Carleton Automobile & Supply Co. Are the "Everitt" Agents.

The news comes as an agreeable surprise to the wise ones in local motor circles that the Carleton Automobile & Supply Co. have been appointed agents for the "Everitt" automobile, the new Canadian car made entirely in Canada under the most modern methods by the Tudhope Motor Co of Orillia.

The methods of making this new automobile are such that each part is made true and by a rigid inspection service each flawed part is ruthlessly destroyed by the factory. This enables the makers to offer every car buyer a two years' guarantee on the "Everitt," which is twelve times the length of guarantee commonly offered. Needless to say, at the moderate price of the "Everitt," buyers get excellent value.

A notable feature of the "Everitt," never before offered with any car, is the included equipment of extra tire, sight gasoline gauge, high-tension Bosch magnetos, shock absorbers, etc., known as "Special Tudhope equipment." This sets a new standard in car selling, as it is the most complete car outfit on the market. After purchases of accessories are unnecessary in the case of the "Everitt." Arrange for an early demonstration.

Distressing Headaches

Headaches are largely the result of disordered kidneys.

Mrs Hall, 84 Flora Street, St Thomas, Ont., says: "I suffered for years with headaches of a most distressing nature. They would come on me suddenly, and would last for days at a time. These were usually accompanied by spells of dizziness that would leave me unable to attend to my household duties. My back was weak and caused me much suffering through the night. I had doctor for years, but all to no avail. Nothing benefited me and my condition was gradually becoming worse. I learned of Booth's Kidney Pills. One box gave me a complete and lasting cure. I have not had a headache or dizzy spell since and I feel like a new person."

Booth's Kidney Pills are sold by all druggists, 50c box, under a guarantee to refund your money if they fail to relieve any disease having its origin in the kidneys or bladder. Postpaid from The R T Booth Co, Ltd, Fort Erie, Ont. Sold and guaranteed by E W Mair.
