

## More bread and Better bread —And the Reason for it

A STRONG FLOUR can only be made from strong wheat. Manitoba hard wheat is acknowledged the strongest in the world—and that is the kind used for Purity Flour.

But that's not all. Every grain of this wheat contains both high-grade and low-grade properties. In separating the high-grade parts from the low-grade the Western Canada Flour Mills put the hard wheat through a process so exacting that not a single low-grade part has the remotest chance of getting in with the high-grade.

Of course this special process is more expensive to operate but it means a lot to Purity flour users—that's why we use it.

It means that Purity Flour is made entirely of the highest-grade flour parts of the strongest wheat in the world.

It means a high-class, strong flour and therefore yields "more bread and better bread."

Purity may cost a little more than some flours, but results prove it the cheapest and most economical after all.

PEOPLE use ML Floorglaze for the hulls of sailboats and motor-boats, and are satisfied with the way it looks and lasts.

That proves M L Floorglaze is water-proof.  
A good all-purpose finish, therefore.

PEOPLE use ML Floorglaze on vehicles, too, and find it looks better and lasts longer than any kind of varnish or paint.

That proves M L Floorglaze is fade-proof  
and weather-proof. The perfect protector for all woodwork, therefore.

PEOPLE find that ML Floorglaze helps housewives keep floors dust-free because the surface stays glass-hard and glossy.

M L Floorglaze doesn't mind wet, sun, scuff  
of feet nor dragging of furniture across it.

ML FLOORGLAZE is the best thing you can get to help renovate the whole house. Fine for all woodwork, indoors and out. Makes old furniture look new again. Goes farthest, too—gallon covers 500 square feet.

Choose among 17 pretty colors in solid enamel—seven Lacs to imitate hardwoods—and Transparent for natural finish. Comes in little and big tins. Easy to put it on right. Ask at your dealer's or write us for news of the hundred uses you could make of M L Floorglaze. The Imperial Varnish & Color Co., Limited, Toronto

### Forest Protection.

By W C J Hall, Supt of the Bureau of Forestry, Quebec.

The forestry movement has accomplished much, the speaker said, all over Canada, and particularly had been the means of awakening a majority of thinking people to the need of perpetuating our forests. The evil effect of excessive deforestation were to be seen in Canada, and His Excellency Earl Grey and others had told what they had seen in Europe and Asia. With such example governments should be alert. The situation in Canada was this, that except on the Atlantic and Pacific seaboard, the precipitation was not sufficient to keep the soil and vegetation moist, hence there were periods of dryness and drought causing forests to be highly inflammable. Canada in spite of her once great forest areas had reached the point where it was necessary to fight fire in every possible way.

His experience was that the danger spots were the new settlements near the border of the forest proper and railways lines through forests. To lessen this enormous fire loss was the great duty now before the people of Canada. First we must effect the deep rooted idea in many minds that the forests must be wiped out for the sake of agriculture. By spreading literature broadcast it must be shown how absolutely necessary it is for agriculture to have substantial areas of forest. This educative work must be persisted in until the public as a whole had been reached and was willing to co-operate with the authorities. Secondly, no opportunity must be lost of providing a thorough fire patrol all through the forests, of fire rangers, club guardians, guides and others, who are willing to assist. Chemical extinguishers should also be kept ready where possible. Above all it should be agreed that politics should not be a factor in this work of conserving forest resources. Those in charge of forests should be left absolutely free to select the best men irrespective of other considerations.

The question of fire protection along railways was a most serious one. To illustrate this Mr Hall pointed out that in one day in 1908 Mr Joly de Lotbiniere's forest guards extinguished nineteen incipient fires on a stretch of fifteen miles long on the Intercolonial Railway. If this could occur on a line long ago cleared up of debris how great must be the danger of fires along a newly constructed line with masses of inflammable material on each side Quebec had a bitter experience with the Quebec and Lake St John Ry., and was trying to profit by this by maintaining a patrol along the National Transcontinental Ry. New Brunswick recognized this danger and proposed that this railway through timber lands be operated by electricity to be generated at Grand Falls. At this fall it was stated sufficient power could be generated to operate the line from the seaboard to Quebec City. If the St John River had the minimum volume of water sufficient for this—and they could figure only on the minimum—then it behoved New Brunswick to set aside in perpetuity enough forest reserve to maintain that minimum volume otherwise the outlay for generating plant would be of little avail. Quebec was in hearty sympathy with the

project, and would, he was sure, co-operate by maintaining the forests on the tributaries of the St John River which rose in Quebec. On the North Shore of St Lawrence enough power could readily be generated to operate the N T R from Quebec City to the Ontario boundary. The patrolling of this line was going to be a serious problem for all the provinces. Quebec had six hundred miles running through forest lands. If two men could patrol ten miles of track, their wages at \$50 per month for six months each year and equipment would mean an annual expenditure of \$20,000. Yet it would take but a small fire to destroy that amount of timber value in two or three days. Thus this ranger cost seemed like a moderate insurance premium for the government. The value of the forests as a means of attracting sportsmen and tourists was touched upon. Mr Hall was of opinion that properly organized sport would never do much damage to the forests. The registered guides knowing that their livelihood depended upon the forests were careful about fires.

The plan of having lookout stations on the elevated points of a district was recommended. These stations should be connected by telephone with the nearest settlements from which, when a fire was observed, assistance could be summoned. Legislation should be passed compelling municipalities to patrol the areas under their jurisdiction. Settlers should be compelled to pile up their slashings in rows at least fifty feet from the forest and the piles should be burnt in rotation, the leeward first. Those who set fire to flat slashings should be severely dealt with. Rangers should be equipped with folding canvas bucket, axe, and combined spade, hoe and pick. Similar equipment should be kept at lumber depots, etc., and municipalities near forests should supply sprayers. Mr Hall's view was that the idea that it was better to have a wide cleared strip next to railways was fallacious. Fire was less apt to start where the forest came up to the right of way than where there was a dry strip across which the fire might gather headway. Credit was given to the Church authorities in Quebec for their work. The fact that preservation was frequently spoken of from the pulpit was a great assistance of fire rangers.

### A WISE MOTHER'S STORY

Let all mothers and daughters read carefully and profit by it.

"I am convinced," writes Mrs A B Hopeford from St John, "that a majority of young girls who die of consumption do so because their mothers neglected their health at the critical time when carefulness insures vigor and sound health. If a girl's health is neglected from her eleventh to sixteenth year her body will be weak and she becomes a victim of typhoid, anaemia, and in many cases consumption itself. In her sixteenth year my youngest daughter showed signs of failing strength. Some dyspeptic troubles developed, her heart became weak and palpitation frightened her dreadfully. She was irregular in the important bodily functions and rapid loss in weight and a ruddy complexion pointed to a rapid decline.

She disliked making her troubles known to our doctor, a feeling I felt I should respect, and so by good fortune I was led to use Ferrozone with most gratifying results. My neighbor next door, Mrs Woods, had found Ferrozone so good in nervousness that she persuaded me that it would restore Flossie's health, and from the time the second box was commenced her improvement was constant. She is now a big, strong girl, ruddy and plump, able to study hard and to take her share of household duties. I am an earnest advocate of Ferrozone. We all use it now as a tonic as it is certainly woman's best friend."

All dealers sell Ferrozone, 50 cents per box or six boxes for \$2.50; procure a supply to-day.

## HER PHYSICIAN ADVISED

### Taking Lydia E. Pinkham's Vegetable Compound

Columbus, Ohio.—"I have taken Lydia E. Pinkham's Vegetable Compound during a change of life. My doctor told me it was good, and since taking it I feel so much better that I can do all my work again. I think Lydia E. Pinkham's Vegetable Compound a fine remedy for all women's troubles, and I never forget to tell my friends what it has done for me."—Mrs. E. HANSON, 304 East Long St., Columbus, Ohio.

Another Woman Helped. Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women I am willing you should publish my letter."—Mrs. CHARLES BARCLAY, R.F.D., Graniteville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

project, and would, he was sure, co-operate by maintaining the forests on the tributaries of the St John River which rose in Quebec. On the North Shore of St Lawrence enough power could readily be generated to operate the N T R from Quebec City to the Ontario boundary. The patrolling of this line was going to be a serious problem for all the provinces. Quebec had six hundred miles running through forest lands. All dealers sell Ferrozone, 50 cents per box or six boxes for \$2.50; procure a supply to-day.

Quebec had 175,000 square miles of forest reserves and if these were maintained there need be no fear for prosperity. But on the other hand the Eastern townships were examples of forest denudation resulting in loss of waterpower, scarcity of water

for domestic purposes, and lack of fuel.

In conclusion, he held that if the forests were protected we would have water power, the lumber trade, profitable agriculture and fish and game; if they were not protected we could only look for a serious shrinkage in all these national assets and the extinction of some of them.

### Andover.

Miss Miriam Baxter is visiting in Woodstock, the guest of Mrs Phillips.

John E Stewart returned on Friday from Fredericton.

The St Agnes Guild spent a social evening with Mrs Wm E Spike last Thursday.

The L. dies Aid held a very successful food sale in the store of D R Bedell last Saturday.

A young daughter has arrived at the home of Mr and Mrs Bell.

Miss Nan Bryson who has been the guest of her sister, Mrs Neil McKinnon, returned to her home in Baiderville on Monday.

Mrs A E Kupkey entertained the "Book Lovers" on Tuesday evening. Rev Mr Buckland of Red Rapids spent a couple of days at the Rectory last week.

Miss Millicent Carter gave a snowshoe tramp to her young friends on Thursday afternoon.

J T Kelly of the Inland Revenue department is spending a few days in the Upper end of the province.

Dr Coffin was in town last Tuesday. Harry Hopkins has gone to Fredericton for a few days.

Dr and Mrs Peat entertained very pleasantly on Monday evening.

The Woodstock Basket Ball team played Andover last night in a match game score 40-10 in favor of the home team. X Y Z.

### Brookville.

Seeing no items from this place for some time I thought I would write a few.

Sorry to report Mrs John Coughle on the sick list. Dr Beariato in attendance has pronounced it a bad attack of La Grippe.

Mr and Mrs G G London Centreville and daughter Gaynelle, spent last Wednesday with friends and relatives of this place.

"Never get ready for a supper till you are sure of going."

Glad to see Stanley Prior out once more after his recent illness.

Mr and Mrs Fritz Peterson attended the funeral of his sister Shirley, on Sunday, Feb 27th.

Mr and Mrs James Tompkins and Miss Pearl Carpenter attended the supper held at Mr Joseph Anderson's and reported a good time.

The young folks of this place enjoyed a pleasant evening at Mr Robert Wilson's.

Robert Gray has applied for this school and expects to board at Mr James Tompkins. We wish him success. MOONLIGHT.

Kennebecasis River ice went out this Morning.

Hampton, N.B., March 14—Special The ice in the Kennebecasis went out early today, and the river is reported clear from Bloomfield to Perry Point and probably above and below these points.

The Hampton assessors are in session today making up their lists.

The ice in the main river is out to Carter's Point and at Indian town this morning those arriving said that, should the present mild weather continue, the ice would run out in a week or ten days. At the outside, allowing for ordinary weather, tug boat men figure that the river will be clear in three weeks.—Times.

### HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F J CHEENEY & Co., Toledo, O.

We the undersigned have known F J Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

WALDO, KINGS & MARVIN, Wholesale Druggists Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

The Customs revenue of Canada has broken all records. The first eleven months of the year closed Feb. 28th, with a total revenue of \$54,081,937, which is more than half a million dollars beyond the previous high water mark, made in 1907. It is confidently expected that when the year closes, March 31st, the Customs collections will have amounted to \$60,000,000.

The gain for the first eleven months this year amounted to \$11,461,228, during the month of February alone the collections totalled \$5,174,824, being an increase of \$1,971,176.

Don't try to patch up a lingering cough by experimenting. Take

## Allen's Lung Balsam

and relief is certain to follow. Cures the most obstinate coughs, colds, sore throats, or bronchial inflammation.

All dealers. DAVIS & LAWRENCE CO., Montreal.

EVERY statement, every claim, every guarantee concerning Red Rose Tea from the time it was first put on the market until to-day has been lived up to to the fullest degree. Its remarkable success and enormous sale are the result of this method of doing business, coupled with the all-important fact that Red Rose Tea has always been good tea.

"IS GOOD TEA"

Estabrooks' Red Rose Coffee will have the benefit of the same business methods. Equal skill will be employed in its selection and preparation, and equal determination to maintain its superior quality.

Estabrooks' Red Rose Coffee and Red Rose Tea will form a very strong partnership, each resting on its own quality, which, in Red Rose Tea, has been so aptly described as "good."

A good combination is Estabrooks' Coffee for breakfast and Red Rose Tea for other meals.

## Spring Styles Ready

—the handsomest hand tailored Suits and Overcoats ever shown in this city—created by the foremost designer in Canada.

The Fit-Reform craftsmen have surpassed themselves this season, and we are able to offer not only the richest and most exclusive styles and patterns, but also the greatest values.

At least, see these elegant spring Suits and Overcoats.

### FREE TO YOU—MY SISTER

### FREE TO YOU AND EVERY SISTER SUFFERING FROM WOMEN'S AFFLICTIONS.

I am a woman. I know woman's sufferings. I have found the cure. I will mail, free of any charge, my home treatment with full instructions to any sufferer from women's ailments. I want to tell all women about this cure—you, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourself at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhoea, White discharge, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths, also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feelings up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles where caused by weakness peculiar to our sex. I want to send you a complete 10 days treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and so. Remember that it will cost you nothing to give the treatment a complete trial; and if you like it and wish to continue, it will cost you only about 12 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer, if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it and learn to think for herself. Then when the doctor says, "You must have an operation," you can decide for yourself. The results of women have cured themselves with my home remedy. It cures all, old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Discharge, Painful or Irregular Menstruation in Young Ladies. Flourishing and health always result from its use. Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell you further that this Home Treatment really cures all women's troubles and makes women well, strong, plump and robust. Just send me your address, and the free ten days' treatment is yours, also the book. Write to-day, as you may not see this offer again. Address: MRS. M. SUMMERS, Box H 592 - WINDSOR, ONT.
