F. B. CARVELL, President.

FRIDAY, FEBRUARY 12th, 1909.

## THE TRIAL.

Before His Hon Judge McLeod on Tuesday next, 16th inst, at the Court House, the election protest against the return of George W Upham M P will come to trial. The petitioner, W J Owens, will be represented by A B Connell K C, while the respondent will have the services of F B Carvell K C M P and Hon W P Jones K C. Each party has subpoenaed about a hundred witnesses. It would therefore appear as if the case is apt to continue for several days. At this stage it is of course out of place to comment on the case. At an early date we shall have something to say in the matter. No doubt there will be an unusually large number of spectators.

On Friday last the Supreme Court of Fredericton unanimously granted the appeal in the case of Williamson Fisher vs The Town of Woodstock, directing the County Court Judge to enter up a verdict for Mr Fisher for \$160.80 which with \$48 previously voted amounts to \$208.80, with the costs of suit, which will not be much under \$200 more, another tidy sum in which the Town is mulcted all because of the pig-headedness of Donald Munro. The case could have been settled for \$125 easily, but Mr Munro was king at that time and had his way with the usual results. We have only to add together the costs of the various law suits carried through by this genius of bad government to realize what he has cost the Town directly, not to say anything of indirect losses. How long will the ratepayers of this town stand for OUR Munro doctrine?

## Some Scalp Hunting.

A Royal Commission has been issued appointed J King Kelly, of St John, a commissioner to investigate charges which have been preferred to the Government against Alex Rogers, registrar of deeds in Albert county, and Miles B Dixon, K C, registrar of probates in the same county. The charge against Mr Rogers is that of taking the part of an offensive partisan it being alleged he was away from his office on election day, March 3rd, canvassing and also having circulated a paper published in Moncton called Free Speech which made charges against representatives of that county in the legislature. The charge against Mr Dixon is that he has neglected his duties and has not been attending his office at Hopewell, although resolutions were passed by the County Council that he do so.

The above informations is taken from the Gleaner. For several weeks there have been rumors that some such action would be begun. There was a rumor too that another royal commission would have been named by the local government to investigate the alleged gross partisanship of a certain sheriff and goaler who it is alleged was many miles away from his office all day on election day, Oct 26th, as well as several other occasions engaged in the gentle art of canvassing, and that on election day a certain prisoner confined in the county jail was permitted to go to a neighboring parish to vote. No doubt the local government will at once announce the appointment of a commissioner to in-

vestigate this matter. It is understood that Messrs Flemming and Munro are pressing for action in the case.

## Woodstock Boy Married in the West.

The following is taken from the Saturday News, Edmonton, Alberta. The groom is a son of Wm M Connell, Esq.

A quiet but pretty wedding was celebrated at All Saints' Church on Wednesday evening when Miss Bessie P Nightingale, daughter of Edward A Nightingale of Houlton, Maine, was married to W Aubrey N Connell, principal of the wholesale department of the Sommerville Hardware Co., of this city. The service was conducted by the Rev W A Sale, M A. Punctually at seven o'clock the bride entered the church looking charmingly radiant in a white silk dress and carrying a shower bouquet, as she was escorted to the altar accompanied by Miss Nellie Myler, who acted as bridesmaid, and who was daintily gowned and carried a shower bouquet, the gift of the bridesgroom. Mr Vernon Barford presided at the organ.

F B Carvell says Mr Pugsley by Vote of \$450,000 on Capital Account in Estimates Has Assured St John's Place as One of Great Ports of Canada—Carleton Member Talks of Incidents of Session at Ottawa.

"The most important move ever made towards the development of St John," is the way F B Carvell, M P, of Carleton county, summarizes the placing of a vote for \$450,000 for this port under head of capital account in the estimates at Ottawa. Mr Carvell came to the city from Ottawa yesterday as one of the counsel in the arbitration matters between the International Railway Company and the N B Railway Company.

Speaking of the progress of events in the house of commons, particularly matters affecting New Brunswick, Mr Carvell said that it was recognized that Hon Wm Pugsley, minister of public works, was working very assiduously for the interests of New Brunswick and especially of St John. "We all feel," he continued, "that by placing the \$450,000 vote in the estimates under the head of capital account, he has assured the recognition of St John as one of the national ports of Canada. It is the most important move ever made towards the development of St John."

Continuing, Mr Carvell compared conditions under this vote with those of the past. Hitherto, he said, money spent at St John has been out of current revenue, and has been subject to fluctuation of revenue and the ability of representatives to get the appropriations. Now, however, this vote of \$450,000 on capital account establishes the principle that the work at St John is a great public work, such as at Fort William, or I C R extension or the canals, and hereafter money can be borrowed on the credit of all Canada, if necessary, to continue the work at St John as the trade demands. "We have all felt the importance of this," he added, "but were never able to get it on that basis before."

Hon Mr Pugsley, said Mr Carvell, had been indisposed for three or four days suffering from lumbago but was able to carry on the work of his department in his room and would probably be in his place in the house today.

Mr Carvell spoke of the new mem-

bers from New Brunswick who, he said, had made an excellent impression in the house. Mr Todd in his speech in reply to the speech from the throne, followed along the line of subjects mentioned therein, but showed by his remarks that he has given good thought and consideration, and he was well received.

Dr McAllister's ability to look after the interests of his party had been recognized by his appointment as the Liberal whip for New Brunswick. He had been warmly welcomed by the Liberal members and practically all had sought him out to congratulate him as the man who had defeated George W Fowler.

Since parliament had opened, Mr Carvell said, the opposition had been laboring in a disastrous attempt to gain power under forged telegrams and false affidavits, and it was felt in Ottawa that the first result of the British Columbia telegram was the return of Hon Mr Templeman by acclamation.—Telegraph.

## JOTTINGS.

Peter B Millie of Glassville was in town yesterday.

Albert Day, Sheffield, is visiting his daughter, Mrs Fred Davidson.

To LET. From first of May, the house in Connell Street, formerly occupied by Mrs Porter. Inquire at 95 Main St, next above Baptist Church.—3ins. pd.

A dispatch from Ottawa on Tuesday conveyed word of Miss Mildred Carvell's illness, threatened with typhoid. The young lady has been taken to St Luke's Hospital.

Mr Hazen's foaming chargers from Kentucky are on their way to New Brunswick, and are to be auctioned off at St John in a few weeks. If you want a high jumper watch the story papers for particulars.

Beginning on Saturday the 13th inst, W F Dibblee & Son will have a thirty days sale of Spauld Hardware, Kitchen Household goods, Stoves &c. Remember during this sale the price of everything in their store is reduced, and in some lines there are exceptional bargains.

Miss Amy Sharp of this town, in the Junior Class at the University of New Brunswick, is taking several honor subjects along with her other work. In her last exams she made in her honor subjects 100 in Physics, 92 in Mathematics. Miss Sharp is doing good work at the U N B.

Here is the story of David and Goliath, as told with appropriate gestures to \$8,000 by Bill Sunday, the evangelist, at his revival meeting in Spokane:

"And so David's pa comes up to him where he was working in the field and says: 'Dave, better go up to the house, your ma's anxious about the other boys fighting in the army, hasn't heard from them by phone or anything an' she'd like you should go look them up. So Dave hops on a trolley and hikes to the front and stays there with his Bros over night."

"In the morning old Goliath comes out in front of the Philistines and dares the Israelites to fight him. 'Who's that big stiff making all the big talk out there?' asks Dave."

"Why that's the head cheese, the big noise' says his brothers."

"Why don't someone soak him one?' asks Dave."

"We've all got cold feet," says the Israelites."

"You fellows make me tired," says Dave, and he pikes out to the brook, get four pebbles in his shepherd's sack, slams one at Goliath and soaks him in the ooze between the lamps. Goliath goes to the mat, takes the count and Dave pokes him in the slats, chops off his block and the whole Philistine gang skidoos."

## ALWAYS UNDER FIRE

Our Lungs are Continually Attacked by Deadly Disease Germs

Modern science tells us that many a deadly battle is fought in the cells of our lungs between the attacking disease germs and the resisting forces in our blood. Scarcely a lung but shows clearly the scars of such encounters.

So long as our power of resistance is strong, we are safe. But the moment a neglected cold or run-down condition makes an opening, the disease germs win, and we have an attack of pneumonia, bronchitis, asthma, or even fall a prey to consumption.

Realizing the danger, Father Morrissey, the famous priest-physician of Bartibogue, sought long and carefully for a remedy that would promptly check and at the same time build up the lungs and system and enable them to throw off disease.

His "No. 10" Cough Mixture and Lung Tonic does just that. Used promptly it is a most effective safeguard against serious lung troubles. Trial size bottle, 25c. Regular size 50c. Father Morrissey Medicine Co., Ltd., Chatham, N.B.

Manchester House.

## PRESCRIPTIONS.

We have been preparing Medicine according to Doctors' Prescriptions for 15 years. In that time our business has doubled in volume several times over, and yet we have never received a single complaint from any doctor in regard to our manner of compounding prescriptions. We have always stuck to one policy, namely, to use only the best quality of drugs that we could get, and always do the work as skilfully as we know how. That makes good medicine.

Mail orders solicited. We pay all Postage.

EDGAR W. MAIR,  
The Prescription Druggist.
