Ladies' Custom Tailoring For Spring 1910.

Our New Spring Suits and Skirts are here,

and we wish to emphasize the fact that they are WELL MADE, Stylish, and at the VERY LOWEST PRICE consistent with quality and workmanship. We are aiming at a big increase in the MADE-TO-ORDER Department during the coming season. We are therefore making the PRICES A GREAT INDUCEMENT to secure your orders. We cannot believe that there is any desire on the part of the citizens of this town and county to patronize outside concerns in these lines in preference to local merchants, if they were ASSURED that they could get what they require at HOME. We also believe that our system will appeal to the customer who is anxious to get a good Suit, made to special order, with a GUARANTEE to fit and at the best possible price.

How can you get better satisfaction and less risk than we offer? You can see in reality and materially the style and make. You can also see and examine the Cloth that is to be used in making the suit, together with the trimmings and other details in its make up. Now you see me give you what you select and take all the risk.

We have just put in stock a nice line of Ladies' Rubberized Rain Coats in full lengths. We have also a splendid range of Misses' Spring Coats in all the leading colors. We would be pleased to show these beautiful lines and quote prices. Inspection cordially invited.

That piece in the Press this week that the present administration at Fredericton would last until 1950, must have caused a great many smiles to spread over the faces of its readers when everywhere the people are clamoring for a chance to get at the 3 year old already discredited Hazen-Fleming Government, and no one knows it better than the Press.

Wouldn't it be just as well for our esteemed contemporary, the Press, to wait until Mr Carvell does have legislation passed at Ottawa in aid of the Valley Road? Of course it must be hard for the numerous and varied editors of that sheet to realize that it has not yet been possible nor deemed advisable at Ottawa, to bring up an important bill in the dying hours of the Session and jam it through, regardless of public sentiment. The Dominion Parliament will not prorogue before the middle of May, at least, and in that time the people of the St John Valley may rest assured that Legislation will be passed at Ottawa in aid of this line just as promised by Mr Carvell. One would almost think the fact had permeated the minds of the above mentioned editors by this time, that Mr Carvell usually is found on deck, and just where he is most needed.

The next Annual School Meeting will be held on Monday, July 11th, 1910, at the date of the Annual School Meeting having been changed to the Second Monday in July. Instead of two weeks, the time for Auditing the School Accounts has been changed to six days. School Meetings may be held at 7.30 in the evening by obtaining permission from the Inspector at least one month before the date. W. S. CARTER, Chief Superintendent of Education.
