Change Your Doctor.

In the theatre of the Crystal Palace, Lendon, Cardinal Manning was addressing a great meeting of the members of a temperance organization. "I will confess to you," he said, "that I do not practice what I preach. I am not a total abstainer myself, because my doctor won't let me be one." Thereupon a voice came from the topmost gallery, for the hint," said the Cardinal, "I will." And he did, becoming from that time a total abstainer.

"For three weeks I actually had to be fed like one feeds a baby, because my hands and arms were so covered with eczema that they had to be bound up all the time."

That is the experience of Miss Violet M. McSorley, of 75, Gore Street, Sault Ste. Marie. She adds: "I could not hold spoon nor fork. From finger tips to elbows the dreaded disease spread, my finger nails came off and my flesh was one raw mass. The itching and the pain were almost excruciating. I had three months of this torture and

at one time amputation was discussed." "Zam-Buk alone saved my hands and arms. I persevered with it and in the end had my reward. To-day, I am cured completely of every trace of the dreaded eczema, and I fervently hope that sufferers from skin disease may know of my case and the miracle Zam-Buk has worked."

Zam-Buk is without equal for eczema, ringworm, ulcers, abscesses, piles, cracked hands, cold sores, chapped places, and all skin injuries and diseases. Druggists and stores at 50 cents a box, or post free from Zam-Buk Co., Toronto, for same price. You are warned against dangerous substitutes sometimes offered as "just as good."
