## CARLETON COUNTY AN IDEAL SPOT FOR IMMIGRANTS WHO WISH TO INVEST IN FARM LANDS; BOARD OF TRADE ACTIVE

### Membership Increasing Rapidly— Carleton County to be Known Around the Globe—Better Roads For the Farmers

The meeting of the Board of Trade Monday evening, was largely attended by the foremost business men of the town. President Dibblee presided. E. W. Mair reported for the nominating committee, and was given an extension of time, their duties being somewhat hampered by the severe storm.

A. F. Garden, reported for the membership committee and said they had that day taken in 66 names for membership.

Secretary Holyoke reported that he had made arrangements with Mr. A. G. Turney, provincial horticulturist, and Premier Flemming to hold a meeting in Woodstock, on Wednesday evening January 24th. Mr. Turney will give an illustrated lecture on orchards and fruit growing. The meeting will be held in the Hayden-Gibson theatre. It is expected that a large number of farmers will attend, as special rates will prevail on the C. P. R. from up river points.

Messrs. A. D. Holyoke, E. W. Mair and Col. F. H. J. Dibblee were appointed a committee to make all arrangements for the meeting.

Messrs. W. Carr, Dr. Rankin, A. D. Holyoke, J. T. A. Dibblee, J. R. Brown and Thos. Noddin were appointed a committee to wait on the C. P. R. officials regarding the establishment of a model farm near Woodstock.

The question of opening up new roads brought on an interesting discussion. Mr. Noddin said that some of the roads leading into Carleton County from York County were in bad shape. He did not think that any money had been expended on some portions for twenty years. He considered that all past and present system of road making a waste of money. He thought the government should employ practical road makers men who knew their business, so that the same piece of road would not have to be patched up year after year. He declared that New Brunswick and Carleton County in particular was the greatest country the sun shone on. He had traveled and farmed in the West, and he had found no place like New Brunswick. He had a farm and made money on it.

Mr. Willard Carr explained the situation of the roads leading from Havelock and Pole Hill, and advocated the opening up of a short road to Woodstock.

Dr. Rankin thought that in opening new roads, much would depend on the quality of the soil, and whether it would be suitable for farming or not.

Mr. H. E. Burt spoke on the road question. He thought also that a 40 acre farm as advocated by some of the members would be too small for a man to make money on. He preferred the large farm.

Mr. Noddin said that many of the farmers had more land than they knew what to do with. They raised hay and sold it in Ontario to feed Ontario beef, which beef was shipped down here, and the farmer bought it at a large price. He did not see the wisdom of that course. He thought it would be much better for the farmer to have a small farm and get rid of his surplus in the home market.

Mr. John McLaughlin spoke regarding the road up Wright's Creek, and Campbell Settlement. Residents in that district had been complaining for some time.

Col. Dibblee explained the situation of the lands lying to the east of Woodstock. Most of the lands he said was owned by the N. B. Railway Co., who would not sell at any price. The land was good on the ridges and would make excellent

farm lands if it could be secured for immigrants.

On motion the report of the membership committee was accepted and the names submitted became members of the Board of Trade.

On motion meeting adjourned till Monday, January, 22nd.

### MARRIED

Mr. Harry H. McDonald, formerly of this city, was married recently to Mrs. C. S. Rounds, at Ogden, Utah. Mr. McDonald has been engaged in newspaper work in Salt Lake City and his marriage took place on the eve of his departure for San Francisco, where he has accepted a responsible position on one of the big dailies. Mr. McDonald worked in St. John for several years and was a good newspaper man.—St. John Globe.

Mr. McDonald is a former Woodstock boy, being a son of the late Rev. G. W. McDonald, who for many years was pastor of the then Free Baptist church and later of the Reformed Baptist church. The Rev. G. B. McDonald of Perth, is a brother of the groom.

The members of the Baptist congregation held a reception in the parlor of the church for their new pastor and his wife on Thursday evening. The ministers of the town with their wives were also invited.

### WOODSTOCK'S MUSICAL CLUB

A determined effort is being made to form a Musical Club in the town and upwards of eighty notices have been sent out to known singers to meet in the "K. P. Hall" Young's Block, Main Street, on Monday evening, January 22nd, at 8 p. m., for the purpose of organizing the Club and the indications are that most of the singers asked will attend, as more than two thirds have signified their intention of doing so, and with Dr. Baker as conductor, supported by a strong working committee there is every reason to hope that it will prove a great success.

It is intended to practice choruses and part songs of a simpler nature, and as a great many of the singers are members of every church choir in the town, the choral practice in sight reading will be of great assistance to themselves and shall prove of value to the various churches in the town as the music will be better rendered and the labor minimized in producing it.

It is also intended to give a concert later on at which the various pieces practised will be rendered so that the people of Woodstock may understand just what it means to have a good musical organization in the town.

### SEASON OF PRAYER

The Laymen's Missionary Movement are calling for a session of special prayer by the men of the Dominion, for the blessing of God upon our country during 1912, and the spread of the gospel speedily in all lands. In harmony with this proposal, the men of Woodstock are asked to attend a prayer meeting in the school room of the Methodist Church, on Sunday afternoon next at half past three.

### CARLETON COUNTY FRUIT GROWERS

This is a notice to members of the Fruit Growers Association that owing to the expected absence of the Secretary it will not be expedient to call a meeting for business purposes important to be transacted, at which it was intended the Provincial Horticulturist could be present to give some information as to what is being done horticulturally in the province. Mr. Turney will, however, be at Woodstock on Jan. 24th (Wednesday) and in the evening at 8 o'clock will deliver a talk, illustrated with lantern slides, before the Board of Trade, in regard to the establishment of Commercial Orchards. By arrangement with the Board of Trade members of the County Association and any others interested in the business end of apple growing will be welcome; and they ought to attend. The excellent account of itself given by our County at the St. John Apple Show and in the literature that was sent out throughout Canada concerning it (see "Busy East") and (The Farmers Advocate; London, Ont.), leaves it now up to us to take part in the advancement of Horticulture that is now going on every where.

Tappan Adney, Secretary.

### N. B. Telephone Local Staff Complimentary Supper.

The local N. B. Telephone staff, comprising Messrs. W. E. Stone, (Manager) Driscoll, and Fields and Misses Fewer, Hayden, Hughes, Jacques, McLean, Burden and McIntosh, were handsomely entertained to a "turkey supper" on Saturday night, January 13th, at Kelly's Restaurant, by a few of the subscribers. Dr. Currie, the leading spirit of the gathering, in a few happy remarks, welcomed and eulogized the guests.

Mr. Stone and Miss Fewer replied in glowing terms. Mr. Stone on behalf of the staff, thanked their friends for the reception and in closing briefly reviewed the year's work, speaking of the efficiency of the staff and the great success of the company in 1911, having now in this district over 500 subscribers. He predicted a bright and cheering prospect for 1912.

Miss Fewer, the orator of the evening, in replying to the sentiment "The Operators" said in part that she would tell them of a dream she had a few nights ago in which she was transported to the Celestial realms and there she saw an angel close to the throne wearing what seemed a crown of brilliant stars, but which on closer inspection proved to be nothing more or less than a "head receiver." On enquiry she found these particular stars represented different virtues rewarded namely: Patience, Kindness, Faith and Hope; all of which are especially called into action by the "telephone girls" and all of which she fervently wished they would all wear in reality in the dim and distant future. The Company will long remember her witty speech and their happy gathering.
