are aiming at, succeeded in raising ten per cent more than the total amount asked for, and secured \$55,000, instead of \$50,000.

## CURES INDIGESTION.

All Distress from Stomach and indigestion Vanishes in Five Minutes.

Take your sour stomach—or maybe you call it Indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your Pharmacist and ask him to open a 50 cent case of Pape's Diapiesin and let you eat one 22-grain Triangle and see if within five minutes there is left any trace of your stomach misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak, there is lack of gastric juice; your food is only have digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in the mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness and many other similar symptoms.

If your appetite is fickle, and nothing tempts you, or you belch gas or if you feel bloated after eating, or food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself, after your next meal, that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapiesin.

Wise men lose a lot of valuable time explaining some of the things they know of other people.

**MAKES ASTONISHING CURES**

**Mi-o-na Tablets Cure Dyspepsia by Promptly Removing the Cause, or Money Back.**

There is just one way to cure dyspepsia and stomach disorders, trivial or serious and that is to tone up or put energy into the stomach walls, so that they will be able to properly mix or churn the food.

Mi-o-na tablets quickly arouse the stomach from its inaction and in a short time it is able to do its work properly.

Harry Dodd of Bridge Street, Hastings, Ont., says: "For seven years I had suffered and spent much money doctoring, but all to no avail. I could eat but very little, as the food would ferment and sour, making gas, which caused serious heart oppression. I was in constant misery, sour gas would belch from my stomach, I was languid and weak and had no ambition. I did not feel like going anywhere or seeing any one. There was a constant dull pain in the pit of the stomach. I was unable to sleep, was nervous, restless and would wake more tired than on going to bed. I tried Mi-o-na and soon found relief, and in less than six weeks Mi-o-na had completely cured me.

E W Mair the druggist, sells Mi-o-na tablets at 50 cents a box, under a rigid guarantee to do all that is claimed for them or money back.

The snow hangs well in the hollows, still the warm sunshine feels like spring.

Spring, Spring; Oh beautiful spring Thy music makes the woodlands ring.

Thy voice is heard on every side; We all feel glad in the fair spring tide.

The youth of nature slumbered through, The dear cold winter of pearly hue; But now awakens with sparkling eye, To say to winter; farewell; good-by.

You come to cheer when his work is done, The hearts of youth and everyone; You bring fresh gifts to the world along,

We know you're coming; we hear your song.

The brooks they babble along thy way

The merry songsters amongst us stray;

The leafy bowers put on the green, And earth's fair child is crowned the Queen.

Thou queen of nature, young and fair,

Thy breath is perfume to the air;

Thy smile we know and proudly;

meat;

And all thy suite we gladly greet.

Then welcome springtime, welcome May;

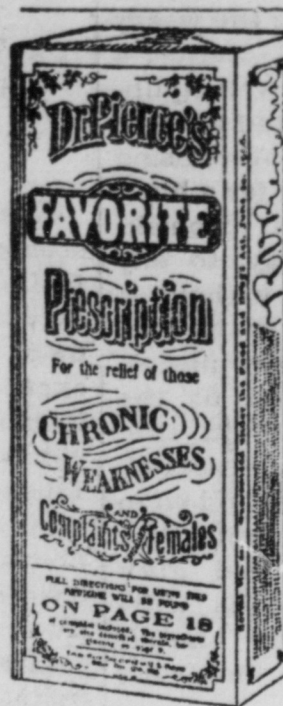

We love to hear thy birdsweet lay;

To pluck the flowers by the stream;

And bask in sunshine kindly gleam.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
