Warm Footwear!

My stock of these Goods is now complete. We will show you the largest assortment of

Felt Footwear, Shoes and Slippers ever shown in Woodstock.

Keep your feet warm and you will enjoy the long winter

W. B. BELYEA.
THE SHOE MAN.

Good Corner.

The snow came at last, its sure crop in N. B. Mrs. Russel Rideout is seriously ill at this writing. Drs. Peppers of Centreville and Bearisto of Lakeville are the attending physicians. Miss Matilda McBride is the nurse.

Beverly London and John Martin of Belleville made a trip to this section last Friday on business, and while here Mr. London received a telephone message that his wife was dangerously ill, and requested his hasty return.

Miss Lucy McCleary of Bridgewater who spent last week at the home of Angles Harold returned home last Sunday.

Wedding bells are ringing, and my cow bell is ready to join in the chorus at the shortest notice.

An agent taking orders for a combined mop and scrubbing brush drove up to the writer's door one day last week and at once began to explain the wonderful merits of the article he had for sale. "You are just the man I'm looking for," said my wife, "walk right in and show me that thing works."

Soon she had the scrubbing pall full of warm water and the agent started operations which had been in sore need of being done many days before. "You see now how it works," said the agent, "Yes!" said my wife, but yet not half done yet.

"Have I got to scrub the whole of this dirty floor?" said the agent, "ye just might as well scrub it as me!" said my wife, "besides I never like to see a man leave a job half done."

The agent began to remove his clothing, fur coat, cap, sweater, mittens, etc., and the sweat stood in drops on his forehead. "This machine works equally well on woodworks," said the agent. "Well!" said my wife, "ye can scrub them too, after you finish the floor to suit my taste."

My heart now began to relent for the little agent; but knowing from past experience that he, like myself, must obey orders so I sat in silence, feeling happy it was not myself, but someone else. But wifey knew no mercy, and kept the fellow at it without a minutes cessation until at last things got pretty well "slicked" up. The agent left with our order and hot jacket.

While in town last week I dropped in to call on the Sentinel. The Editor, though very busy was very entertaining; but knowing my love for the fair sex did not invite me up stairs. I came home disappointed; but wife is well pleased.

I used to go to school with her in sunshine and in rain; Then, her head was fiery red, we called her Mary Jane.

But when she went to Normal school and got a second class.

Then, her head was auburn red, we bowed as she went past.

Then her name was sweet Marie and lovers went and came.

But none proposed to take her hand and then we called her Jane;

But years of care have soured her, again we changed her name;

The mocking youths call out to use: There goes Old Mary Jane!

DEATH OR INSANITY.

Nervous. Sleepless. Worn Out.

Expected to die or go crazy with nervousness.

"I could not sleep—I could not rest—was ready to cry on the least occasion—yet I was plump and fat. Can you imagine a more distressing condition than weakness of body, and mind? writes Mrs. Wensley, of Halifax. "I lost myself in a sort of self pity because health seemed so shattered, and with the mental distress that grew with my bodily weakness, I was a burden to myself and a greater burden to my family."

"Though I sought and really needed pity, I got very little, for I did not look so very sick. It was only my nerves that were sick, and any one who has sick nerves knows too well how awful a sickness it is."

"From the first Ferrozone strengthened my nerves, and it seemed to help them for I became stronger, more composed, slept more and grew more hopeful. When I had taken Ferrozone for about two months I felt that miserable sense of dread. I never could tell what I was afraid of, but expected something dreadful was going to happen me. Ferrozone gave me the strength to throw aside all these fancies and made me well again."

Go at once to any druggist, get a few boxes of Ferrozone—start right on the road of health and vigor. Ferrozone will keep you there—will show you what it means to be healthy, vigorous, full of nerve energy. Once you're braced up and energized with Ferrozone you'll never again be content with ill-health.

All dealers sell Ferrozone, 50c. per box or six boxes for \$2.50.

Patti has earned \$4,000,000 in fifty years. This reminds us of the fact that there are some singers in this very town who will not earn fifty dollars in four million years.

Only successful remedies are ever imitated. It is evident that "D & L" Menthol Plasters successfully relieve rheumatic pains, backache, pleurisy, &c. "The D & L" have been so widely imitated. Avoid disappointment: Get the genuine. Made only by the Davis & Lawrence Co.

WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Aches and Ills of Woodstock People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Booth's Kidney Pills act directly on the kidneys and cure every kidney ill.

H. V. Mooers of Chapel St., Woodstock, N. B., says: "For over three years my little son, Douglas, who is now in his tenth year has suffered with a most annoying and distressing weakness of the kidneys and bladder and although we have tried every means and manner we could not find a cure or relief for him. He would have no control whatever over the muscles of the bladder and bed-wetting became more and more constant until he would unconsciously wet the bed each night. This not only caused an abundance of work and worry but as well the child became so weak and pallid we had despaired of his ever getting strong and well again. Booth's Kidney Pills were recommended by our druggist, Mr. Blair and we treated him with them. One fifty cent box of Booth's Kidney Pills brought about a complete and lasting cure. The sallow color has all left his face, his appetite is good, has gained in weight and is well and strong again. I am glad to recommend such a reliable and worthy remedy as Booth's Kidney Pills." Sold by dealers. Price 50 cents. The R. T. Booth Co., Ltd., Fort Erie, Ont., Sole Canadian Agents.

A according to The Labor Gazette, there is a constant and general increase in the cost of living. That is the penalty of good times. The penalty bears hardly on the salaried man.

The efficacy of Bickle's Anti-Consumptive Syrup in curing coughs and colds and arresting inflammation of the lungs, can be established by hundreds of testimonials from all sorts and conditions of men. It is a standard remedy in these ailments and all effects of the throat and lungs. It is highly recommended by medicine vendors because they know and appreciate its value as a curative. Try it.

The New Jabots.

Girls are wearing neck accessories that show touches of the colored lace in favor this season.

These laces are valenciennes, in white or cream heavy mesh, with the figures stamped on them in color. The dotted patterns are most in demand and can be found in several tones of one color or in combinations of pink and blue dots, lavender and green, coral color and brown. If one has bits of coin dot white lace left over from a frock it is very easy to cover the dots with satin stitch in color. No padding should be used, and the printed laces are naturally flat in effect.

The Cow and Her Stuffed Calf.

I know of no better single illustration of the animal's point of view than Lloyd Morgan's story of the cow who would not stand to be milked unless she could lick her calf meanwhile. A succession of offspring had she reared this absolutely irrational habit until, by ill fortune, one of her calves died. There is no reason why a bereaved mother should mourn her loss just at milking time; but there was the fixed habit of making certain motions. The farmer, however, was a practical psychologist. He stuffed the skin of the calf with hay and let the cow have that to lick. To be sure, the hay calf had neither head nor legs—but a cow had no general ideas concerning the nature of calves, nor any special reason for assuming that calves should have heads and legs. It felt right; and it smelt right. It enabled her to go through the customary motions at milking time. Therefore, it was sufficient. "By dint of caressing and licking her little calf, the tender parent one fine morning unrippled it. The hay issued from within, and the cow, manifesting not the slightest surprise or agitation, proceeded tranquilly to devour the unexpected provender."

—ET Brewster in the June McClure's.

A PILL FOR BRAIN WORKERS.—The man who works with his brains is more liable to derangement of the digestive system than the man who works with his hands, because the man who works with his brains is more liable to derangement of the digestive system than the man who works with his hands, because the man who works with his brains is more liable to derangement of the digestive system than the man who works with his hands.

Minard's Liniment Cures Colds, &c.

The Art-Union Of London.

The Art-Union of London has forwarded to Col. Sturdee, the honorary agent here, five splendid water color paintings, and while these were not named for distribution, Mr. Sturdee decided to allot them to the subscribers. A drawing was held on Tuesday, by Messrs J. C. Miles, A. R. C. A., and M. V. Paddock, who declared the following as winners:

1st—"A Bit in the Tyrol," by J. MacWhirter, R. A., T. Carleton Allen, Frederickton.

4th—Old Mill at Walberswick, by Miss Hagarty, Mrs. L. Parker, Tynemouth Creek.

5th—An Austrian Village, By J. MacWhirter, C. H. Peters.

These paintings are all gems in their way, being splendid exhibitions of English art. Mr. MacWhirter is one of the foremost painters of the day, being a Royal Academician, and the drawers of his works are lucky in getting a bit of his painting.

The scene in the Tyrol, and Edinburgh, are especially noticeable for effect and coloring, while the sketch by Miss Hagarty, The Heart of Essex, is a very fine piece of work, the coloring, perspective and general effect being excellent.

The presentation picture for next year and which all subscribers will receive, is a new departure, being a colored reproduction of the celebrated painting in the National Gallery by A. Parsons, A. R. A., "Springtime," and is an attractive subject. The next drawing will be held early next year.

The prize in the main drawing, the Statuette Post Pugnam received by Dr. Manzer may be seen at Jas. A. Gibson's while Jacob Vanwart has three of the plates for framing at his showroom where they may be seen. The following are members in Woodstock, Rev. G. D. Ireland, Dr. Manzer, A. B. Connell, E. R. Teed, E. W. Mair and E. K. Connell.

Appetizing Sandwiches.

Take made mustard and stir into it as much grated Parmesan cheese as the mustard will hold together. Slice bread thin and remove crust. Butter a slice, add the cheese mixture, place unbuttered slice on top and press together.

Dr. Hamilton Speaks on Curing Pimples.

Gives Common Sense Advice that Every Person Can Employ at Home.

"I believe all skin diseases such as pimples and eruptions originate through the failure of the eliminating organs to pass certain poisonous wastes from the body."

"There is at all times a large accumulation of foul matter in the system, which, if not destroyed, gets into the blood. Germs and disease producing matter are thus circulated through the body. Ultimately they force their way through the pores of the skin, produce pimples, swelling, red blotches and often eruptions horrible to look upon."

"I usually found the primary cause to be with the kidneys and bowels. These organs are too slow. My Pills of Mandrake and Butterbean contain very active vegetable extracts that act on these organs instantly. They give strength, to the system, and vigor to the eliminating organs that positively ensures a clean healthy body."

A course of Dr. Hamilton's Pills puts the system in perfect order, they cleanse the system inside as soap and water does outside, they remove all taints and poisons that block the avenues of health and life, make the skin smooth, restore roses to the cheeks and that brightness to the eye that denotes sound health. Because Mild, Safe, Efficient, anyone can use Dr. Hamilton's Pills with perfect results.

Two well-known wags were ambuling homeward at an early hour after being up nearly all night.

"Don't your wife miss you on these occasions?" asked one.

"Not often," replied the other: she throws pretty straight.

Croup and Throat and Lung Troubles are treated successfully with Allen's Lung Balsam.

THE JESTER'S SAINT.

This job bears that of Sisyphus Rolling his stone a hill up. And every day we needs must pay To our patron saint, St. Fillup.

FLOOR dust spreads disease and doubles housework—yet some endure its dangers and bothers—while others banish both with that perfect floor finish:

Floorglaze

It makes floors sanitary and handsome, with a crackless, wear-proof coat of glossy enamel, in any of ten pretty colors. Apply it yourself, quickly, easily; it dries hard in one night. A gallon covers 500 square feet with a waterproof surface that will stand hardest usage. Good for porch and veranda floors, steps, etc., too. Get Floorglaze (in tins, from pint to gallon) from your dealer. Send for free booklet. Imperial Varnish & Color Co., Limited, Toronto.
