

CHAPPED HANDS & COLD SORES

One thorough application of Zam-Buk at night will bring ease by morning. Zam-Buk stops the smarting, heals the cracks, and makes the hands smooth.

PROOF—Miss Hattie Petrand, Galesburg, Ont., writes:—"I was troubled with chapped hands and arms and nothing ever seemed to heal them thoroughly until we found Zam-Buk. It has cured them. My father has also used it for several skin troubles and injuries, and thinks there is nothing like Zam-Buk."

Mothers should see that their children use Zam-Buk daily, as there is nothing like prevention. A little Zam-Buk lightly smeared over the hands and wrists, after washing, will prevent chaps and cold sores.

Zam-Buk is also a sure cure for skin diseases, eczema, itch, ringworm, blood-poisoning, piles, and for cuts, burns and bruises. See box at all stores and druggists, or post free from Zam-Buk Co., Toronto, for price. Refuse harmful substitutes and imitations.

Every Woman
is interested and should know about the wonderful **MARVEL Whirling Spray**.
The new Vaginal Syringe. Most convenient. It cleanses instantly. Ask your druggist for it.
It cannot supply the blood, as it is not a blood tonic. It gives full gentle cleansing and is invaluable to ladies.
THE WOOD MEDICINE CO., Toronto, Ont. General Agents for Canada.

SENATOR COX ENDORSES THE TRADE AGREEMENT.

To the Editor of The Globe: Let my silence should be misunderstood, will you permit me through your columns to say that, having carefully considered the situation involved in the proposed reciprocity agreement in all its bearings, I am unable to share in the alarm that in some quarters have been manifested. Perhaps I look at the matter superficially, but I am at a loss to understand how so natural an adjustment of the trade arrangements between Canada and the United States can involve the serious state of affairs that has been predicted. I would regard it as a great public misfortune were those employed in agriculture, lumbering, mining and fishing, which are the industries almost solely affected by the proposed tariff changes, to form the opinion that the men concerned in the management of the financial institutions of the Dominion have not their welfare at heart as well as the welfare of the classes of the community engaged in manufacturing and trading.

We should not forget that agriculture is still our greatest industry, and that anything that improves the condition of the agriculturist must promote the welfare of Canada from one end of the Dominion to the other. A vast portion of the capital and deposits in our banks and other financial institutions consists of the people of rural Canada. I am convinced that financial authorities who condemn the agreement on sentimental grounds, even when frequently by their own sense of fair play, they are forced to admit its values as a measure for improving our trade relations, do not represent the opinions of those whose money they hold in trust and on whose behalf they take it upon themselves to speak.

I have the utmost faith in the ability of my fellow-countrymen of rural Canada to hold their own against the competition of food producers in the United States. They do so now in the open markets of the world, and Canadian wheat, cheese, bacon and other products are everywhere recognized as articles of the highest standard. The opening of an additional and very valuable market for his products will not cause the Canadian agriculturist to lose his skill or the soil to lose its fertility. We need not look far into the future to see on this continent a population of two hundred millions. The increase is over two millions yearly at the present time. The huge area of vacant land in Western Canada is the only sufficient source from which the foodstuffs for this huge population can come.

Ontario has a vital interest in the filling up of the Canadian West. An acceleration in the rapidity of settlement consequent on the inauguration of relatively free trade in foodstuffs on this continent will bring to the Province many such industries, as, for instance, the Oliver Plow Co., which will employ a very large force of men in the city of Hamilton, and which announces that the trade agreement will make no difference in its plans, because it is building to take advantage of permanent basic conditions.

Possibly an underlying fear on the part of manufacturers is that, though their position is not altered appreciably by the proposed arrangement, its adoption will be a prelude for the wholesale bringing down of duties later on. I believe there is no basis for such anxiety. If I am not mistaken, the opinion throughout Canada, entirely irrespective of party lines, is practically unanimous that the prosperity of the country for a long, indefinite period is absolutely bound up with reasonable protection for our manufacturers. The Canadian Government must give the most careful consideration to the interests of all sections, and in my opinion the legislation now under way is evidence that they are discharging that responsibility with great wisdom and fairness.

Canada is growing fast because of its great resources and their intelligent development, and because of the strength, stability and progressiveness of the Government. I have no fear that carrying out the proposed arrangement of reciprocity in natural products will injure business generally or hurt interprovincial trade. On the contrary, in my opinion our prosperity will tend to increase because of the arrangement, and our railways will still find themselves taxed on all their lines in carrying the ever-increasing volume of business throughout the country as a whole.

I see with amazement not a few owners of factories in this city who will reap great benefit from enlarged markets all over the country opposing the agreement on the ground that it will lead to a change in our political relations. As a liberal, I

A SEVERE CASE OF NEURALGIA

Cured After Long Years of Suffering by Dr Williams' Pink Pills.

There is an excellent reason why Dr Williams' Pink Pills have cured the most severe cases of neuralgia, sciatica, and other complaints in the group that are known as disorders of the nerves. This group also includes St. Vitus dance and paralysis, and the common state of extreme nervousness and excitability. Each of these complaints exist because there is something the matter with the nervous system. If the nerves have tone—strong and healthy, you will not have any of these complaints. The reason Dr Williams' Pink Pills cure nervous disorders is that they restore weak, run-down nerves to their proper state of tone. They act both directly upon the nerves and on the blood supply. The highest medical authorities have noted that nervous troubles generally attack people who are bloodless and that the nerves are toned when the blood supply is renewed. It is thus seen that Dr Williams' Pink Pills cure nervous disorders by curing the cause of the trouble.

Mrs J. O. Adams, Norris Lake, Man., says: "I am writing you at my husband's request to let you know the great benefit Dr Williams' Pink Pills have been to him. He is a river driver and therefore much exposed to all kinds of weather and wetting. As a result he had an attack of rheumatism, and then to add to his misery a severe type of neuralgia set in, locating on the left side of the face, and causing him such terrible pain that it would drive him almost wild. He was treated by several doctors, and finally went to Winnipeg, where they blistered his head and applied hot plasters which really only added more to his misery and he returned home still uncured. In this way he suffered for nearly six years, trying all sorts of medicine, but never finding a cure. One day while he was suffering I went to a store to get a liniment, but they did not have the kind I wanted, and the storekeeper asked me what I wanted it for. I told him about my husband and how he suffered, and he placed a box of Dr Williams' Pink Pills on the counter saying, 'Take my advice, this is what your husband should take.' I took the pills home with me and my husband started taking them. I am not sure how many boxes he took, but one thing is certain, they completely cured him, and he has never since had a touch of those torturing pains. You can tell how much he suffered when I say that the hair on the side of his head in which the pain was located turned quite gray. It looks odd, but he says it does not matter since the pain is gone. I believe he would not have been living now had Dr Williams' Pink Pills not cured those terrible pains, and you may be sure we gratefully recommend them to our friends and all suffering ones."

Sold by all dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

have been proud to see the party led by Sir Wilfrid Laurier showing its affection for the Motherland by adoption of the British preference, by the sending of Canadian troops to South Africa, by the taking over and maintaining of fortified bases at Halifax and Esquimaux, and by the launching for naval defence. It is inconceivable that the party that has been responsible for these progressive steps toward the closest possible relations with Great Britain should now seek in the remotest degree to endanger the future of Canada.

Great good in a business way, and, in my opinion, no harm to Canadian nationality, will result from the adoption of the agreement, and for that reason I most sincerely hope that it will be carried into effect.

GEO. A. COX.

Minard's Liniment Co., Limited. Gentlemen,—Theodore Dorais, a customer of mine, was completely cured of rheumatism after five years of suffering, by the judicious use of MINARD'S LINIMENT.

The above facts can be verified by writing to him, to the Parish Priest or any of the neighbors.
A. COTE, Merchant. St. Isidore, Que., 12 May, '95.

Earl Grey, British Foreign Minister, has announced that the British Government is deeply interested in President Taft's proposal for an international agreement to settle all disputes by arbitration and will lend its support towards that end.

Shiloh's Cure
for all colds, coughs, cures colds, heals sore throats and lungs. 25 cents.

A BIRD'S-EYE VIEW OF THE FIGURES.

(Colliers.)

The Statistician of the Toronto "Star" has been examining the trade figures of the two countries and finds that this is how the reciprocity treaty would work out:

WHAT THE UNITED STATES DOES

Makes free 76.4 per cent of Canadian exports, value \$39,811,000
Lowers duty 14.4 per cent of Canadian exports, value 7,521,000

Lowers or abolishes duty on 91 per cent of Canadian exports 647,332,000
WHAT CANADA DOES.
Makes free 16.5 per cent of United States exports, value \$21,958,000

Lowers duty 19.5 per cent of United States exports value 25,870,000

Lowers or abolishes duty on 36 per cent of United States exports \$47,828,000
Leaves dutiable at old rates 64 per cent of goods supplied by us to the United States, value \$85,198,000

CIRCULAR LETTERS TO MILK TESTERS, AND CHEESE AND BUTTERMAKERS.

At the beginning of another season of milk production, it is desired to remind you of the great importance of getting your patrons to take up cow testing.

It is quite expected that all the old members of associations will continue, but there are probably very many more would take it up if you recommend the plan to them as strongly as you possibly can.

With the commencement of cow testing comes more milk per cow, which is a great gain to the patron, for some men are now receiving twice as much income per cow as they were four years ago. There comes, also, the opportunity for you to make a substantial addition to your income every month through doing the testing as this Department pays five cents for every test and supplies the acid.

The probable gain to the factory is very important. More milk from the same territory means lower cost both of hauling and making, besides a longer factory season. Then as members become better dairymen there is improvement in the care of milk which means easier work in the factory and a better product.

Will you, therefore, do your very best in assisting to extend this cow testing movement?

As soon as you have seen your patrons, please write what the prospects are, when this Department will be glad to help you in every way possible.

Yours very truly,
CHAS. F. WHITNEY,
In Charge of Dairy Records.
J. A. RUDDICK,
Commissioner.

WAGON JACKS.

This is one of the handiest tools used on the farm. It is strongly made of the best quality hard wood for the farm, and is fitted with iron lifting parts and lever.

It is so constructed that, when the wheel is once lifted, it is impossible for it to drop until the lever is raised by hand. It is strong enough for any truck wagon on the farm, and relieves the job of oiling a wagon of the dirt and unpleasantness connected with it.

Price, with order, \$1.00 each. All orders of two or more to one address will be sent freight prepaid to your nearest railway station.

With all orders received this month amounting to \$10.00 or over we will send one of these jacks free, as a premium.

BRIDGETOWN FOUNDRY Co., Ltd., Bridgetown, N. S.

Lock Box 49.

There are indications that the Dominion government will make an effort to bring the parliamentary session to a conclusion at Easter. Easter comes this year on April 16.

MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Glanford Station, Ont.—"I have taken Lydia E. Pinkham's

Vegetable Compound for years and never found any medicine to compare with it. I had ulcers and falling of the uterus, and doctors did me no good. I suffered dreadfully until I began taking your medicine. It has also helped other women to whom I have recommended it."—Mrs. HENRY CLARK, Glanford Station, Ontario.

Another Cure

Harvey Bank, N. B.—I can highly recommend Lydia E. Pinkham's Vegetable Compound to any suffering woman. I have taken it for female weakness and painful menstruation and it cured me.—MRS. DEVERE BARBOUR.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

Fifteen new homesteads in the Peace River country are now offered by the Dominion Government. To help settlers a daily train now runs from Edmonton to Edson, Alberta.

Parisian Sage An Ideal Hair Tonic.

Parisian Sage is compounded on the most advanced scientific principles, and nothing on the market today can compare with it. It accomplishes so much more than the ordinary tonics and does it so quickly that users are astonished.

Parisian Sage kills the dandruff germs and eradicates dandruff, stops falling hair, itching of the scalp and splitting hairs in two weeks or we will refund your money.

Parisian Sage gives a fascinating lustre to women's hair and makes it beautiful. It makes the hair grow luxuriantly; it is the daintiest and most refreshing hair dressing that science has produced, and has not a particle of grease or stickiness in it. Parisian Sage costs 50 cents at your druggist or postpaid from the proprietors, The Giroux Mfg. Co., Fort Erie, Ont. The girl with the Auburn hair is on every package. Sold and guaranteed by E. W. Mair.

TRANSPLANTING THE ENGLISHMAN

The average Canadian-born probably has not time to stop and consider how much it means to the Englishman of the middle class or of any class, to pick up his "luggage" and strike for Canada. It is a difficult thing to contrast the life in an old English town—a cathedral town for instance, with the life that is led in a brand new Canadian town. Mr. Augustus Tridie succeeds, however, in doing this, in his article on A New Town for an Old One, in the March issue of MacLean's Magazine. The article is illustrated with photographs and etchings showing the old crumbling walls of England, side by side with the board shacks of a new prairie town. How Reginald Snippet, the imaginary son of an imaginary banker, living in the English Cathedral city of Highton—also imaginary, comes to Canada and learns to live and think and work like a Canadian, after being almost swamped, is indeed a story worth reading.

"Briny Deep" Serge for men's suits gives the best wear. Every three years stamped "Briny Deep Serge."
