Mr Fleming says that in ten years the people of this province will thank him for the part he is playing with reference to the Valley Railway. Well, perhaps, but we are inclined to the opinion that in ten years the people of this Province will have forgotten that such a man ever existed.

In the report of the Pugsley Dinner at Ottawa, given to the delegates who waited on the Government regarding the St John Valley Railway, the name of N W Brown, Middle Southampton, was omitted in the list of speakers. We feel it only fair to Mr Brown to make a note of this.

ROYAL BAKING POWDER

Thousands of millions of cans of Royal Baking Powder have been used in making bread, biscuit and cake in this country, and every housekeeper using it has rested in perfect confidence that her food would be light, sweet, and perfectly wholesome. Royal is a safeguard against the cheap alum powders which are the greatest menaces to health of the present day.

An improvement society, if it could be formed, would be a most excellent thing, and our streets in many places should have far more trees on them than they do. Let us all work together this season for the improvement in looks of our Town.

C M Sherwood, Centreville, is fitting out the people with all kinds of building material, house repair material and furnishings of every description including some seventy styles and kinds of carpets, besides paper hangings, window shades, curtains and fixtures &c—in a word about every thing in a general way but, undertaking supplies. Headquarters for up-to-date Millinery, fresh field and Garden See.

The Town of Woodstock is freely admitted to be the dirtiest Town in the Province, and when one comes to notice how some of our merchants never pretend to clean up in front of their places of business, especially on the back and side streets, the number of people who always seem to throw the coverings of papers and letters on the sidewalks and in the gutters, not to mention the refuse deposited in the latter, as well as the rocks and sticks on the road, one does not wonder much that we get such a reputation.

Thursday and Friday of last week were moving days, and Mr Harrison has taken possession of the house recently occupied by D W Newcombe and Mrs Queen and Miss M Hay have taken the house recently held by Mr Harrison. Mrs McLeod and the Misses Rankin have moved into the Presbyterian Manse and Mr and Mrs Charlton Berrie have secured rooms with Mrs Poole. Harry Baird has gone into his own house on Chapel St. Mr Davis has taken the Snow house lately occupied by the Hipwells.

We are very glad to be able to state that the private property holders, as a general rule, during the recent years have kept their places neat and clean but the business part of the Town is a disgrace. If the Superintendent of Streets would give a little more time and attention to this matter we are sure that it would do a lot towards remedying the condition of affairs. Also if a bye law were passed forbidding expectorating and the dumping of papers on the streets, as is done in other places, and it was enforced, we would then be able to point to our Town as one of the nicest spots in the Province instead of the most untidy.

How To Tell Catarrh

An Experienced Physician Says the Following Symptoms are Sure Signs:

You can always tell Catarrh by the following well known signs:—
Eyes red and watery?
Difficulty in breathing?
Are the nostrils stuffy?
Do you sneeze frequently?
Is your throat hoarse?
Do you spit phlegm?
Oppression in the chest?
A ringing in the ears?

If you have any of these indications of Catarrh cure the trouble now—stop it before it gets into the lungs or bronchial tubes—then it may be too late. The remedy is "Catarrh-ozone," a direct breathable cure that places antiseptic balsams and healing medication on every spot that's tainted by catarrhal germs.

There can be no failure with Catarrh-ozone—for years it has successfully cured cases that resisted other remedies. "No one can know better than I the enormous benefit one gets from the very first day's use of Catarrh-ozone," writes T T Hopkins, of Westvale, P. Q. "I had for years a stubborn case of Bronchial Catarrh, ear noises, headache, sore eyes, stopped-up nose and throat. It affected my appetite and made my breath rank. Catarrh-ozone cured quickly."

Get Catarrh-ozone, use it and you are sure of cure—beware of imitations and substitutes. Large size Catarrh-ozone with hard rubber inhaler lasts two months and is guaranteed. Smaller 25c and 50c. by mail.
