## TIPS

ON BUYING  
OR SELLING

## A FARM

Bargains are picked from the dozens—not from the two or three.  
So, when you get ready to buy a farm—or want to sell one—get in touch  
with the scores. I have them by the dozens. Some of the finest farms  
in Carleton County—and that means some of the best on earth. If you  
want to buy a farm send for my list. A postal card will bring it.

If you want to sell a farm find out how I do it, before you try to  
do it yourself. Communicate with me now. I can sell it a whole lot  
quicker than you can, if the property is worth what you ask for it. Don't  
waste time writing to me if you want more than your farm is worth. I  
protect both the seller and the buyer, and I deal only in good values.

#### KNOXFORD

Baskets will be cheap this fall. There  
are five wigwags pitched on T. C. Cans  
property.

Everyone in this place who wasn't  
particular where they went so long as  
they had a good time went to camp meet-  
ing Sunday, at Riverside, Robinson.

Nearly every one is done haying here  
or finishing in spite of the rainy weather.  
Silas Burt, Royalton, has a black bear  
cub tied to a stake in his yard. "It was  
captured in Miramichi woods by George  
Wiggins.

Rollie Bartley was on the sick list last  
week. He is better at this writing.

We expect to pick up our potatoes on a  
flat car this fall. The valley engineers  
have the survey on the west side of the  
road. It runs across our farms about half  
way back.

Don't forget the tea meeting in James  
Toms' grove, Aug 24th, under the direc-  
tion of the Ladies Aid of Knoxford and  
Tracey Mills.

We are glad to see Mr R Longstaff's  
new house on its feet.

#### SUMMER RECORDS OF CHILDREN'S DEATHS.

Records show that by far the greatest  
number of deaths among little ones occur  
during the hot summer months. The ex-  
cessive heat, the difficulty in keeping  
baby's milk sweet, improper food all tend  
towards bringing on those dreaded baby  
troubles—cholera infantum, diarrhoea,  
dysentery and other stomach and bowel  
troubles. To guard against these troubles  
Baby's Own Tablets should be kept in the  
house. An occasional dose of the Table-  
ts will prevent these deadly summer  
complaints or cure them if they come on  
suddenly.

Mrs O Morin, Ste Tite, Que.,  
says: "My baby suffered from a severe  
attack of cholera infantum, but after giv-  
ing him Baby's Own Tablets the trouble  
disappeared and he regained health splen-  
dently." The Tablets are sold by medicine  
dealers or by mail at 25 cents a box from  
The Dr Williams' Medicine Co., Brock-  
ville, Ont.

#### GLASSVILLE

Mr John McIntosh, recently bought and  
shipped from this vicinity 560 lambs to  
the Boston market.

Roderick Lee sold 12 lambs aggregat-  
ing 1180 lbs, bringing him \$59.00. Some  
time since Mr Lee sold from one ewe  
three lambs for \$9.60.

John Anderson of East Glassville sold  
to Mr McIntosh 13 lambs and 7 ewes for  
\$50.00. He also sold 8 fleeces for \$11.88.  
That is 54 lbs washed wool at 22 cents  
per lb. From his flock of 7 ewes and a  
ram Mr Anderson this year received  
\$61.88 total.

This shows what good farmers can do  
in New Brunswick. One would travel  
some distance to get better returns from  
an investment.

sample of the only Practical culvert and a handsomely illustrated book tell-  
ing all about it. For drainage, road-repair, and a score of farm-uses there is no  
culvert so economical as this. Made of heavy Billet Iron; curved cold into half-  
sections. Then deeply corrugated—makes it five times stronger than smooth-  
surfaced pipe. with lead and zinc against rust, damp-  
ness, decay, corrosion. Will outlast

### PEDLAR GALVANIZED CULVERT

These pictures show how easily and quickly you can lay Pedlar Culvert. Comes nested,  
half-section within half-section—saving freight and cartage. Triple-thick Flat Flange lock-  
ing ribs on each side are clamped together by a simple tool—no bolts or rivets needed.  
Joints are bolt-on—only culvert you can do that with. Ends interlap. Will stand tremen-  
dous strains. Won't leak, nor buckle, nor crack from frost. Cheaper than wooden culverts.

### An Investment—Not An Expense

Investigate first. Send for the free sample and book. Then recommend this culvert to your  
township officials—push the Good Roads Movement—this culvert keeps roads in better  
shape. Use it, too, for any drainage about your farm—there's a size for every purpose.  
Railways use and approve it—and you know what careful buyers railways are! Investigate.

### Saves Labor and Money

A roofing that has to  
be painted every  
year or two is a  
constant care. Suppose  
you should neglect to  
paint yours in time. The  
chances are that when you did  
remember, (which would prob-  
ably be when you discovered it  
leaking) it would be too late  
to paint or patch. You would  
need a new roof.

Now you can avoid all this  
bother and expense by buying  
Amatite, which needs no paint-  
ing or coating of any kind.

We will send you a sample  
free. Write for it to-day and  
settle the question for yourself.  
It will only cost you a postal  
card and will save you many

dollars in the end.

Amatite comes in convenient  
rolls ready to be laid on the  
roof. Anyone can do the job.  
Liquid cement to seal the laps  
and large headed nails are sup-  
plied free in center of each roll.

We wish you knew as much  
about Amatite as we do; you'd  
buy it every time. It's the  
kind of ready roofing that  
makes satisfied customers.

Send to-day for a free sample  
to nearest office. That tells  
the story.

### Big Fair at St John.

With the new buildings completed,  
painters and decorators through with  
their three-months labors and everything  
in readiness for the assembling of the  
greatest exposition of Canada's natural  
and manufactured products ever held in  
the eastern section of the Dominion the  
great fair to be held in St John, N B, from  
the 5th to the 15th of September next is  
assured beyond question of unparalleled  
success. The Dominion Exhibition of  
1910 will go down in the history of New  
Brunswick as the most important and  
beneficial in the long list of similar events  
held during the last forty-five years in  
that province.

The big show will have numerous im-  
portant departments making it truly na-  
tional in scope and character. The Gov-  
ernment of New Brunswick has come  
nobly to the front with mineral, forestry,  
game and other important display; manu-  
facturers in Chicago, New York, Boston,  
Montreal, Toronto, Ontario cities in gen-  
eral, also Quebec centres and Maritime  
Provincial parts have taken up space in the  
four large industrial buildings to a  
numerical extent exceeding former shows  
by one hundred exhibits. In the cattle  
accommodations which experts claim to  
be the most modern in America, there will  
be over 750 head of high grade cattle, a  
comprehensive horse show, a building full  
of poultry, sheep, swine and pet stock.  
There will be automobiles, motor craft  
and wheeled vehicles of all kinds in the  
transportation building, demonstrations  
in dairying, products of the dairy and  
dairying lectures; exposition of Women's  
Work and Domestic Science, Educational  
competition, Natural History Museum,
