

DO YOU KNOW

that 90% of the telephones used by Canadian farmers have been manufactured by us? We are proud of this fact, for we think you will agree with us that it is a guarantee that our telephones give satisfaction to the farmer; it was to satisfy the farmer that we spent \$10,000 in designing and developing our 1317 type Telephone Set, which contains the most up-to-date features of any telephone intended to meet the requirements of rural service.

"How to Build Rural Telephone Lines"

is the title of a most interesting and instructive book which we have just published and which we will be pleased to send you FREE. It not only contains a full description of our telephones, but it also tells the complete story of the organization and construction of a Rural Telephone Company from the time the first post hole is dug until the last telephone is installed. With this book you have something definite to work on and can go among your neighbors and organize a community-owned system in your own locality. The book costs nothing—write and ask for Bulletin No. 1.

TERRIBLE WORK OF DYNAMITE FIEND.

Rewards of \$18,500 Offered For Clue to One Who Blew Up Newspaper Plant With Such Appalling Results.

Los Angeles, Oct. 2.—A large force of workmen, after digging for thirty hours into the debris of the Times building, wrecked by an explosion Saturday morning, have unearthed five of the nineteen bodies buried in the ruins. The men are still at work at night, aided by a huge railway crane and derrick, which is lifting out the masses of heavy steel.

In the meantime the police are guarding the home of General Harrison Gray Otis, proprietor of the Times, and that of General Manager Harry G. Chandler. Guards are also watching over the plants of several concerns recently involved in strikes. Three arrests have been made since the explosion. One of the suspects is an alleged anarchist, Martin Egan. In the hope of obtaining information as to the perpetrator of the outrage Mayor Alexander increased the city's offer of reward today to \$10,000.

BIG REWARDS.

This, together with the offers of local newspapers and labor organizations, whose leaders have announced a determination to assist in the search for the criminals, raises the total amount of rewards to \$18,500.

The city's offer is intended to tempt any one having knowledge of a dynamite conspiracy to divulge the secret. There are no conditions. Mrs. Churchill Harvey Elder, wife of the night editor, who died of his burns and injuries yesterday, arrived here from San Francisco and shortly afterward collapsed from the strain under which she had labored since learning of the catastrophe. She is in a serious condition tonight.

John Howard, jr., son of one of the linotype operators, whose body is believed to be in the ruins, also collapsed today. Since the morning of the explosion he had been watching the ruins and waiting for the shovel men to work their way to the body.

The inquest will be held Tuesday. At that time the committee of dynamite experts and engineers appointed by Chief of Police Galloway to investigate the wreckage in an effort to learn the character of the explosive used will report their findings. Little in the way of evidence that might lead to the discovery of clues has been found. Detectives have spent hours investigating at the home of F. J. Zeehandelaar, secretary of the Merchants' and Manufacturers' Association, near whose home a bomb was found, but nothing tangible has been discovered.

REMARKABLE ESCAPES

Among the remarkable escapes chronicled since the explosion and fire were those of George W. Long and his force of four engravers. They were on the sixth floor of the building. In the few seconds intervening between the explosion and the envelopment of the building in flames the men made their way to safety, while the linotype men and the printers on the second floor were trapped by fire and perished. Of the engraving force only one was hurt. He has a few bruises on one hand.

Similar escapes were made by Mark Bentley, chief pressman, and his associates. Bentley and his men were making ready to run off a section of the Sunday paper when the roar of the explosion sounded and the floors overhead fell. The press room was filled by a cloud of smoke and dust. Walls of flame blocked off the doorways and ventilators. Bentley said it seemed as if he and his men were doomed to die in the basement when one of the men remembered that the hole had been cut near the sidewalk for some temporary purpose. The pressmen made a rush for this avenue of escape and found it, despite the smoke, which blinded and almost suffocated them, and one by one they crawled to safety. Most of those who escaped by other exits and by jumping from windows were only slightly injured.

Charles Lovelace, suburban news editor, who was one of the few in the editorial room at the time of the explosion, will be confined to a hospital for many months. He was seriously burned.

Capt Paul Flammer, chief of detectives, stated tonight that A. J. Burns, formerly connected with the San Francisco graft prosecution and now head of the secret service of the American Bankers' Association, and W. J. Moran, of the U. S. secret services, inspected the ruins of the Times office today and said that in their opinion the building was destroyed by a charge of nitro-glycerine.

FATHER MORRISCY'S WAY

Of Curing Catarrh is Simple and Effective.

In treating catarrh, some doctors recommend internal remedies, while others pin their faith to external applications. Internal medicines do not produce immediate relief, while external ones do not reach the seat of the trouble.

Father Morrissey's method was to supplement one treatment with the other. His famous prescription, "No. 26," consists of tablets and salve, each skillfully compounded of Nature's own remedial agents. The learned priest did not believe in using dangerous and powerful drugs, when simpler and better remedies were available.

The tablets, to be taken three times a day, invigorate the system, purify the blood, and restore the health and vitality. The antiseptic salve, applied inside the nostrils, soothes and heals the passages and destroys the germs therein.

Attacking the disease from within and without, and working together, the two treatments known as No. 26 quickly cure catarrh and prevent future trouble.

For this tried and true combined remedy, 50c. at your dealer's or from Father Morrissey Medicine Co., Ltd., Chatham, N.B.

Wedding Favors.

They were driving from the railway station to the village in which the blissful honeymoon was to be passed, and, though she had not as yet brushed the confetti out of her hair, the bride was in an agony of nervousness in case they should be taken for anything but a couple well-seasoned to the joys and sorrows of matrimony. Presently the carriage drew back with a jerk. "What's the matter?" queried the bridegroom of the coachman. "Horse thrown a shoe, sir," said the driver. The bride clutched her husband's arm, and with what sounded suspiciously like a sob—"Oh, Dear George," she said, "is it possible that even the very horses know we are married!"

Wear "Lustre Loom" Underskirts for satisfaction! They are feather light and silken bright.

Hartford Times: Having spent \$100,000,000 on its New York station and approaches and \$15,000,000 on the magnificent Washington station, the Pennsylvania Railroad Company will now proceed to invest \$20,000,000 in a new Chicago terminal, which will also be used by the Burlington and Algonquin railroads. This is the era of magnificence in railway terminals, which are the greatest architectural achievements of the American nation, up to the present time.

MINARD'S LINIMENT CO. LIMITED.
GENTS.—A customer of ours cured a very bad case of distemper in a valuable horse by the use of MINARD'S LINIMENT.

Yours truly,
VILANDIE FRERES

AFTER THE AGE OF 50 people find that their strength is not what it used to be, and they frequently suffer from sudden exhaustion, and weak heart action. To all such we recommend the invigorating tonic FERROVIM, composed of fresh beef, Citrate of Iron and pure old Spanish Sherry Wine. Nothing could be more beneficial in such cases. \$1.00 a bottle.

ALWAYS SERVICEABLE.—Most pills lose their properties with age. Not so with Parmelee's Vegetable Pills. The pill mass is so compounded that their strength and effectiveness, is preserved and the pills can be carried anywhere without fear of losing their potency. This is a quality with Parmelee's. Some pills lose their power but not so with Parmelee's. They will maintain their freshness and potency for a long time.

ONE FACT IS BETTER THAN TEN HEARSAYS.—Ask Doctor Burgess, Supt. Hospital for Insane, Montreal, for his opinion of "The D & L" Menthol Plaster. The genuine made only by Davis & Lawrence Co.

IT IS WISE TO PREVENT DISORDER.—Many causes lead to disorders of the stomach and few are free from them. At the first manifestation that the stomach and liver are not performing their functions, a course of Parmelee's Vegetable Pills should be tried, and it will be found that the digestive organs will speedily resume healthy action. Laxatives and sedatives are so blended in these pills that no other preparation could be so effective as they are.

Through indiscretion in eating green fruit in summer many children become subject to cholera morbus caused by irritating acids that act violently on the lining of the intestines. Pains and dangerous purging ensue and the delicate system of the child suffers under the drain. In such cases the safest and surest medicine is Dr. J. D. Kellogg's Dysentery Cordial. It will check the inflammation and save the child's life.

Minard's Liniment Cures Garget in Cows.

CANADA.

Canada, what will ye claim on history's page
Shall ye shine the brightest star of the age?
In the Hall of Fame, shall your sons stand—
Wreathed with the laurels of the land?

On the broad battlefields of future strife
Mid the beating of drums, will ye show the life—
Of a nation strong that scans the tide
Of Human Destiny. Shall your hand guide?

Or shall ye for the sordid gains of gold
Sacrifice all, like Babylon of old,
And lose the birthright of fair honor's name?

Abno! Oh Canada! 'Tis not for you, this shame.

Your land shall mould the hearts of men
To nobler aim, your soul shall lend—
A courage that will endure through-
out the ages,
Write deeply in the future history pages.

EDWARD MORGAN YERXA.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

TONGUE TWISTERS.

A London paper recently offered a series of prizes for the best tongue twisting sentences. The following were the prize winners:—

The bleak breeze blighted the bright broom blossoms.
Two roads totally tired tried to trot to Tebdury.

Strict, strong Stephen Stringer snared six sickly snakes.
Susan shined shoes and socks; socks and shoes shine Susan. She ceased shining shoes and socks, for shoes and socks shock Susan.

A haddock, a haddock, a black-spotted haddock; a black spot on the black back of a black-spotted haddock.

Oliver Oglethorpe ogled an owl and an oyster. Did Oliver Oglethorpe ogled an owl and an oyster? If Oliver Oglethorpe ogled an owl and an oyster, where are the owl and the oyster Oliver Oglethorpe ogled?

AN OIL THAT IS FAMOUS.—Though Canada was not the birth-place of Dr. Thomas' Eclectic Oil, it is the home of that famous compound. From here its good name was spread to Central and South America, the West Indies, Australia and New Zealand. That is far afield enough to attest its excellence, for in all these countries it is on sale and in demand.

A Shrewd Selection.

(M A P)

Dr Wood, the popular headmaster of Harrow School, once told a story of a boy who missed a battalion drill, which is considered a somewhat serious offence at the famous school. The doctor summoned the lad to his study and thus addressed him: "Do you know, as the honorary Colonel of the cadet corps, I can have you shot and as the head master I can have you birched? Now, which sentence do you prefer?" The humor of the situation overcame the culprit's nervousness, and with a smile he replied: "I prefer to be shot, sir, because then you'll be hung."

Don't let an unscrupulous dealer force on you an imitation of the "D. & L." Menthol Plaster. Look for the "D. & L." trade-mark on the tin. It guarantees the genuine and the most effective remedy for Rheumatic aches and pains, Lumbago, Sciatica, Backache, etc. 25c. each. Yard rolls equaling seven of the regular size \$1.00.

A. H. THOMSON, Manager.

Fredericton, N. B.
Sept 21st, 1910.

SEALED TENDERS, addressed to the undersigned, and endorsed "Tender for Public Building, Campbellton, N. B.," will be received at this office until 4:00 p.m., on Tuesday, October 18, 1910, for the construction of a Public Building at Campbellton, N. B.

Plans, specification and form of contract can be seen and forms of tender obtained at the office of Mr. D. H. Waterbury, Clerk of Works, Custom House, St. John, N. B., on application to the caretaker Post Office, Campbellton, and at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS, Secretary.

Department of Public Works,
Ottawa, September 22, 1910.
Newspapers will not be paid for this advertisement if they insert it without authority from the department.

WANTED.

Boy to learn Drug Business. Apply to P. O. Box 155, Woodstock.

Death from an electric current caused by a paralysis of the heart or by the cessation of breathing. It has been found in Vienna that a horse could be killed instantly with a current of 100 volts, and the same was needed to kill a dog. A rabbit endured a current of this voltage, and it took a good deal more to kill it whereas the experimenters could not with their apparatus produce a current strong enough to kill a frog.

Special Notice.

BETTER THAN SPANKING.
Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box 242 Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urinal difficulties by day or night.

Over Half-Century.

Humphreys' Specifics have been used by the people with satisfaction for more than 50 years. Medical Book sent free.
