Alcohol to Children

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely. Children do not need stimulating." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Then ask him about Ayer's non-alcoholic Sarsaparilla as a tonic for the young. Follow his advice. He knows. J. C. Ayer Co., Lowell, Mass. The first great rule of health—"Daily movement of the bowels." Ask your doctor if this is not so. Then ask him about Ayer's Pills. Despair and Despondency
No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued.

Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.
