

You will be proud of the bread you'll make with PURITY FLOUR

AFTER seeing a batch of big, golden-crueted, snowy-white loaves, that you have baked from PURITY FLOUR, you will, indeed, be proud of your cooking-ability—and proud of your wisdom in deciding to pay the little extra it costs to procure such high-class flour. You will admit, too, that we are justified in the pride we take in milling this superb flour.

PURITY FLOUR

"More bread and better bread"

PURITY FLOUR is milled exclusively from the best Western hard wheat—the world's finest. More than that, PURITY FLOUR consists entirely of the high-grade portions of the wheat. The low-grade portions are separated and excluded during the PURITY process of milling. Such high-class flour, of course, expands more in the baking. It makes "more bread and better bread."

It makes lighter, flakier pastry, too, if you just take the precaution to add more shortening. On account of its unusual softness, PURITY FLOUR, for best results, requires more shortening than ordinary flour.

Progressive dealers everywhere sell PURITY FLOUR and take pride in recommending it.

Add PURITY FLOUR to your recipe. It's right now.

DOMINION W. C. T. U. MEETS AT SHERBROOKE

Sherbrooke, Que., Oct. 23.—The seventeenth annual convention of the Dominion Woman's Christian Temperance Union has opened most auspiciously in this pretty town, the President, Mrs. Gordon Wright, presiding. The roll call elicited responses from all the officers and fifteen Superintendents, and one of the largest delegations in the history of the Dominion Union. Reports of Superintendents occupied much of the morning session, each in turn indicating of progress. A telegram of appreciation of Ontario's Provincial President, Mrs. Thornley, for her brave crusade to improve moral conditions among the children of school age, was ordered to be sent. Mrs. (Dr.) Rug, Quebec, gave an excellent Bible reading, and Mrs. Bullock, of New Brunswick, led in noontide prayer, and the meeting adjourned.

REPORTS ARE ENCOURAGING. The afternoon programme commenced with a "Y" conference in charge of Miss Eleanor Smith, of Nova Scotia, the Dominion "Y" Secretary. The report of the Treasurer, Mrs. Bullock, of New Brunswick, was most encouraging. The receipts were \$4,966.90, and there is a balance of \$1,542.55. The gain in life members is 47. A new department of honorary life membership has been established by the president. The convention, amid much enthusiasm, adopted a vote of thanks to the Dominion president for her indefatigable efforts during the past term, particularly in the interest of the General Extension Fund through the securing of life members.

Mrs. McLachlan, the Ontario Secretary of the Loyal Temperance Legion branch, gave a report showing the number of Legions to be 184, with a membership of 11,889, an increase of 27 Legions, and in membership of 159.

A telegram of greeting was sent to His Excellency the Duke of Connaught.

IN THE LUMBER CAMPS. After the report of Fair work, Miss Sproule, missionary to the lumbermen in northern Ontario, was introduced. She spoke interestingly of her

work. Her parish extends from the boundaries of Quebec on the one side to Manitoba's divisional line on the other, some 1,000 miles in extent, and having a population of 100,000 souls. Miss Sproule paid a fine tribute to the uniform and unflinching courtesy and respect of the men in the camps, some of them attesting to changed ideals and lives through her efforts.

A HEARTY WELCOME. A fine audience greeted those taking part in the evening meeting, which was held in the Art Hall, and took the form of a reception given by the Sherbrooke Union were the other Dominion officers and the Provincial Presidents. Greetings on behalf of the Sherbrooke Union were given by Mrs. Jones and Mrs. Waycott, representing the Y's. Rev. Mr. Ellery on behalf of the Ministerial Association brought greetings, while the civic welcome was conveyed through Mayor Cale, Mrs. Whitman, of Nova Scotia, and Mrs. Stevens responded to these cordial greetings. Brief and bright addresses were given by the Provincial Presidents: Mrs. McKee, representing Ontario; Mrs. Sanderson, Quebec; Mrs. (Dr.) Woodbury, Nova Scotia; Mrs. Howard Sprague, New Brunswick and Prince Edward Island; Mrs. McKinney, Alberta and Saskatchewan.

A pleasing feature of this meeting was the introduction by the President of the recently joined Dominion life members, among whom were: Mrs. McKinney, Alberta; Mesdames Hunter and Dunlop, Pembroke; Mesdames Luddington and Scott, Montreal, and Mesdames Webster, Odell, Tallford and Hudson, Ontario.

Delightfully rendered music under the leadership of Mrs. Armitage gave the finishing touches to the programme, at the close of which the delegates with their hosts and hostesses were entertained by the Sherbrooke ladies.

TWO DEADLY EVILS. Last night, Mrs. A. A. Gordon, Superintendent of the Evangelistic De-

partment, made the convention address in Plymouth church. Mrs. Gordon dealt with the cigarette habit and what it was causing among boys. She prayed for co-operation of every man and woman in an effort to do away with the curse as well as with liquor and the white slave traffic.

Mrs. Gordon stated that in the Dominion of Canada last year 1,500 girls disappeared from sight, having fallen victims to the white slave traffic. In the city of Chicago alone was openly made that the brightest and best victims secured were Canadian girls.

LUMBER OUTLOOK VERY GLOOMY

(Fredericton Mail.)

A slack winter as far as lumbering operations are concerned is what seems to be promised for the Miramichi as well as other parts of the province. This is due to the depression in the British lumber market which it is feared will continue for some time to come. Hon. John Morrissey stated this morning that although it was difficult to forecast what would happen in the lumber market it was generally expected that the cut by Miramichi operations would be curtailed. Mr. Morrissey stated further that the extension of the time for the free exportation of pulp wood from the province would not have much effect towards bettering conditions.

Many operators in Miramichi have not shipped a deal to the British market, preferring to hold their lumber in their mill yards to selling in a low market. Recently an increase in freight rates in New Brunswick to British ports has aggravated conditions for the lumber operators. With a season's cut in the mill yards it is highly improbable that any large amount of lumber will be brought out of the woods next spring. Conditions in Great Britain at the present time do not seem to indicate that better prices will be realized in the near future.

"I wonder how the Orange Tories of Ontario like the spectacle of Borden calling as his chief lieutenant Bourassa's ally, F. D. Monk, and then in addition to that taking Mr. Nantel into the Cabinet just because he is a Nationalist?"

"Of course, the loyalty cry and the old flag will go back into the closet until another election comes around, and the ballyhoo loyalist will cease for a while to rend the air with his raucous rant. Let us hope there will be no more elections for awhile. The old flag needs a rest. In the Borden Cabinet it is likely to get one."

"The Borden Cabinet does not look like the strong aggregation Sir Wilfrid Laurier presented to the country in his first Cabinet."—Vancouver Sunset.

A MOTHER'S PRAISE OR BABY'S OWN TABLETS

Mrs. E. S. Baker, East Margareville, N. S., writes: "No mother would recommend for her baby any medicine of which she was not absolutely sure. A baby's life is too precious. A mother is always pleased to recommend to other mothers something that has been valuable in restoring the health of her own child. That is why I can highly recommend Baby's Own Tablets. They cured my baby who was suffering from constipation and I feel that I cannot praise them enough. I would advise all mothers with sickly babies to give them a trial, well knowing what the result will be." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Soda added to dishwater will save soap and brighten the dishes.

AGREE THAT LYING IS JUSTIFIABLE--AT TIMES

Columbus, Ind., Oct. 21.—The men's Bible class of the First Baptist church here had a hard nut to crack when the topic assigned for discussion was, "Is a Lie ever Justifiable?" The class divided on the question, some of the members holding that no person is ever justified in telling anything save the truth.

The majority of the class members, however, agreed that physicians are justified in misrepresenting the physical condition of their patients where the truth might cause a shock that would prove fatal.

The Rev. F. L. Hardy, pastor of the church and teacher of the class, related that his mother came near dying recently, and his physician advised him to cable for his sister, who is a teacher in Honolulu. When Mrs. Hardy heard that her daughter was coming she asked the minister if he had sent her a cable.

The minister said he did not lie out-right, but he admitted that he evaded the question in such a manner that he might as well have lied in a straight forward manner. He said he feared to tell his mother he had cabled for his sister for fear the knowledge that she was so ill would make her worse.

The class agreed that the action of the minister in failing to tell the truth was justified.

SUNSHINE

AND

SUNDAY HORROR NEAR ANDOVER

Andover, N. B., Oct. 29.—Wm. Burke, a prominent farmer of Fort Fairfield, was cremated and George Stone, his brother-in-law, was badly burned in a fire that destroyed the dwelling and barn of Mr. Stone, two miles from here about noon today.

Mr. Burke, with his wife and a child of four years, were spending Sunday with Mr. and Mrs. Stone and were at dinner when the fire started. Seven horses were saved, when the two men rushed into the barn to save a bull and release a number of hogs. Mr. Stone made his escape with his hands and face badly burned, but Mr. Burke lost his way in the burning building and perished. Mrs. Burke was standing near, and when she learned that her husband did not reappear she was well nigh frantic. It was thought that during the fire the man's appeals for help were heard but in the excitement were not heeded.

All the household effects and potato house with 10,000 barrels of potatoes were saved. Both farmers are considered in very comfortable circumstances.

NO ELECTION PROTESTS IN NEW BRUNSWICK

Fredericton, N. B., Oct. 31.—No protests were filed today in the Dominion election cases with the registrar of the supreme court. Representatives of both parties were present, Col. H. H. McLean, R. W. McLellan and Dr. L. A. Currey representing Liberals and R. B. Hanson and G. Earle Logan the Conservatives.

The Liberals were prepared to protest the election of O. S. Crockett, in York; George W. Fowler, in Kings-Albert, and T. A. Hartt, in Charlottetown. Conservatives had protests ready against Hon. Wm. Pugsley, in St. John; F. B. Carvell, in Carleton, and Col. H. H. McLean in Queens-Sunbury. Four o'clock, the last hour for filing petitions, passed, however, without either party taking action.

PRISONER FOR 24 YEARS AS A WHITE SLAVER

New York, Oct. 28.—Judge Warren W. Foster in the court of general sessions yesterday sentenced Philip Solow, who was convicted recently on a charge of violating Section 2,460 of the penal law, to serve not less than twenty-four years and not more than thirty-four years at hard labor in the state prison.

Solow was convicted on the complaint of Miss Elois Wendt, seventeen years old, who said that she had been taken from her home, in Pittsburg, and had been forced into a life of "white slavery." Solow, who is twenty-one years old, faints as he was being taken back to the Tombs.

In imposing sentence Judge Foster said:

"Solow, I do not care to perpetrate a pun, but I want to observe that your name is appropriate to so vile a creature as you. There is nothing in your case that demands mercy for you and I am going to give you the limit allowed by law. I will fine you \$5,000, which means that, as you are without financial means, you will be required to work out the fine at the rate of \$1 for each day. This will occupy you for fourteen years, in addition I sentence you to serve not less than ten years and not more than twenty years in Sing Sing. The state of New York intends to stamp out the white slave traffic."

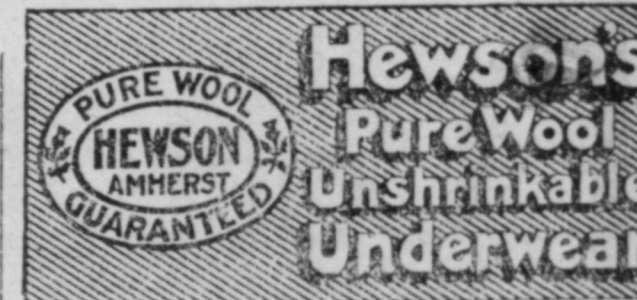

Miss Wendt was taken in charge by Father Lynch, of the Catholic Probation League.

(From the Boston Transcript.) All of us have something to say of and very often to the telephone girl. We are apt to regard her as a frivolous young woman whose joy is to give us the wrong number. The spirit of the Roman sentinel at Pompeii is the very last thing we expect to see manifested by the sisterhood, and yet telephone girls at Austin, Pa., who stuck to their posts and called up the community to tell it the flood was coming have associates in devotion and courage at Black River Falls, Wisconsin. Yesterday when the dam at Lake Arbutus gave way the telephone girls stood at the switchboards until the water flooded the building they occupied, and they were rescued in boats. By the way, did anybody mention women as the timid sex?

Same rubbed on feet and allowed to dry will remove odor.

Your yearning, longing tea-thirst is to be satisfied more deeply, more completely than ever before! A tea-flavor so full, so rich, so smooth that it simply brims with taste-pleasure has at last been perfected. It cost years of expensive study of flavor-blending to produce. But now it is yours—for everlasting enjoyment—in King Cole Tea. Buy a package now; to-day! Then when you feel "just dying" for an unusually full-flavored satisfying cup of tea, turn to King Cole for joy-full relief.

DR. TOWNSEND ARRIVES TO TAKE CHARGE OF JORDAN SANITARIUM

For the purpose of taking charge of the Jordan Memorial Sanitarium at River Glade, Dr. David Townsend, of Boston, for the last six years at the head of the famous Mattapan sanitarium near Boston, arrived in the city Tuesday and will be here for a few days. It was at first intended that Dr. Townsend should proceed at once to River Glade and meet the commissioners there, but owing to his duties being rather undefined at present, he will be in the city for a day or two and will confer here with Hon. J. K. Flemming and Hon. D. V. Landry regarding his future work.

Accompanied by Dr. A. F. McAvenny, one of the sanitarium commissioners, Dr. Townsend met members of the St. John Anti-Tuberculosis Society and impressed them as being a man eminently fitted for his position and one possessing tremendous enthusiasm in his work. During the afternoon the new superintendent called on Mayor Frink and with Dr. McAvenny present, ways and means for the establishment of a home for advanced cases in St. John were discussed. The municipal council has already committed itself

to an annual expenditure for the establishment of such a home, and will place the first annual grant in the estimates at the first of next year. By that time Dr. Townsend will have given the benefit of his advice in the drawing up of plans and financial estimates which will be placed before the council at the meeting.

When asked to discuss his own plans, Dr. Townsend said that until he had met the commissioners and his work had been mapped out he was not in a position to talk. He was accompanied to St. John by Mrs. Townsend.

DIED

On Oct. 16th, at his home, Macnaquae, York Co., Nehemiah Currie, aged 56 years.

A double "dicker" had to be made in New Brunswick to get a seat for Mr. Hazen, the new Minister of Marine and Fisheries. Senator Josiah Wood is to be lieutenant-governor and Dr. Daniel, who vacates the St. John seat for Mr. Hazen, is promised Mr. Wood's place in the Senate.—Halifax Chronicle.

"That's the Razor for Me!"

Notethecurve that gives the automatic adjustment.

Standard Set in Leather Case as illustrated, or in Metal Case - - \$5.00
Pocket Editions \$5.00 to \$6.00
Combination Sets - \$6.50 up.

A shave or two with his new GILLETTE Safety Razor, and a man wonders why he worried along without one for so long.

Maximum Comfort—the GILLETTE, used with the Angle Stroke, slips lightly through the stiffest beard with never a pull, never a gash. Leaves the face smooth, cool and refreshed.

Minimum Trouble—no honing, no stropping, no painful manoeuvring round the awkward corners of your face. You simply pick up the GILLETTE and SHAVE, whether it's the thousandth time you've used it or the first.

Why deny yourself any longer? Your druggist, your jeweler, your hardware dealer or your haberdasher can supply you.
