LIBERAL PARTY NEVER SO UNITED AND NEVER SO HOPEFUL AS AT PRESENT

Over Four Thousand
Liberals Cheered Sir
Wilfrid's Ringing
Speech at Marciville

The Former Prime Minister's Policy on the Navy Remains Unchanged—Calls Upon Liberals to Remain True to Their Colors, and if They Remain Faithful, the Nation Will Live, and the Party Will Triumph

MONTREAL, Sept. 8.—"May my right hand become palsied—may my tongue cleave to my mouth, if I ever endeavor to raise up popular prejudices on the great national question of the Navy. I know not what the Hon. Mr. Borden's policy in this regard may be, but I can state that it will be studied and examined by us on its merits, and on its merits alone."

In these words did Sir Wilfrid Laurier express himself at an enthusiastic demonstration attended by upwards of 4,000 Liberals of the Montreal district at Marciville, on Saturday afternoon. The former Premier was in fine fettle and gave an expose of the views of Liberalism on the political questions at present agitating the popular mind.

TWITTED THE GOVT.

Sir Wilfrid twitted the Government on its acts since its accession to power starting with the Manitoba school question, and ending with the Navy, and the proposed changes on the National Transcontinental Railway.

In terms of the utmost delicacy and diplomacy the speaker referred to the reception being held in honor of the return of the Premier, and declared that if he were connected with the municipal administrations of Montreal or Quebec he would consider it a privilege to associate himself with those thus honoring the returning of Hon. R. L. Borden. Though at the proper time and place he would fight the Leader of the Government, he considered it his duty to give to the latter all the respect which his position as Premier, and duly elected representative of a constitutional authority demanded.

LIBERALS NEVER SO UNITED.

There was a note of enthusiasm permeating the ex-Premier's utterances, "Spit on your hands, boys, and take another grip," was the unconventional counsel he gave to his followers, thus paraphrasing on the advice of one of his old time school-masters. The Liberals, said he, were never so united—in fact they considered it an honor to have fallen in defence of the principles of which they had been the advocates prior to the set-back of last September.

THE NAVAL POLICY.

The Premier gave a lengthy expose of his naval policy. He did not know what Mr. Borden's policy would be. He was sure, however, of one thing, and that was that, when announced, it would place the Castors and Nationalists in a position somewhat similar to that of St. Lawrence on the grill. They would be turned from one side, only to be roasted on the other.

Sir Wilfrid did not touch upon the fiscal question, this, however, being taken up by Hon. Rodolphe Lemieux. The latter avowed that the West was

still clamoring for an entry to the United States market. The great peril, said Mr. Lemieux, was not a German, but a Canadian one, viz.: the danger of having the West goaded into secession as a result of the ever-increasing demands of the already glutted trusts. (Cheers.)

FREDERICTON GETS EXPERIMENTAL FARM

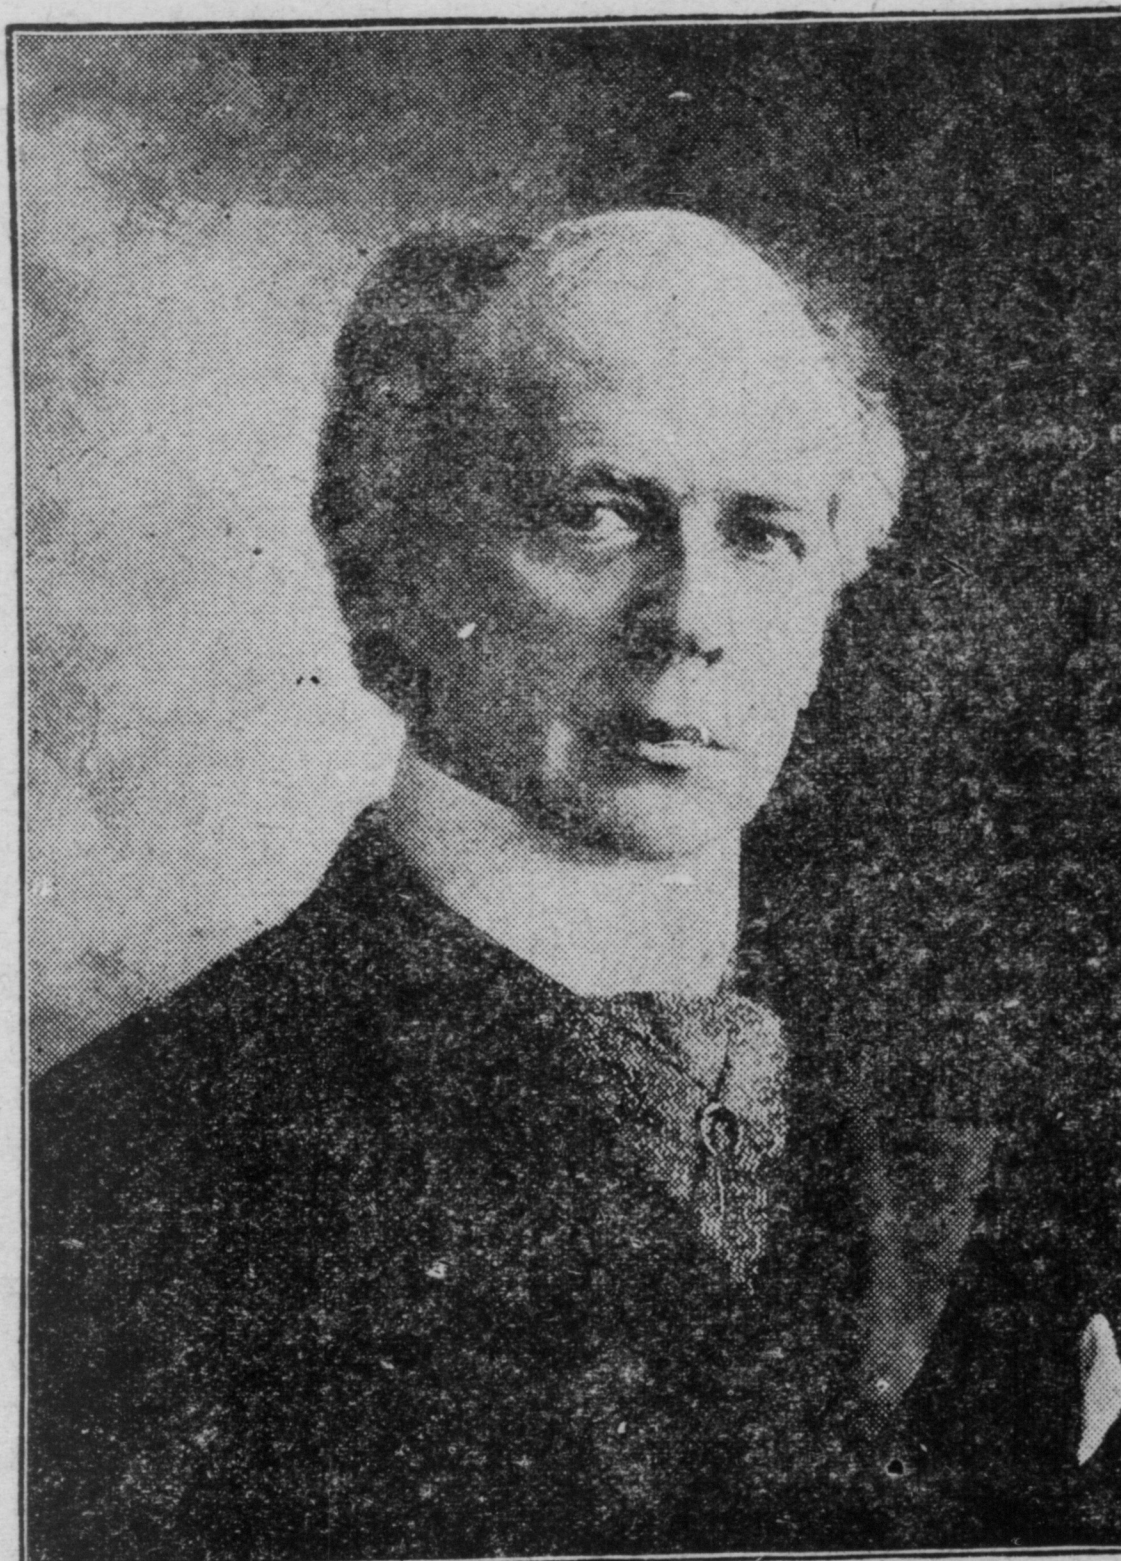

W. W. Hubbard Will Be
Superintendent

Fredericton, Sept. 9.—W. W. Hubbard for the past three years secretary of the New Brunswick department of agriculture, will be the superintendent of the experimental farm to be established by the dominion government at the lower end of the city.

Mr. Hubbard has not yet resigned from his present position and this afternoon said that he was not just sure when his resignation would be placed before the commissioner of agriculture. He will remain as secretary of the provincial department of agriculture at least until the close of the present fiscal year, which ends on October 31.

As to when the new experimental farm will be in actual operation Mr. Hubbard is not as yet in possession of any definite information but it is believed that this fall preparations will be made to have the new institution in operation on an extensive scale by the early spring. Already the Adams, Gunter and Jewett farms, which adjoin one another, have been purchased; that will give about 360 acres, and it is possible that additional property may be acquired.

Investors in town lots in the town site of Tofteld, Alberta, can save or make a lot of money by writing to A. R. Rigby of that place, who will ascertain for the sum of \$1 per lot, the market value and also will make up a personal examination of the lot, and promptly forward to you a detailed report. A good lot here is a gold mine in a way, but a ditch, a very great extent is worth less, as many will find too late.

They will reside in Woodstock.

MR. THOMPSON WRITES LETTER TO COUNCIL

Giving Prices Railroad
is Willing to Pay for
Right of Way

Asks that Town Reimburse

SHARPER COLLECTION OF TAXES--NEW STREET

The Town Council convened Friday night with the expectation of getting a report in reference to the right of way wanted by the St. John and Quebec Railway.

Coun. Mair said that owing to a delay occasioned by the break down of his automobile, Mr. Thompson was unable to meet the committee. Mayor Ketchum read the following letter from Mr. Thompson:

His Worship The Mayor, and Councilors, Town of Woodstock.

Gentlemen,—
Re Right of Way through the Town of Woodstock

In accordance with the arrangements made with a committee from your Council, our Right of Way Agent, Mr. Connor, with your Valuator, Mr. Leighton, called on the different landowners interested with a view of obtaining options on the properties required. The prices asked were in some cases satisfactory, 18050 in others unreasonable, and, after due consideration of the damages in each case this Company has decided and now begs to advise you that it is prepared to pay the following prices for different properties which are shown colored red on plan attached.

Bella Smith	\$1,000 00
Chas. Williams	100 00
Wm. Clark	500 00
Mrs. Poole	500 00
Mrs. Weavert	200 00
Mrs. Bagley	75 00
John Connor	500 00
Bull Estate	500 00
Agricultural Society	10,000 00

Should these prices be satisfactory to your Council, I would suggest that settlement be made where possible, and where such is not possible that expropriation proceedings be taken to get titles. The question whether such proceedings should be undertaken by the town or by this company to be decided at a later date.

This Company would expect your council to pass a resolution to the effect that when a divisional point is established within the limits of the Town of Woodstock, the town will reimburse the Railway Company the total cost of the properties in question with interest on same at 6 per cent. per annum.

We are anxious to have construction proceeded with on this portion of the work immediately and trust that you will take such steps as will allow us to come to an understanding so that we can get possession
