## A Speedy Cure

Kentville, N. S. Jan. 1st, 1910.

Messrs C. Gates Son & Co,

This is to inform you that I have been a sufferer for the last fourteen years from Kidney and Stomach trouble, brought on by severe colds, having been laid up every winter during that time. Last year I was laid up seven months so that I could not go out of the house. Dropsy set in and my stomach swelled so that I was six inches larger than my usual size, had two doctors in attendance, but I grew worse and they were going to tap me. My friends despaired of my life. At this time I was recommended to use GATES' LIFE OF MAX BITTERS and INVIGORATING SYRUP No. 1, and in one week after commencing their use, my size was reduced two inches, and four weeks was reduced to my usual size so that I went to work in my mills, and have been able to continue it ever since. By continuing the use of your BITTERS and SYRUP I hope to get a cure of the kidney and stomach trouble so far as it is possible, as it always helps me when I take it.

You may make these truths known for the benefit of sufferers.

Yours very gratefully,  
JOHN W. MARGESON

## Million Loss in Forest Fires in West.

Mistatim, Sask., May 27.—Without a moment's warning and while a train crew and men were making almost superhuman efforts to save the McKenzie & Mann lumber mill yesterday, fire swept down on the Cowan Construction Company's camps about 2 o'clock yesterday afternoon and in less than thirty minutes the fire had swept across the track and completely destroyed the saw mill, seventeen Canadian Northern Railway box cars, camps, stables, stores and other buildings and a considerable quantity of lumber. The mill and lumber is insured. The mill will likely be rebuilt, as there is a summer's cut of logs left in the pond untouched by the fire.

With the amount of timber destroyed in the bush and ties burned along the track, the losses will be exceedingly heavy and may exceed \$1,000,000.

Trains were unable to go through the fire for the last eighteen hours and the telegraph lines are burned down in many places and the fire is spreading and running east today before the northwest wind, and no sign of rain.

There seems to be nothing that will prevent the fire reaching Shaw Bros limits, east of here. The whole country from near Crooked River to Bannock, thirty miles in length, seems to be almost completely fire-swept and it is unknown how far north and south the fire has spread but it must be many miles.

Conditions along the railway line today were considerably improved and the fire evidently has spent itself along the track.

## FORCING YOURSELF

### TO TAKE FOOD

The Tortures of Indigestion Banished by the Tonic Powers of Dr. Williams' Pink Pills.

Victims of indigestion have small choice between two evils—on the one hand a starvation diet, which means great weakness and depression of spirits, and on the other hand forcing themselves to take nourishment in spite of the acute suffering inflicted by each meal.

In the search for a cure they find common medicines upset the stomach and render the food more difficult to digest. Laxatives are violent and weakening, and so-called "pre-digested foods" merely evade the cause of the trouble and the stomach steadily grows weaker.

The common sense way of curing indigestion is the Dr. Williams' way—the making of new, rich blood by Dr. Williams' Pink Pills that gives tone to the weakened system and invigorates the distressed digestive organs. Dr. Williams' Pink Pills have cured thousands of the worst cases of indigestion through their simple tonic treatment and one excellent example of these cures is the case of Miss M. Y. O'Rourke, Sorel, Que., who says: "For upwards of nine years I suffered almost continuously the tortures of indigestion. At times I had no appetite; at others there was a craving for food, but whatever I took caused me the greatest pains. As the result of the trouble I suffered from violent headaches, and I grew pale and weak. I tried many different medicines; some gave me a little relief, but none gave me any permanent benefit until I began using Dr. Williams' Pink Pills. I had only taken these a few weeks when I found such help as I had not found before. The pains after eating gradually disappeared, my appetite grew better, and after using the Pills for a couple of months I found myself completely cured, and have not since had a twinge of the trouble. I gratefully recommend Dr. Williams' Pink Pills to all who suffer from any form of indigestion."

Through their action on the blood Dr. Williams' Pink Pills cure such troubles as anaemia, indigestion, sick headaches, rheumatism and all forms of nervous troubles such as neuralgia, St. Vitus dance, and partial paralysis. These Pills are especially valuable to growing girls and women and cure the headaches, sideaches and other pains known only to them. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## GUARD THEIR HEALTH

Children Who Grow Very Fast Need Careful Watching.

Next to infancy, the years between ten or twelve and eighteen are the most critical in life, especially for the boys and girls who grow too fast. Rapid growth and the physical changes that are taking place render them particularly liable to weakness and disorders of the digestive system. Kidneys or lungs that very frequently, when allowed to run on, condemn them to a lifetime of suffering. It is most important that at this period of life those organs which carry off the body's waste and impurities—the bowels, the kidneys and the skin—should be kept active and vigorous.

Nothing will do this more effectively than that good old-fashioned remedy, Dr. Morse's Indian Root Pills. It acts directly on each of these organs, enabling them to do their work properly, and thus keeps the whole system pure and healthy.

Dr. Morse's Indian Root Pills are still made from precisely the same formula as when our grandparents used them, for nothing better has ever been devised. Made by W. H. Comstock Co., Ltd., Brockville, Ont., and sold by all dealers at 25c. a box.

## Good Corner.

Apart from the toil of a farmer's life, In the busy month of May, At the "Sentinel's" call to pen a line, I will not answer, nay.

All is activity here; we are working 24 hours per day. While returning home between this place and Bloomfield, Ed. McAuley, accompanied by his wife and child were thrown from their wagon and were somewhat injured. The horse, which is a spirited beast, ran about two miles before it was captured, but apart from a long walk for the unfortunate ones, nothing resulted.

The comet passed over without doing any damage, although some people prayed who have neglected to pray since the comet last was around.

Seventy-five years ago, our mean man was afraid the comet might cross his meadows, and would probably have prosecuted it if it had. He will probably die before it returns again.

Ellis Carmichael, Willard Gray, Ingles Harold and Roy Good; these gentlemen the writer wishes to publicly thank for their kindly assistance last Monday afternoon. They came with teams and plows and without money or rum, turned five acres of ground. It seems a newspaper correspondent has friends if he follows just one little receipt, viz: mind your own business.

Henry Good has a nice horse. Dr. White, V. S., is in attendance.

Eli Waters lost a valuable bull last week by drowning.

Our postmaster, J. A. Good was somewhat injured last week by being thrown from his wagon, his horse having become frightened at two ladies. "Habuler" showed his good sense; I am afraid of women myself. The young man was somewhat matrimonially inclined, and as he was a bit venturesome, he told me some of his troubles. "She thought," said he, "that I was mad, and I thought she was mad, so I sat and looked at her, and she sat and looked at me. At last I up and says, I ain't mad! and she says, I ain't mad neither. Then I kissed her and she kissed me, and I was glad, and she was glad; but say, the old man was awful mad, but I don't care."

Mrs. Ingles Harold cut 12 bbls of seed potatoes in 9 hours and 35 minutes. When you beat this she will try again.

Fertilizer has a wonderful effect on both the animal and vegetable kingdoms; it makes very large potatoes and small pocket-books, it makes the farmer scratch his head, and all who handle it smell alike.

Miss Bessie McLeary, of Bridge-water, Me., Ernest Powell and Ruby Harold, of this place, called on your scribe last Sunday.

"Clara is always so short of money! Didn't her father leave her a lot?" asked a lady of another. "Yes," was the reply, "but you see she does not get it till she's thirty, and she'll never own up to that age."

"I suppose we will soon be hearing the joke about the big fish that got away?"

"My friend, replied the fisherman, "with food at present prices, the fish that gets away is not a joke. It is a calamity."—Washington Star.

## FAMOUS LADIES' ORCHESTRA ENGAGED.

Madame Renfrew's Players for Dominion Exhibition at St. John, N. B.

The star musical attraction at the Dominion Exhibition, to be held at St. John, N. B., September 5th to 15th next, will be Madame Belle Yeaton Renfrew's Ladies' Orchestra of 25 players. This organization ranks high in musical circles of America, and is being brought to St. John as a very considerable expense. The comely bevy of young ladies dress most attractively in different costumes from day to day, and their programmes are a happy comingling of popular, classical, household, religious and national music. They have numerous specialty numbers, in imitation of animals, minstrel troupes, etc., and among the party are some veritable comediennees, who create merriment as well as delight from the musical standpoint. Madame Renfrew's Orchestra will be heard afternoon and evening at a central point in the main buildings, and to assure the thorough enjoyment of its programme special seating provision will be made nearby. During the afternoons and evenings local brass bands will supply music in front of the Grand Stand and round about the grounds, also being employed for parades through the city twice daily. In the Amusement Halls special orchestras will be heard. On April 20th, the Manager, H. J. P. Good, of the Dominion Exhibition, cabled the management of the Grenadiers Guards Band of England, asking if there was any possibility of securing this famous organization for one of the Exhibition days at St. John during their Canadian tour. It may transpire that this can be arranged, and if so one of the finest features of the year will be in store for visitors.

## THE MONTHS.

All know "Thirty days hath September," but some may never have heard Sheridan's rhyme of the months:  
January, snowy; February, flowy;  
March, blowy;  
April, showery; May, flowery; June, bowery;  
July, mopsy; August, croppe; September, poppe;  
October, breezy; November, wheezy;  
December, freezy. —Western Christian Advocate.

## Saved Her Life!

Wife and Mother Restored to Her Anxious Family.

St. John, N. B., June 3rd. At one time it was feared that Mrs. J. Grant, of 23 White St., would succumb to the deadly ravages of advanced kidney trouble. "My first attacks of backache and kidney trouble began years ago. For six years that dull gnawing pain has been present. When I exerted myself it was terribly intensified. If I caught cold the pain was unendurable. I used most everything, but nothing gave that certain grateful relief that came from Dr. Hamilton's Pills of Mandrake and Butternut. Instead of being bowed down with pain, today I am strong, enjoy splendid appetite, sleep soundly. Lost properties have been restored into my blood—cheeks are rosy with color, and I thank the day that I heard of so grand a medicine as Dr. Hamilton's Pills.

Every woman should use these pills regularly because good health pays, and it's good, vigorous health that comes to all who use Dr. Hamilton's Mandrake and Butternut Pills.

## "Big Ben."

"Big Ben," London's most notable clock, is regarded in the British metropolis as almost a national institution, and considerable worry has been caused because its voice is cracked. Here are some striking facts about "Big Ben."

It is the largest striking, most powerful and most accurate public clock in the world, the first blow on "Big Ben" at each hour denoting correct time.

The four dials are each twenty-three feet in diameter, the centers being 150 feet from the ground. The figures are two feet long and the minute spaces one foot square.

## SAVED FROM THE KNIFE

### Appendicitis Cured By "Fruit-a-tives"

NEWBURY, ONT., Feb. 12th, 1910.

"Just about a year ago, our daughter Ella, (fourteen years), was taken with terrible pains in the right side. The pain was so severe that we had to carry her to bed. We at once put her under the care of a first-class doctor, who pronounced it a case of Appendicitis and advised an operation."

We took her to a hospital in Kingston where she was again examined by an eminent specialist. He said she had Appendicitis and must be operated on at once if we wanted to save her life. As we had taken her to Kingston to have this done, we were ready, but our daughter was afraid and cried and begged so pitifully, that we postponed it for that day. Luckily for us and for her, an uncle came in with some "Fruit-a-tives" and insisted on Ella taking them. Good results were apparent almost from the first dose, and the continuous treatment cured her.

"Fruit-a-tives" saved our daughter from the surgeon's knife and to-day she is enjoying the best of health."

J. W. FOX, (Father),  
LILLIAN FOX, (Mother).

Words cannot express the gratitude of Mr. and Mrs. Fox. And Miss Ella will always remember "Fruit-a-tives"—the discovery of an eminent physician, and the only medicine in the world made of fruit. 50c. a box, 6 for \$2.50, or trial box 25c.
