1884 Nicholson 1909

For Twenty-five years we have catered to the public as makers of men's High-Class Clothes.

We are improving our systems for cutting and making garments, so that we are today in a position to give to our customers the latest and most up-to-date effects known to the sartorial world.

Many of our garments are designed by ourselves and therefore exclusive.

Our name stands for QUALITY.

Look for the name on the Label,

NICHOLSON

Maker of Men's High-Class Clothes.

Marriage of a Former Woodstock Boy.

We clip the following marriage notice from a Halifax daily paper. The bride is a daughter of J J Hunt Esq, Barrister of Halifax and the groom is C Herbert Connell, chief engineer for the Alberta railway and Investigation Co, Leth bridge, Alberta and a son of W M Connell of this town.

Although St Paul's Church is almost the largest in Halifax, and in spite of the fact that last Wednesday was an exceedingly unpleasant drizzly day, the crowd which assembled to see Miss Nelly Hunt married was so vast that there was hardly standing room, even in the porch for late comers. Nearly the whole of the middle aisle was reserved for the wedding guests, who numbered altogether about one hundred. As usual at weddings, everyone was there some time before the eventful moment. But time could not seem long while such an organ as St Paul's possesses was pealing forth its grand tones under the master touch of Mr Wright. At one o'clock precisely, the bride arrived, and preceded by her two charming bridesmaids she came up the aisle on the arm of her father, Dr J J Hunt. It seems almost superfluous to describe this wedding, when I feel convinced that nearly all social Halifax was on the spot to see for themselves, nevertheless those of our readers who were present must forgive any short comings, and the others will believe me when I tell them that the bride's gown was perfection. It was composed of soft white liberty satin and chiffon and the tout ensemble was exceedingly becoming. The bridesmaids, Miss Elsie Brown and Miss Winterbourne, in champagne colored cloth gowns with touches of a delicate shade of brown, wore smart hats to match, and they carried exquisite bouquets. The bride's bouquet was a poem of glorious white roses and smilax. Her veil was exquisite and gave an added charm to her altogether delightful appearance. Mr Connell was supported by Dr Weatherbe as best man, and Mr Mitchell, Mr Nicholls, Mr Bullock and Dr Almon acted as ushers. Mrs Hunt was gown in black with a most becoming white and black sequin toque, while Mrs Anderson wore an amethyst colored costume with toque to match. Among the guests were Mr and Mrs Pottinger and Mr and Mrs St John, Mrs E Mair, who all arrived on Tuesday evening in a special car for the event. Mrs Mair wore an exceedingly smart white gown and beautiful black hat, while Mrs Pottinger was in an exquisite creation of a soft brown tulle quite new to my eyes at any rate, and very graceful in cut. Her ermine fur, and beautiful hat, matching so harmoniously as it did the colors of her dress, made in all a very delightful toilette. Mrs St John in an empire gown of crepe de chine and soft lace was also very charming, and among other gowns I noticed particularly Mrs Reginald Robertson's, which was strikingly smart and most becoming. Miss Townshend, who came with her, looked well in soft cerise silk with hat to match. Mrs Charles Grant as usual looked charming, dressed in pale blue with a most becoming hat. I must mention too, Mrs Weatherbe's costume which was extremely pretty and the color scheme a joy to the eye. Mrs Almon and Mrs Hamilton were both handsomely gowned in pale gray. Mrs George Henderson was very chic and her three year old son was the admired of all admirers. Miss Kathleen Black in mauve look well and Miss Cecile Ritchie in a lovely pastel shade of blue and be-

Wives and Mothers Suffer With Backache

Unfortunately They Fail to Recognize the Dangerous Cause of the Trouble.

Constantly on their feet, attending to the wants of a large and exacting family, women often break down with nervous exhaustion.

In the stores, factories, and on a farm are weak ailing women, dragged down with torturing backache and bearing down pains.

Such suffering isn't natural but it's dangerous, because due to diseased kidneys.

The dizziness, insomnia, deranged menses and other symptoms of Kidney complaint can't cure themselves, they require the assistance of Dr Hamilton's Pills which go direct to the seat of the trouble.

To give vitality and power to the kidneys, to lend aid to the bladder and liver, to free the blood of poisons, probably there is no remedy so successful as Dr Hamilton's Pills. For all womenly irregularities their merit is well known.

Because of their mild, soothing and healing effect, Dr Hamilton's Pills are safe, and are recommended for girls and women of all ages. 25 cents per box at all dealers. Refuse any substitute for Dr Hamilton's Pills of Mandrake and Butternut.

ALWAYS UNDER FIRE

Our Lungs are Continually Attacked by Deadly Disease Germs

Modern science tells us that many a deadly battle is fought in the cells of our lungs between the attacking disease germs and the resisting forces in our blood. Scarcely a lung but shows clearly the scars of such encounters.

So long as our power of resistance is strong, we are safe. But the moment a neglected cold or run-down condition makes an opening, the disease germs win, and we have an attack of pneumonia, bronchitis, asthma, or even fall a prey to consumption.

Realizing the danger, Father Morrissey, the famous priest-physician of Bartibogue, sought long and carefully for a remedy that would promptly check and at the same time build up the lungs and system and enable them to throw off disease.

His "No. 10" Cough Mixture and Lung Tonic does just that. Used promptly it is a most effective safeguard against serious lung troubles. Trial size bottle, 25c. Regular size 50c. Father Morrissey Medicine Co., Ltd., Chatham, N.B.

literally glazes any floor—yet isn't slippery to walk on—wears wonderfully—and keeps the room practically free from dust. Any woman can apply Floorglaze easily—it dries hard overnight—it will never crackle nor flake. Water won't affect it—so Floorglaze is good for outdoor woodwork (steps, verandas, etc.) as well as ideal for house floors. Comes in ten beautiful shades—a gallon coats 500 square feet. Ask at the paint store for Floorglaze, or let us send valuable FREE booklet. IMPERIAL VARNISH & COLOR CO., LIMITED, OF TORONTO.

Recommended and for sale by W F DIBBLEE & SON, Woodstock.

coming hat was also charming. The word Dainty is so misused as a rule that I try to avoid it, but the dictionary gives its meaning as "delicate" or "delicious" so I think it is apropos when mentioning Mrs Harry Stairs' costume, which was delicate in shade and delicious to look upon. There were many other guests who do not mention their names. Miss Hunt honored, but space does not permit me to mention them particularly. In a large assembly, of people like that of Wednesday last one can only carry a few out of the many in memory's eye.

After the ceremony the wedding party went back to enjoy Mrs Hunt's hospitality and to wish the happy couple "good luck." The wedding presents were displayed to advantage, and I don't think the bride and groom will lack either things essential or things beautiful when they eventually settle down in their Western home. It was a great disappointment to every one that Miss Gwendolin Mitchell was too ill to act as one of the bridesmaids, but I hear with pleasure that her rest in the country is doing her real good. At three o'clock Mr and Mrs Connell left for the train and were well shown with rice, which I think a cruel custom even if it is supposed to bring luck! The bride's going away dress and hat were of Copenhagen blue, which shade is particularly becoming to Mrs Connell. I believe the happy couple are spending a short honeymoon in Nova Scotia and will return to Halifax again for a day or two before finally leaving for the West.

JOHN LEWIN.

John Lewin was born on the Isle of Man, in the Irish sea, Feb 24, 1820, and died at the home of his daughter, Mrs J M Bruce, 3525 Evanston avenue, March 21 at 2.30 p m, having lived to the ripe old age of 89 years and 25 days. He came with his parents to New Brunswick when he was six years old. On November 20, 1839 he was united in marriage to Miss Margaret Bannan, who survives him and who is in her 92 year. This couple have shared the joys and sorrows of married life together for 69 years, and months and 1 day.

To this happy union were born eight children, five boys and three girls, five of whom survive the going home of the father. John C and Josiah, of Seattle, William E of Huntington, Texas, Mrs Jennie P Bruce and Mrs Lou M Boyd, of Seattle, besides these children there are fourteen grandchildren remaining to mourn his departure.

Mr Lewin made his home in New Brunswick until about 1868 when he moved to the state of Maine. In 1890 he came to Seattle and has resided here ever since. For seven years he was quarantine guard for the poor.

A GRAND KIDNEY MEDICINE

"Fruit-a-tives" Cured Him When Everything Else Failed.

Ulverson, Que., March 17th, 1908. I wish to place on record, for the sake of others who may be suffering in the same way that I suffered, that no medicine I ever took did me so much real good as "Fruit-a-tives" did.

I suffered for many years with Kidney Trouble, with bad pain in the back.

I took every known kidney remedy and kidney pill, but nothing gave me any relief, and I was getting discouraged.

I was advised to try "Fruit-a-tives" and did so—and this medicine cured me when everything else failed.

I used altogether fifteen boxes of "Fruit-a-tives," and from the outset they gave me relief and I am now practically well again; no pain, no distress, and all symptoms of kidney disease have entirely left me. I am very thankful to be once more well, and I freely make this statement for the sake of others who may suffer as I did. To them, I say try "Fruit-a-tives," as they are a grand kidney medicine.

CLARENCE J. PLACEY.

A Cure for Leaky Roofs

DON'T waste time trying to patch a leaky roof! A roof which leaks in one place is generally on the verge of leaking in many other places.

The cheapest method of repair is to cover the whole roof with Amatite. Amatite costs so little that the entire job can frequently be done for the expense of caring for a leaky roof. After the old roof is covered with Amatite you will have no further worry or expense.

Most ready roofings require a coat of paint every two years to keep them in order. But Amatite is not the ordinary kind of Ready Roofing. Amatite has a real mineral surface, firmly imbedded in the Coal Tar Pitch waterproofing. This surface resists the attacks of the elements like a stone wall. It demands no ad-

ditional protection or covering, such as a coat of paint.

Buying Amatite is the same as buying an ordinary ready roofing with an agreement from the dealer to keep it painted free of charge. Such an agreement on the ordinary roofing would double its value. You practically get such an agreement with every roll of Amatite; yet the price is no greater than that of the ordinary kind.

Send us your name and address, and we will forward you by return mail a free sample of Amatite, and you can see how tough, durable and substantial it is. Write to-day to nearest office.
