LITTLE DEMAND FOR N. B. POTATOES

STANDARD'S STORY ALL WRONG

Nominal Price at Many Points
60 Cents Per Barrel

Buyers are Scarce at That Figure—
Farmers are Storing Their Big
Crop Hoping for Better Returns
--Aroostook Starch Factories Tak-
ing American Refuse at About
the Same Price as Good Stock
Sells for on the Canadian Side

(Telegraph). Woodstock, N. B., Oct. 1.—The at-tempt of the Standard today to prove that potatoes command as good a price in New Brunswick as in Maine is news to those who have potatoes to sell. The difference in prices is well known to those who live in the vicinity of the boundary line.

The correspondent of the Standard, who says dealers are paying \$1 a barrel for guaranteed stock, might explain why potatoes are not moving in this section. A large dealer said to your correspondent today: "Not a dealer is buying here, and practically none in the county or in Victoria county for Canadian shipment. If what the Standard correspondent says is true, he should come here with the cash, and I have no hesitation in saying he could secure several thousand cars at \$1 a barrel. Every dealer has to guarantee stock."

"A few barrels were bought here today at sixty cents a barrel. Farmers are storing, paying ten cents a barrel storage with the hope that there will be an advance." The past week the C. P. R. has been hauling forty-five to fifty cars a day from Aroostook county points to say nothing of the immense quantities going over the B. & A. All these potatoes are bringing from \$1.10 to \$1.25 a barrel.

Porter Manzer, Limited, the largest potato buyers north of St. John, are shipping from one to two cars of potatoes a day to the American

market and paying the duty, which they would not do if the prices were such as the Standard states. Present conditions in this county have amply demonstrated the wisdom of the Liberal policy of reciprocity in this section. The people see how they have been fooled and how dearly they are paying for the victory of the big interests.

STANDARD'S STORY FALSE.

Hartland, N. B., Oct. 1.—(Special.)—The Standard today publishes a gross misrepresentation in regard to the potato situation. The Telegraph correspondent made enquiry of B. F. Smith, one of the leading shippers of the county, and found that he was willing to pay from 60 cents to 70 cents per barrel.

The McCain Prime Company was offering the same price today but were not anxious to buy any more than was B. F. Smith. The E. L. Cleveland Company, of Houlton, the largest potato dealers in Maine, were today paying \$1.10 per barrel and buyers at Fort Fairfield and other north Aroostook points were paying the same. In Aroostook county starch factories are in operation and pay from 50 cents to 60 cents per barrel for the undersized and decayed potatoes, for which there is no sale in New Brunswick. Last week at all points in New Brunswick shippers were offering 50 cents per barrel and the lowest price is shipping from one to two cars of potatoes a day to the American

OLD NEW ENGLAND SUPPER WAS A GREAT SUCCESS

Citizens Rallied Around the 67th
Regt. Band Monday Evening--
Hayden-Gibson Theatre an Ideal
Banquet Hall

The Old New England Supper held by the 67th Regt. Band in the Hayden-Gibson Theatre, Monday evening, was largely attended, and proved a decided success in every respect. Although early in the day the weather was wet and cold, during the afternoon the sky cleared and by five o'clock ideal weather prevailed. Owing to the rain the collectors were late getting out, but by the time supper was announced, nearly all the thirty the band paraded from their rooms on Queen street, and played a short program outside the theatre, before starting their concert inside. All the afternoon a staff of young ladies had been busy with their tables, and when everything was in readiness the large hall presented a correct imitation of a first class dining hall. It would be hard to find a more suitable building for holding an entertainment of the sort. Every part of the interior was spotlessly clean, as it is always kept, and the stage are the last words in modern conveniences. A row of side tables held sufficient food to enable the waitresses to give prompt and efficient service, and although the crowd was much larger than expected, everything went with a swing from start to finish. Thanks to the generosity of the ladies of the town and the supply of food was ample and of the very best quality.

In the corridor prettily decorated candy and ice cream tables were presided over by the Misses Sadie Weeks and Cora Mooers and did a thriving business, while further along the Misses Margaret Hamilton and Lottie Rhimes held fishing rights on the only pond in the place, and did a rushing trade by subleasing these rights. One of the best attractions of the evening was the Chocolate Wheel presided over by Messrs. John McDougall and William Chapman. Here for five cents one could get a half pound box of Ganong's best chocolates, and needless to say the five cent paddles were quickly bought up. At each turn of the wheel someone was made happy and the others tried again. Special mention might be made of the wheel itself, a beautiful piece of work turned out by Mr. Wm. Chapman, master builder of this town. Mr. Octave Lavoie had a corner on the currency market for a time with his "Money Board," and gathered the players in batting order follow—

COUNTY COURT

In the County Court on Tuesday the case of F. W. C. Wetmore vs. John E. Stewart of Andover was tried, before His Honor Judge Carleton, without a jury. The action was for services rendered as a transit man on the survey and drawing plans in connection with the Hartland and Miramichi projected railway. Plaintiff claimed some \$51 due him. The defence was that one McLean an engineer was liable not Stewart.

T. C. L. Ketchum appeared for the plaintiff and T. J. Carter for defendant. Judgment was given plaintiff for amount claimed.

On Wednesday the case of Potter against O'Donnell was disposed of. Everett A. Potter had an action against Ambrose O'Donnell, both of Debec, for services in pressing hay.

Mr O'Donnell admitted that Potter did the work but claimed it was for Mr Carson, a hay dealer, who had left the country, and that Potter had been demanding the money from Mrs Carson before this suit was entered.

The jury through its foreman, Beecher Hillman, brought in a verdict for the plaintiff for \$40.20.

Some needed work is being done on King street. This street has been in a deplorable state all summer, owing to incessant rains and not being properly drained.

FLORENCEVILLE AND WOODSTOCK PLAY GOOD BALL

Manager Semple's Aggregation Shows Lots of
"Pep" But Are Taken Into Camp By a
Score of 5 to 4--Both Pitchers Effective

The husky and gentlemanly Florenceville base ball aggregation came to town Friday and played with a Woodstock nine who were pressed into service for the occasion. Professional base ball this season had pushed the amateur brand to the back ground and it was somewhat difficult to get a team together for this game. However under the direction of "Ernie" Ryan a nine was put up against the visiting team and did themselves proud considering the record of their opponents, who have been cleaning up all the local teams against whom they have been pitted.

A fair crowd saw the game, but the absence of a number who have been crying for amateur ball was particularly noticeable. With a few exceptions the "old rounders," who are always present, made up the majority. Quite a number of Florenceville fans were present and rooted hard for their favorites.

Both nines were in the game every minute talking it up behind their pitchers, and putting plenty of life into the contest.

While a whole lot cannot be judged from a single game, if the showing made by the two teams counts for anything both towns would be well represented in a local league if one is formed next season.

Both Ryan and Mooney who were on the mound for their respective teams worked well. They are not as classy as some of the box artists that have appeared but their work speaks well for the amateur brand of base ball. Charlton caught a great game and appears to be a good backstop.

Ryan played faultless ball as did Jones and McLean.

Hal Drysdale held the indicator and got away all right, no kicks being registered by either side.
