A R Foster, \$18.80.
D W C Stevens, \$8.55.
W W Hay, \$7.40 (less \$1).

Coun Melville pointed out that this bill charged for horse hire was not allowed by law. Mileage is allowed. He objected to Coroner Hay taking his own head for it, when the law laid down the plan.

A motion was made that the bill be paid less the horse hire \$1. An amendment was moved that the bill be paid at its face. Amendment lost. Original motion carried.

Dr M E Commins, \$3.
J C Hartley, \$115.
Arch Scott, \$4.

Coun Balmain moved that the finance committee and sec-treas be empowered to borrow \$5,000 for current expenses, pending the collection of the taxes. Coun Scott seconded the motion which was carried.

On motion Col A C Hartley was appointed overseer of the poor for Peel in the place of W W Boyer. A bill of Sheriff Tompkins for \$4, attending trial at Judge Carleton's chamber was ordered paid.

Coun Smith would like to see something done by which prisoners in the jail could be made to work on the roads or in some other way. He moved that a committee be appointed to look into this matter. Motion seconded by Coun Scott and carried. Couns Smith, Gibson and Britain were appointed a committee.

Coun Kinney moved, seconded by Coun Keenan, that the sum of \$75 be assessed for road damages and charged to the Parish of Kent, and when collected placed to the credit of the Highway Board.

Coun Estey moved, seconded by Coun Tracey, that \$15 be assessed on the Parish of Wicklow for land damages and placed to the credit of the

NERVOUS SYSTEMS

Always Follows a Run Down Condition of the Blood.

It is an old story now that nervous people tell of how the blood becomes poor and thin, and then the nervous symptoms followed. How many really know that the thin blood was responsible for the nervous disorders? The nerves get all their nourishment from the blood, and as thin blood is deficient in nerve-building material, the nerves become starved and pain and nervous breakdown is the result. Dr Williams' Pink Pills are a tonic for the blood that supply it with the necessary elements to nourish and tone up the nerves and, the cause being removed, nature does the rest and health is fully restored. Mrs Harry Paterson, Dauphin, Man., tells how she was cured of nervousness and general debility through the use of Dr Williams' Pink Pills. She says: "A few years ago I was all run down, and my nervous system apparently all broken up. I was weak, tired and nervous all the time. When I got up in the morning I seemed to be more tired than when I went to bed. I could not walk up an ordinary flight of stairs without sitting down panting for breath, and my limbs trembled like a leaf. I got so that it was almost impossible to do any housework, and so nervous that I wanted to cry about everything I did. I took several different medicines without the least benefit; then I read of Dr Williams' Pink Pills and decided to try them. After taking two boxes I felt a little better and I got a further supply which I continued taking for about a month when I was as well as ever; could do all my housework without difficulty, and could walk for a long distance without being all tired out. In view of the wonders Dr Williams' Pink Pills have done for me I sincerely recommend them to all weak, nervous, run-down people."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr Williams' Medicine Co., Brockville, Ont.

Highway Board.
Coun Tracey asked as to the old court house property at Upper Woodstock.
Coun Phillips—It is leased to Upper Woodstock District till the first of January next for \$16 a year.

Coun Melville moved that the building committee be authorized to issue tenders for the purchase of the

land and building and report to the committee at January. Coun Lamont seconded the motion.

Coun Estey thought the people of Upper Woodstock should be given this property, from a moral point of view if for no other reason.

Coun Estey—I would be in favor of giving the Upper Woodstock people the preference, but if the committee advertise they will have to take their chances. They had been promised the preference.

Coun Phillips—They might have the preference, but they have had the advantage of the court house for a great many years.

Coun Brown had changed his views since last session. Then there was some talk of it being a park. Now we have the island—the new Connell Park, which was opened to the residents of the county as well as the town.

Coun Smith asked if when Col Richard Ketchum gave this land it was to revert to his heirs.

Mr Hartley—It is a deed without any restrictions.

Coun Smith—In that case I will support the motion. I think we ought to get as much as we can.

Coun Melville—I am glad to see so many councillors are less anxious to give away the public property than they were last winter. As a matter of fact Upper Woodstock was probably never the place for the court house.

Coun Lamont thought we should get as much as we can for the property, but he did not believe in selling the property. Rather lease it and hold on to it. It will not be less valuable in ten years than it is now.

Motion carried.
Coun Britain brought up a question of a new road in Hartland. How was the money for land damages to be secured?

Sec-treas—You can take it out of the Highway Board grant.

Coun Britain—The people want the road but the commissioner will not make it till the damages are paid.

Sec-treas—If you have not the money the county would have to pay 6 per cent interest; to loan to Brighton.

Coun Britain then moved that \$108 be assessed and charged to Brighton as road damages.

Coun Morgan seconded the motion said that under the Highway Act all roads were to be four rods wide. This road could not be more than 30 feet by some 288 ft long. Would it be a legal road?

Mr Hartley said once the road was

SHE WAS SURPRISED

When Dr. Morse's Indian Root Pills Cured her Chronic Liver Complaint

Mrs. R. Smith, of Winnipeg, Man., tells an interesting story of relief from almost intolerable sufferings:

"I can hardly tell you how great my sufferings have been. Chronic liver complaint accompanied by biliousness was a daily source of trial to me. Every day I experienced the sickening effects of these ailments. I longed for some medicine that should permanently drive them away."

Hearing of Dr. Morse's Indian Root Pills, I thought they were worthy of a trial. My surprise was indeed great. From the very first I experienced relief. Continuing with them I found my troubles were slowly but surely leaving me, and before long I once more knew what it was to be free from the harassing effects of the ailments that had long sickened and weakened me. So great is my faith in Dr. Morse's Indian Pills that I shall never on any account be without them."

taken over and used as a public road it would so remain, although it might not be possible to have it the width directed by the act. Motion carried.

Coun Melville asked for information as to the liability of a parish for the care of a lunatic. The sec-treas pointed out that when an outsider of the county became a lunatic within the county, having a residence here, the parish where he became a lunatic must pay his toll at the asylum.

Coun Morgan referred to by-law No 5 regarding the imposition of license for traveling showmen. He wished to know how far this extended. The question is as to enforcing a license on local entertainments.

Mr Hartley—It covers practically any performance at which there is an admission charged. But in Woodstock we do not enforce it in the case of local entertainments.

On motion of Coun Lamont Olys Hughes, district clerk, is to be paid \$2 and charged to Aberdeen.

Mr D Johnson was heard in the matter of lighting the court house; he said that the electric company would light the whole building at a cost of \$75 flat rate. Upon motion the matter was left in the hands of the building committee.

Coun Smith spoke of the long service of Coun Williams at this board and moved that a committee be appointed to arrange for a banquet or some other suitable testimonial to be presented to him at the meeting of the Council in January next.

Coun Kinney seconded the motion the warden appointing Couns Smith and Kinney such a committee.

Coun Phillips raised the question of the occupancy of the rooms over the Record Office as a residence by the Registrar.

Coun Brown said there was a certain amount of feeling around town as to Mr Leighton using these rooms free and he moved that the question be left in the hands of the building committee.

Coun Lamont seconded the motion.

Coun Smith—Let us settle the matter at once.

Coun Scott—I think the building committee has charge of all these things. The other committees will be perfectly satisfied with what they will do in this matter.

Coun Williams asked if the building committee had ever conferred with Mr Leighton.

Coun Phillips—No.

Coun Phillips—I would like the matter settled by the board.

Coun Shaw—The matter is already in the hands of the building committee.

Coun Lamont moved that this Council decide whether or not they shall ask for rent leaving the amount of rent to be demanded to the discretion of the building committee.

Coun Britain seconded the motion which carried.

Coun Lamont then moved, seconded by Coun Britain that the building committee exact rent from Mr Leighton or whoever occupies the premises. Carried.

Coun Smith speaking of the Dominion exhibition in St John, said he would like to see Carleton County well represented. He thought it would be well for the council to make a grant to pay certain persons to look up suitable stock to be sent to the exhibition. He moved that for this purpose a grant of \$350.00 be made for this purpose; that would be only \$29 for each parish.

Coun Scott seconded the motion.

Coun Melville—I don't think the stock raisers would agree about this.

Coun Perry thought the motion was not well advised. Motion put and lost.

On motion of Coun Williams, the appointment of John A Watters, as overseer of the poor in the place of

The destruction of the house fly is a public duty. Almost every American State Board of Health is carrying on a crusade against him.

His filthy origin and habits, and the fact that his body is generally laden with disease-producing germs, makes him one of the greatest enemies of the human race.

If the housekeepers of Canada will use

WILSON'S FLY PADS

persistently, this peril would be tremendously reduced.
