WELL-MEANING.

Governor Johnson of California was discussing in San Francisco an unfortunate editorial.

"Well," he said "the editor meant thus: well. To mean well, however, in this highly specialized age, is not enough. Rev. Mr. Fifthly meant well, too. "Rev. Mr. Fifthly had amongst

his parishoners an elderly spinster who was very rich. He desired to honor this spinster by introducing this introduction but he worded it "Bishop, permit me to present to you one of my—er—one of my oldest sheep."

AGES IN THE WRONG PLACE.

"Private" John Allen went to visit an old friend at a hospital in New Orleans. The invalids were being fed on a diet of egg and sherry, and Allen asked him how he liked it. "John," said the friend, sadly, "it would be all right if the egg was as new as the sherry, and the sherry as old as the egg."

Your Hair Needs Parisian Sage

Use it as a Dressing—Banish Dandruff—Stop Falling Hair and Scalp Itch

PARISIAN Sage, the delightful and invigorating hair tonic, is a true hair nourisher. It penetrates into the scalp, gets to the roots of the hair, kills the dandruff germs, and supplies the hair with just the kind of nourishment it needs to make it grow abundantly.

Since its introduction into Canada, PARISIAN Sage has had an immense sale, and here are the reasons:

It does not contain poisonous sugar of lead, nitrate of silver or sulphur or any injurious ingredients. It cures dandruff in two weeks, by killing the dandruff germ. It stops falling hair.

It promptly stops itching of the scalp.

It makes the hair soft, glossy and luxuriant.

It gives life and beauty to the hair.

It is not sticky or greasy.

It is the daintiest perfumed hair tonic made.

It is the best, the most pleasant and invigorating hair dressing made.

Made only in Canada by The R. T. Booth Co. Ltd., Fort Erie, Ont. The price is only 50 cents at drug stores and counters where toilet goods are sold.

E. W. Mair guarantees it.

COPPERS.

Having need of some change, the mistress went to the top of the stairs. "Bessie," she called to the maid in the kitchen below, "have you any coppers down there." "Yes'm, two," faltered Bessie, "but they're both my cousins."

Everybody should remember it's now time to paint. Don't neglect your home. Be bright. Be cheerful. Get Ramsay's Paints. They are the spring tonic—for the house. Ask A. E. Jones about Ramsay's? Hurry up!

GETTING EVEN.

"Is your daughter going to practice on the piano this afternoon?"

"Yes, I think so."

"Well, then, I'd like to borrow your lawn mower. I've got to cut the grass some time, anyway."

AN ALWAYS READY PILL.

To those of regular habit medicine is of little concern, but the great majority of men are not of regular habit. The worry and cares of business prevent it, and out of the irregularity of life comes dyspepsia, indigestion, liver and kidney troubles as a protest. The run-down system demands a corrective and there is none better than Parmelee's Vegetable Pills. They are simple in their composition and can be taken by the most delicately constituted.

SAFE.

WESTERN CANADA

Western Canada is the place you want to consider when thinking of making an investment either in Farm Lands, Town or City Property. It is the place you want to consider when you think of securing a profitable and congenial business or professional location.

130,000 Americans

Over 130,000 Americans located in Western Canada last year. In the same year over 150,000 English, Irish and Scotch people located in Western Canada, and over 50,000 from other countries. The movement is just beginning. In the course of a few years the immigration to Western Canada will exceed One Million souls per annum. As the country settles up and is developed, realty values must in necessity increase accordingly.

Farm & Fruit Lands

We own some very fine Farms in Western Canada, Fruit Lands in British Columbia, and excellent townsites from Winnipeg to Pacific Ocean. Some of these townsites are located in new territory along new lines of railway, and in a great many cases an undeveloped tract of land springs into a town of two or three thousand population in a year, and for those in a position to know, such a condition offers unusual opportunities to make money either from the establishment of a business or a profession in such a town.

New Towns

Lots in such towns in the beginning range in price at from \$50.00 to \$500.00, depending on the location. Lots can be paid for on terms of one-tenth cash, and the balance in eighteen monthly payments. Lots sold in one of our towns a year ago at prices ranging from \$100.00 to \$500.00 are selling today at from \$250.00 to \$5000.00 each, and are in great demand by people moving to that town to engage in business.

To the Farmer

who wishes to settle in Western Canada, the country offers unusual opportunities. Wild Land range in price at from \$10 to \$20 per acre, and improved farms at from \$15 to \$30 per acre. These farms, under cultivation and properly operated, produce at from 20 to 35 bushels of wheat per acre, at from 60 to 120 bushels of oats per acre, from 75 to 100 bushels of barley per acre, and at from 10 to 15 bushels of flax per acre. As a farmer you can easily figure out the present selling price of these products. You can also easily figure out the profit that you would make as a farmer in this country.

INVESTORS

To mortgage loan investors, we wish to say that safe first real estate mortgage loans can be made in Western Canada to bring an income at from 6 to 10 per cent per annum. Write us, and we will be pleased to mail you full information about Western Canada. If you want a farm, we will give you full information about farm lands. If you want to make an investment we will tell you about the various methods by which money can be invested safely and profitably. If you want a business or a professional location, we will give you full information along that line. Write today, for Western Canada represents the last opportunity of this kind on the North American Continent.
