

## Prescriptions

are orders from your doctor for certain ingredients to be made into a medicine.

Whether these are put up just as your doctor desires or in some hurried, careless way, will mean considerable as to the beneficial results obtained.

What's the use of having a doctor and getting the medicine unless you know it is filled up just as it should be?

Bring your prescriptions here. We are cranks on filling prescriptions exactly right.

This means more than we are exact on measurements and weights of the different ingredients. After the articles are weighed there is a right and a wrong way to mix them.

We are careful to mix them to secure the best results and don't dump them carelessly together.

Bring your prescriptions here if you would be sure of getting the best possible results from your doctor's advice.

## RAT CORN

Will Kill Your Rats and Mice

Without odor, and it will not poison other animals. Its action on Rats and Mice is a rather peculiar one. Almost immediately on eating it they become stupified and they remain in this stupor until they die. Easy to use.

Every Rat that Eats Rat Corn Must Die.

Almost as soon as the animal dies it becomes hard and dry, much like leather, and no matter how long he stays there there will be no odor.

Every box of Rat Corn is guaranteed. Postage paid on receipt of price.
