### The White Slave Traffic

A Warning Cry to Young Girls

HON EDWIN W. SIMS  
United States District Attorney, Chicago.

The following awful statement of facts should be read by every parent in Canada, as in other lands. This unspeakable traffic is carried on in Canada, and has been discovered in Halifax, Montreal, Toronto, Hamilton, the West, and the Yukon, as truly as in New York and Chicago.

Hon E. W. Sims, who represented the United States in the famous \$29,000,000 suit against the Standard Oil Co., tells his own story as follows in "Woman's World" of September, 1908:

There are some things so far removed from the lives of normal, decent people as to be simply unbelievable by them. The white slave trade of to-day is one of these incredible things. The calmest, simplest statements of its facts are almost beyond the comprehension or belief of men and women who are mercifully spared from contact with the dark and hideous secrets of "the underworld" of the big cities.

You would hardly credit the statement, for example, that things are being done every day in New York, Philadelphia, Chicago, and other large cities of this country in the white slave traffic which would, by contrast, make the Congo slave traders of the old days appear like Good Samaritans. Yet this figure is almost a literal truth. The man of the stone age who clubbed the woman of his desire into insensibility or submission was little short of a high minded gentleman when contrasted with the men who fatten upon the white slave traffic in this day of social settlements, of forward movements, of Y M C A and Christian Endeavor activities, of airships and wireless telegraphy.

Naturally, wisely, every parent who reads this statement will at once raise the question: "What excuse is there for the open discussion of such a revolting condition of things in the pages of a household magazine? What good is there to be served by flaunting so dark and disgusting a subject before the family circle?"

Only one—and that is a reason and not an excuse! The recent examination of more than two hundred white slaves by the office of the United States district attorney at Chicago has brought to light the fact that literally thousands of innocent girls from the country districts are every year entrapped into a life of hopeless slavery and degradation because parents in the country do not understand conditions as they exist and how to protect their daughters from the white slave traders who have reduced the art of ruining young girls to a national and international system. I sincerely believe that nine-tenths of the parents of these thousands of girls who are every year snatched from lives of decency and comparative peace and dragged under the slime of an existence in the white slave world have no idea that there is really a trade in the ruin of girls as much as there is a trade in cattle or sheep or the other products of the farm. If these parents had known the real conditions, had believed that there is actually a syndicate which does as regular, as steady and persistent a "business" in the ruin of girls as the great packing houses do in the sale of meats, it is wholly probable that their daughters would not now be in dens of vice and almost utterly without hope of release excepting by the hand of death.

Is this, then reason enough for a little plain speech to parents?

The evidence obtained from questioning some 250 girls taken within the last four weeks in Chicago houses of ill-repute leads me to believe that not fewer than fifteen thousand girls have been imported into this country in the last year as white slaves. Of course this is only a guess—an approximation—it could be nothing else—but my own personal belief is that it is a conservative guess and well within the facts as to numbers. Then please remember that the girls imported are certainly but a mere fraction of the number recruited for the army of prostitution from home fields, from the cities the towns, the villages of our own country. There is no possible escape from this conclusion.

Another significant fact brought out by the examination of these girls is that practically every one who admitted having parents begged that her real name be withheld from the public because of the sorrow and shame it would bring her parents. One said: "My mother thinks I'm studying in a stenographic school;" another stated, "My parents in the country think I have a good position in a department store—as I did have for a time—and I've sent them a little money from time to time; I don't care what happens so long as they don't know the truth about me." In a word, the one concern of nearly

## FOURTEEN POUNDS IN TWO MONTHS

Remarkable Gain Made by Terra Nova, Cape Breton, Woman

"Father Morrissey's No. 10" (Lung Tonic) has wrought some wonderful cures. Here is a typical case, as described by the patient herself:

"During the Fall of 1906 I contracted a severe cold, which settled upon my lungs. After being treated by two physicians of high standing my condition was not any better, but in fact getting worse. My friends began to have serious doubts about my recovery.

I had heard of Father Morrissey's remarkable career as a medical adviser, and wrote to him explaining my case. In a few days I received an encouraging letter from him, and some of his "Lung Tonic," and immediately I began to improve, gaining fourteen pounds in two months.

I strongly recommend his "Lung Tonic" for Colds and any form of Lung Disease."

Yours sincerely,  
ANNIE McDONALD.

all those examined who have homes in this country, was that their parents—and in particular their mothers—might discover, through the prosecution of the white slave, that they were leading lives of shame instead of working at the honorable callings which they had left their homes and come to the city to pursue. There are, to put it mildly, hundreds—yes, thousands—of trusting mothers in the smaller cities, the towns, the villages and farming communities of the United States who believe that their daughters are "getting on fine" in the city and too busy to come home for a visit or "to write much," while the fact is that these daughters have been swept into the gulf of white slavery—the worst doom that can befall a woman. The mother who has allowed her girl to go to the big city and work should find out what kind of life that girl is living—and find out from some other source than the girl herself. No matter how good and fine a girl she has been at home and how complete the confidence she has always inspired, find out how she is living, what kind of associations she is keeping. Take nothing for granted. You owe it to yourself and to her, and it is not disloyalty to go beyond her own words for evidence that the wolves of the city have not dragged her from safe paths. It is, instead, the highest form of loyalty to her.

Again, there is, in another particular, a remarkable and impressive sameness in the stories related by these wretched girls. In the narratives of nearly all of them is a passage describing how some man of their acquaintance had offered to "help them to a good position" in the city, to "look after" them, and to "take an interest" in them. After listening to this confession from one girl after another, hour after hour until you have heard it repeated perhaps fifty times, you felt like saying to every mother in the country: Do not trust any man who pretends to take an interest in your girl if that interest involves her leaving your own roof. Keep her with you. She is far safer in the country than in the

## Darting Pains Around Shoulders and Spine.

Brocton Merchant in Hospital for weeks Cured of Rheumatic Pains by "NERVILINE"

"It would be impossible for me to tell how much I suffered with a sort of travelling rheumatism. It wasn't confined to any particular spot, but wandered over all that area from the neck to the small of the back. Sharp, shooting twinges and dull, gnawing aches finally stiffened out my muscles and left me so helpless I had to give up work and go into the hospital. I stayed there three weeks and felt better. Still I wasn't cured and as soon as I started back to work again the pain was as bad as ever.

"I fortunately read of the strange powerful effect Nerviline has over such NERVILINE pain and at once I CURED got five bottles. ALL PAIN Four times each day Nerviline was rubbed over the seat of the pain and I could feel it sinking deep into the muscles and sinews that were stiffened and sore. In a short time I was limber, active, free from pain and perfectly cured.

"No other liniment could have cured me but "Nerviline," and I strongly urge its use for Rheumatism, Neuralgia, Sciatica, Lumbago, strains and swellings and all other muscular affections." (Signed) A. M. McLelland.

REMEMBER this: Nerviline is five times stronger, far more penetrating, possesses more plain-relieving power than any other known remedy. For fifty years its use has been universal. Beware of the substitute, ask for and get Nerviline only. Large 25c bottles at all dealers.

big city, but if go to the city she must, then go with her yourself; if that is possible, place her with some woman who is your friend, not hers; no girl can safely go to a great city to make her own way who is not under the eye of a trustworthy woman who knows the ways and the dangers of city life. Above all, distrust the "protection," the "good offices" of any man who is not a family friend known to be clean and honorable and above all suspicion.

Of course all the examinations to which I have referred have been conducted for the specific purpose of finding girls who have been brought into this country from other lands in defiance of the federal statute, passed by Congress, February 20, 1907. This act declares that any person who shall "keep, maintain, support or harbor" any alien woman for immoral purposes within three years after her arrival in this country shall be guilty of a misdemeanor and shall be liable to a fine of \$5,000 and imprisonment for five years at the discretion of the court. When the department of justice at Washington decided that this law was being violated, the United States district attorney at Chicago was instructed to take such action as was necessary to apprehend the violators of the Act and convict them. One of the first steps required was the raiding of various dives and houses of ill-fame and the arrest of the girl inmates as well as the arrest of the keepers and the procurers of the white slaves.

While the federal prosecution is officially concerned only with those cases involving the importation of girls from other countries there being no authority under the present national statutes for the federal government to prosecute those concerned in securing white slaves who are

## BROTHER TOLD BROTHER

One Suffered for Fifteen Years, the Other for Thirteen.

The convincing powers of a testimonial were never more clearly shown than in the case of Mr. Hugh Brown, a brother, Lemuel Brown, of Avondale, N.B., read in the paper about Hon. John Costigan being cured by "Fruit-a-tives." Knowing the Senator would only endorse a medicine which had cured him, Mr. Lemuel Brown tried "Fruit-a-tives." They cured him of Chronic Indigestion and Constipation, so he urged his brother to try them.

Hartland, N.B., Oct. 28th, 1907.

"Three doctors told me that I had Liver Disease and serious Stomach Trouble. My stomach was very weak. I took their medicines for thirteen years and grew worse. My brother (who was cured of terrible Indigestion by "Fruit-a-tives" after suffering for 15 years), recommended me to try these wonderful tablets. I bought half a dozen boxes and have just finished the sixth. I eat all kinds of hearty foods without distress and am greatly improved in every way. "Fruit-a-tives" also cured the Chronic Constipation which was so distressing in my case."
