## OPENING OF THE FISHER CARLETON COUNTY HOSPITAL

ing from the top story will be plac-  
ed on the front of the hospital.

The building itself is on a knoll  
which slopes gradually from the main  
road, and is reached by a wide  
driveway leading up from either side.  
The grounds are spacious and well  
laid off, being mostly surrounded by  
a well kept cedar hedge. There is  
also an orchard at the rear of the  
house, and a large garden which will  
supply the hospital staff with all the  
vegetables they may need during the  
season. Beautiful shade trees sur-  
round the lot, making it one of the  
most beautiful spots imaginable.

The building was opened to the  
public for inspection yesterday, and  
a goodly number attended. Coffee  
and sandwiches were served by the  
ladies of the hospital aid.

Special mention should be made of  
one room on the second floor con-  
taining two cots, which is being fur-  
nished and will be maintained by the  
ladies of the W. C. T. U. of this  
town.

The following gentlemen form the  
Board of Trustees for the Fisher-  
Carleton County Hospital:

Rev. L. J. McMurray, Chairman;  
W. B. Belyea, Col. F. H. J. Dibblee,  
Donald Munro, M. P. P., John Con-  
nor, J. C. Hartley.

The Growth of Woodstock in the  
Last Decade

ESSAY WRITTEN BY ONE OF THE  
PUPILS OF BROADWAY  
SCHOOL.

There have been many improve-  
ments made in the town of Wood-  
stock in the last few years.

The jail was erected in 1899. It  
was about the first of the recently  
built brick buildings.

In 1905 our armory was built, a  
handsome building where our annual  
military ball is held.

The new court house which was  
finished in 1909 is very pretty.

The brick buildings on Main St. are  
chiefly owing to fires.

The first occurred in 1905, extend-  
ing from the Payson block, including  
the store owned by Mrs. Loane, burn-  
ing all the wooden buildings. On the  
opposite side of the street the build-  
ings were burned in 1907 but were  
soon replaced by Hayden-Gibson  
block, in which is our lovely Theatre.

The new Methodist Church was  
built in 1908 which greatly improves  
Chapel St.

The Broadway School was burned  
on July 13th, 1908, but was replaced  
by the lovely concrete school. The  
inside is finished with natural wood.

The school cost about \$30,000 and  
we are all very proud of it.

Our new brick Depot, took the  
place of the lower station. It is  
very pretty and has lovely grounds  
adjoining. These in summer are  
walks and lawns prettily decorated  
with flowers.

Another brick building owned by  
Mr. Jones took the place of the  
wooden building next the bridge.

This was started in the fall of 1910.  
It improves the south side of the  
bridge wonderfully.

The old wooden college was torn  
down last spring and has been re-  
placed by the L. P. Fisher Memorial  
School. It is a large building and  
will cost when finished about \$60,000.

Connell Park was given to the  
town by Mr. John Connell. It is  
situated on an Island in St. John  
River, between Woodstock and Grafton.  
It is about a mile long and has  
been of great use to the town.

The fire which occurred on the  
morning of the 10th of November,  
was probably a great loss to the  
owners, but as the buildings were  
old and about rotten, it was no loss  
to the town in appearance. We hope  
to see before long some brick build-  
ings take their place.

According to the last census Wood-  
stock has increased 872 in popula-  
tion.

How could the citizens of Wood-  
stock but be proud of their little  
town?

MILDRED A. SMITH,  
Broadway School,  
Grade VII.
