

Hartin Settlement.
Coughs and colds seem to be the order of the day.

Mr and Mrs Jas Hartin, Misses Clara McLeellan, Anna Bell and Dolly Hartin, George, Earl and Frank spent a very enjoyable evening at the home of Mr and Mrs Andrew McPherson into which they have recently moved.

Mr O Connolly has greatly improved the school house by building a platform at the door.

Mr Walter Bailey of Kirkland spent a week with friends in this vicinity.

Andrew Scott spent Monday in Woodstock.

Dolly Hartin left on Tuesday for Oak Bay. She will be greatly missed in the community.

Hark, do we hear wedding bells? Frank does not seem to go down the road lately wonder why?

Harry Hartin is in the employ of Adam McPherson.

Miss Clara McLeellan has resumed her duties here as teacher and we are well pleased by the way in which the school is conducted.

Miss Nellie Boyd has returned home from Waterville where she was employed this winter.

Mr James Thompson has moved in with Dick Nicolson.

It seems to be having a pretty good time since U came back.

Eddie Furrow has purchased a new farm. Loo-s like business Eddie!

MOST REMARK- ABLE CURES EVER MADE BY ANY REMEDY.

Are Daily Credited to the Wonderful Powers of "Fruit-a-tives."

Bancroft Man Thinks This Fruit Medicine Will Work Miracles.

It is the old chronic case, the stubborn case, the case that will not yield to the ordinary remedies of the physician, that "Fruit-a-tives" never fails to cure. Many of the cures made by "Fruit-a-tives" are the wonder and admiration of the doctors who cannot understand how "Fruit-a-tives" can do what they cannot.

Bancroft, Ont., October 17th.

"I have been troubled for years with indigestion—have tried every kind of medicine, and found only temporary relief. Then I used 'Fruit-a-tives' and now I am no longer troubled with indigestion. I think it is a splendid remedy."

A Speedy Cure

Kentville, N. S. Jan. 1st, 1910.

Messrs C. Gates Son & Co,

"This is to inform you that I have been a sufferer for the last fourteen years from Kidney and Stomach trouble, brought on by severe colds, having been laid up every winter during that time. Last year I was laid up for seven months so that I could not go out of the house. Dropsy set in and my stomach swelled so that I was six inches larger than my usual size, had two doctors in attendance, but I grew worse and they were going to tap me. My friends despaired of my life. At this time I was recommended to use GATES' LIFE OF MAN BITTERS AND INVIGORATING SYRUP No. 1, and in one week after commencing their use, my size was reduced two inches, and four weeks was reduced to my usual size so that I went to work in my mill, and have been able to continue it ever since. By continuing the use of your BITTERS AND SYRUP I hope to get a cure of the kidney and stomach trouble so far as it is possible, as it always helps me when I take it.

You may make these truths known for the benefit of sufferers.

Yours very gratefully,

JOHN W. MARGESON

OBITUARY.

LORENZO CLEMENT FRASER.

There took place at his home in Dumfries on Sunday evening, at six o'clock on April 3rd, the death of one of the most highly esteemed citizens of the parish.

Deceased gentleman had been ailing for sometime with complication of diseases. He was faithfully attended by Dr McKenzie of Lower Prince William, but earthly help could do little to relieve him, nothing to effect a cure, and so he passed into the care of the Great Physician.

During his illness he never murmured against the God, who in inscrutable Providence had permitted the affliction to come upon him.

He was in his 53rd year, and leaves a widow, an aged mother, two sisters, and five brothers, to mourn their loss.

The deceased was a consistent member of St Clements Episcopal Church of Prince William.

On Tuesday afternoon at two o'clock the funeral took place from his late residence. After prayer at the house by Rev William Girdwood, service was conducted in the church and at the grave by the Rector Rev C H Fullerton, who took for his text 4th Chapter v. 1st Thess. 13th & 14th verses.

The hymns were, Jesus Lover of my soul, The Saints of God! their conflict past, Now the labourer's task is o'er. The pall-bearers were four brothers of the deceased. The funeral arrangements were conducted by George Hoyt of Lower Prince William.

Father, in thy gracious keeping, Leave me now, Thy servant sleeping.

Noted Evangelists' Experience.

Irene, Ills, April 30th. "I always praise the bridge that carries me over safe" are the words of J Dimick Taylor, the great American evangelist, whose home is in Irene. While in Nova Scotia last winter I needed medicine and used Dr Hamilton's Pills. They helped me wonderfully and I recommended them to others. I send this testimonial because your remedy will work directly on the kidneys, and cures the urinal disorders that often give pain to the man and woman affected with kidney trouble. I have not found anything equal to Dr Hamilton's Mandrake and Butternut Pills. I gave them to a man on Tan Cook Island that was suffering in the most horrible way and in a few hours he was relieved.

When a minister like Mr Taylor comes forth in praise of Dr Hamilton's Pills, it is evident their power is beyond the ordinary. For disease of the kidneys, bladder, liver and stomach they have no equal. Easy to take, very mild, sure to cure, 25 cents per box at all dealers.

Not the Question to Ask.

The young mother, who excused herself for placing her five-year-old child in school on the ground that she had already exhausted her resources on her progressive offspring should sympathize deeply with the distracted instructors who are endeavoring to hold their own with the practical children of today. The teacher in a certain city school had laid aside the book and was drawing on her imagination for examples in fractions. In the first place, this teacher, just out of the normal college, had never in her life gone marketing. And she was absorbed in getting number capable of the division she had in mind. Suppose, she suggested confidently, the butcher asks forty-two cents a pound for beef, at that price what would three and three-sevenths pounds come to? The sorcery girl to whom this was propounded, who had travelled innumerable times the distance between her home and the grocer's and butcher's, giggled a little—not without contempt.

It wouldn't come to our flat, she stated, decidedly. Ma'd send me back good 'n' lively if I didn't know better'n to pay that much for beef myself.

You'll Sleep More Soundly If You Keep Healthy With Dr. Morse's Indian Root Pills

Insomnia gone with Indigestion.

The man or woman with a good appetite, sound digestion, and bowels and kidneys working right, is never troubled much with sleeplessness. It is when the bowels become constipated and the liver and kidneys sluggish that the trouble begins.

Lazy liver and constipated bowels quickly bring on biliousness, indigestion and sick headaches, making a sound, refreshing night's sleep impossible. Or the inactive kidneys allow the blood to become loaded with uric acid, which causes rheumatism, with all its sleep-destroying tortures.

Dr. Morse's Indian Root Pills, taken regularly, induce sweet and dreamless sleep by keeping all these organs active and regular. The headaches disappear, the digestion becomes good again, the blood is purified and perfect health returns.

Dr. Morse's Indian Root Pills have been a favorite household remedy in Canada for over half a century, and they are in daily use throughout the world. Being purely vegetable they are safe for young and old. Made by W. H. Comstock Co., Ltd., Brockville, Ont., and sold by all dealers at 25c. a box.

New \$5,600,000 Tunnel Under the Thames.

London, April 16.—There are already seven tunnels under the Thames between Blackwell and Westminster, but work has just commenced upon a new one, this time between North and South Woolwich. At present the only means of communication between the two places is a free ferry service, which is apt to become rather irregular, owing to fogs and the density of the river traffic. The Blackwell tunnel is some distance up stream from Woolwich, so in case of any stoppage of the Woolwich ferry the loss of time is considerable. The new tunnel will be about five hundred yards long, the building operations will occupy about two years and the cost is estimated at \$5,600,000. The preliminary work is nearly completed, and the first shaft will shortly be sunk on the north bank.

The chief engineer of the London County Council has designed the tunnel, which will be carried under the river by means of the 'Greathead shield'—a shield forced forward by hydraulic pressure and operated under compressed air—that was used so successfully in the boring of the Blackwell tunnel.

The oldest of the London tunnels is that at Wapping, which was considered one of the wonders of the world when it was built. The longest, and certainly the most imposing, is the Blackwell tunnel, which is claimed in London to be the greatest engineering work of its kind ever constructed, and which was opened by King Edward in May, 1897. It is nearly a mile and a quarter long and has a roadway wide enough for two omnibuses to pass each other, besides the separate shafts on each side for foot passengers.

To go through the tunnel on the top of a bus is one of the most curious experiences to be had. The roadway is stone paved, which makes the noise of passing vehicles sound simply terrific.

To Welcome Canada's First War Vessel.

The suggestion is being made at Halifax that the arrival of the cruiser Niaba, the first ship of the Canadian navy, be signalled by a public demonstration. Arrangements could be made, it is thought, to time the arrival of the ship at Halifax either for the 21st of June, Halifax Natal day, or the 1st of July. It is proposed that the ship be received with a salute from the forts at 9 o'clock, that school children assemble at the dockyard and sing the National Anthem, the Maple Leaf, O Canada and Rule Britannia, and then march to the common, where a review of the troops, military and naval, would be held.

THE WEDDING RING.

In the Isle of Man the wedding ring was formerly used as an instrument of torture. Cyril Davenport in his book on "Jewelry" remarks that there once existed a custom in that island "according to which an unmarried girl who had been offended by a man could bring him to trial and if he were found guilty she would be presented with a sword, a rope and a ring. With the sword she might cut off his head, with the rope she might hang him, or with the ring she might marry him. It was said that the latter punishment was invariably inflicted."

The wedding ring, which was tolerated by the Methodists, was anathema to the early Puritans, who regarded personal adornment as one of the many snares of Satan. Wesley, who was a High Churchman, probably recognized its symbolic value. In the old English marriage service it was the custom for the bridegroom to put the ring on the thumb of his bride, saying, "In the name of the Father," then on the next finger saying, "and the Son," then on the third finger, saying, "and of the Holy Ghost," and finally on the fourth finger, with the word, "Amen."

The ring was left there because, as the Sarum rubric says, "a vein proceeds thence to the heart." In the modern marriage service the ring is placed at once upon the third finger, the invocation to the Trinity being understood.

The wedding ring was the only form of jewelry permitted to the early Methodists, and there are people still living who recall how no longer than forty years ago they were reproved by old Methodist ministers for breaking the rules of membership which forbade (and technically still forbids) Methodists to wear gold, jewels or costly apparel but with fine courtesy John Wesley knew when to ignore breaches of his own regulations.

In visiting a house one of the preachers drew Wesley's attention to the host's daughter, who was wearing several jeweled rings; but instead of the rebuke which his preacher sought to evoke Wesley only gravely and gently remarked, "A very beautiful hand."—London Chronicle.

UNION BLEND TEA

the Tea that satisfies

YOU are the best judge of how much Union Blend Tea is worth—but you can't pass an opinion until you have tried it. You are in no

position to say—as I say—that it's worth 40c. a pound because it goes easily half as far again as any 30c. tea. You don't know the truth of that until you use it for yourself.

But that's a fact. Sixteen ounces of Union Blend will make as much tea as twenty-four ounces of any ordinary kind. And not only as much tea, but better tea—tea that is more fragrant, that

has more aroma, more smack to it. There is only one way for you to prove this—buy a pound and try it. Or if you are in doubt, let a half pound packet tell the story. Your own teacup will convince you if you will give it the opportunity. Look for my picture on the end of the packet.

Union Blend one pound packets—the pound packets only—contain coupons that are worth money to you. But this is only an advertisement—the tea itself is worth the price, fully.

I Take all the Risk

THERE would be no sense in my spending thousands of dollars in advertising if I couldn't back up what I say. If you try Union Blend and don't like it, I am worse off than before, for I can never get you to try again. To make money, I've got to make satisfied customers—and I do. Of all who once buy Union Blend ninety-five per cent. continue to use it. You know what that means, don't you? What will your decision be?

Ladies' Custom Tailoring

For Spring 1910.

Our New Spring Suits and Skirts are here,

and we wish to emphasize the fact that they are WELL MADE Stylish, and at the VERY LOWEST PRICE consistent with quality and workmanship. We are aiming at a big increase in the MADE-TO-ORDER Department during the coming season. We are therefore making the PRICES A GREAT INDUCEMENT to secure your orders. We cannot believe that there is any desire on the part of the citizens of this town and county to patronize outside concerns in these lines in preference to local merchants, if they were ASSURED that they could get what they require at HOME. We also believe that our system will appeal to the customer who is anxious to get a good Suit, made to special order, with a GUARANTEE to fit and at the best possible price.

How can you get better satisfaction and less risk than we offer? You can see in reality and materially the style and make. You can also see and examine the Cloth that is to be used in making the suit, together with the trimmings and other details in its make up. Now you see me give you what you select and take all the risk.

We have just put in stock a nice line of Ladies' Rubberized Rain Coats in full lengths. We have also a splendid range of Misses' Spring Coats in all the leading colors. We would be pleased to show these beautiful lines and quote prices. Inspection cordially invited.
