If you have been using a 30c. tea and decide to buy a pound of Morse's 40c. as a test, don't regard the extra 10c. as an extravagance. You get a tea of better flavor and one that will make more cups to the pound.

## SNOWFLAKE.

## GOOD CORNER.

Snow, and lots of it, the wind comes around the north and the glorious white stuff whirls and sifts about. The sheep

sneak up to the barn, the cats and dogs crawl under the stove.

What might have, except for timely aid, proved to be a serious accident, occurred here last Saturday. J. A. Good, while threshing at the Nichols farm, started a fire in the woodshed to warm tea for dinner. After the midday meal had been served the crew again went to work, thinking the fire to be thoroughly extinguished. About an hour later, however, the men were greatly surprised to see smoke bursting from the shed. The blaze proved to be a smouldering one and was soon under control, as abundance of snow was at hand. Mr. Good had upwards of 1000 bushels of oats in the barn adjoining the shed, and had the fire proved master, would have proved a serious loss to him.

Mrs. Walter Cheney, Mrs. Robert and Mrs. Jesse Carpenter of Bloomfield, passed through here last Wednesday, on their return from a hunting trip on the Tobique. The trio had shot a fine deer, which they displayed with much pleasure, and although they had driven some forty miles in a blinding snow storm, were in the best of spirits. Hurrah for such brave ladies. Read Prov. xxxi. 21.

A short time ago I dropped in to call on a newspaper for which I had corresponded for some time. The editor had been recently married; but appeared to be in a sullen mood, while all the office force appeared in the best of spirits. "Your employees," said I, "appear to be happy." "Yes," replied the truthful printer, my wife has just been in, and it just fattens them all from the foreman to the printer's devil, to see her boss me around.

Word has reached us of a wedding in the neighbourhood we can however only report it a rumor this week.

The recent storm has blocked the roads leaving my tobacco box empty.

Through indiscretion in eating green fruit in summer many children become subject to cholera morbus caused by irritating acids that act violently on the lining of the intestines. Pains and dangerous purgings ensue and the delicate system of the child suffers under the drain. In such cases the safest and surest medicine is Dr. J. D. Kellogg's Dysentery Cordial. It will check the inflammation

ALL teas may look alike to you—but the difference in Red Rose Tea is in the taste and the smell. Another marked difference is the agreeable strength that puts real quality in the cup with less tea in the pot. Will you try it.
