THE CONTEST IS GETTING WARM

A New Leader This Week—All Workers Polling Big Vote—Hustle—Hustle Some More—Keep on Hustling—Only Sixteen More Working Days

AN EXTRA SPECIAL

A Success Cabinet and a Book of Discount Tickets

A SPECIAL \$33.00 PRIZE

To be Awarded One Week Before the Big Finish You Have Only Two Weeks to Win it

ANOTHER PROOF OF SENTINEL ENTERPRISE

The BIG CONTEST is warming up. There will be something doing from now until the eventful day which will close this great battle—ONLY SIXTEEN WORKING DAYS left. Now is the critical time. Look out for the DARK HORSE. Work! Work! Work! The Sentinel's big Prize Contest, is proving a tremendous success. It's the talk of all North-West New Brunswick. The interest continues to increase; and new Subscribers! Well, you should see them roll in.

The enterprise, wisdom and integrity of this Contest is being abundantly proved. It is reaching proportions beyond our fondest expectations; hence, the entire Sentinel force is more than pleased with the undertaking.

The numerous contestants are all workers, spirited and determined; therefore, it might be suggested, and a word to the wise is sufficient, that the REAL CONTEST is just now beginning. So look out for surprises.

The Sentinel is going to offer an EXTRA SPECIAL PRIZE to stimulate and encourage those candidates who are in the running.

THIS SPECIAL PRIZE is an All Metal Kitchen Cabinet—"The Success Cabinet." It is now being demonstrated by Representatives of the factory at 9 Main street, this city. It is well worth any ones while to make a personal examination of this Cabinet, because of its sanitary, hygienic, and scientific construction if for no other reason. This Cabinet is made entirely of heavy sheet steel and metal, has no wood about it, and is proof against the rat, mouse, bugs, and all other filth. It is very compact, hangs on the wall above the

Cook Table, and concentrates everything needed in preparing the daily meal at the finger tips. It is a necessity and should be in every home. The Sales Company is making a special price of \$16.50 on it during the introductory period in this community. In addition to the Cabinet, the Sales Company will present to the "lucky winner" of this Extra Special Prize, \$16.50 of their Discount tickets, redeemable by an Associated Advertiser in New Brunswick. This All Metal Kitchen Cabinet, and these Discount Tickets—\$33.80 in value,—will be awarded to the one securing the greatest number of NEW SUBSCRIBERS to the Sentinel, between this date and June 5, 1912. Of all the valuable prizes offered in this Contest, the Piano, the Enterprise Steel Range, or the beautiful Sideboard, neither is more useful, more needed, or will give the Housewife more comfort, pleasure and will save her more drudgery, than this Cabinet. Those who have ambitions, and wish to prove their hustling qualities, now have the opportunity. The time is short, and it will take quick, vigorous work, to prove the Winner of this extra SPECIAL PRIZE. If the Cabinet is won by some one in this city, it will be installed at our expense. If some one elsewhere, we will prepay the Express to nearest Railway Station.

The Standing:

C. A. McBride, Pioneer	-	155,000
Mrs. John D. McLean, Centreville	-	141,900

Miss M. A. Allerton, Edmundston	-	6,500
Miss Amy Nixon, Lower Brighton	-	6,000
Miss Alice Murray, Chatham	-	6,000

THE FIRST SOD OF THE VALLEY RAILWAY HAS BEEN TURNED

Premier Flemming and Local Notables Were Present—Speeches, Music, Light Refreshments and Ideal Weather Make the Occasion an Ideal One

According to the time honored ceremony the turning of the first sod of the Valley Railway was made an important event in the history of the province. The public interest was evidenced by the large attendance from out of town. The Premier performed his duty with dignity and the whole ceremony was conducted with due regard to the usages which attach to turning the first sod.

Besides Premier Flemming there were present representatives of the Quebec Contracting Company, Mayor Ketchum, J. T. A. Diblee, H. A. Scott of Meductic made brief speeches. Premier Flemming spoke of the great occasion in which a new line of

people between a point north of Centreville and St. John. It meant much for the whole province and he was pleased that his efforts to secure steam communication had been rewarded with success. He assured those present that the Valley railway would be built. During the afternoon light refreshments were served. The 67th band was in attendance and their fine playing was much appreciated. The weather was ideal and the affair was carried on smoothly and no disorder whatever occurred. Many of the country people left for their homes after the ceremony, while some remained for the Convention in the evening.

RICHESON HAS PAID PENALTY

Electrocuted Just After Midnight For Murder of Avis Linnell—Walked Calmly to Death Chair

Boston, Mass., May 21—Clarence Virgil Thompson Richeson, the former minister, walked calmly to the electric chair in the Massachusetts state prison, where he was electrocuted at 12.17 o'clock this morning for the murder of his former sweetheart, Avis Linnell, the pretty young music student, of Hyannis.

The current was turned on at 12.10.02. One application of 1,800 volts, eight amperes, was sufficient. He was pronounced officially dead at 12.17.

Accompanying the condemned man on his death march was Rev Herbert S. Johnson, a prominent Baptist clergyman, of this city, who has been with Richeson almost constantly during the past few days of his life.

Richeson walked unassisted, and as the party, composed of the condemned man, his spiritual adviser and the guards, paced slowly the last few steps, Rev Mr. Johnson quoted in a low clear voice passages from the scripture.

Richeson entered the death room without a glance towards the legal witnesses who were seated with plain view. At a word from the guards he stepped into the chair promptly.

Rev Mr. Johnson asked: "Are you willing to die for Jesus' sake?"

Richeson answered calmly, not a tremor in his well-modulated tone: "I am. God will take care of my soul and I pray for all. I forgive everybody."

Richeson had no supper, saying that he desired none. After eating a little fruit, he lighted a cigar, and he was sitting on the edge of his cot, apparently enjoying his smoke, when Deputy Warden Allan entered his cell with the black suit of clothes to be worn during the execution. Richeson nodded calmly to the deputy but said nothing.

Premier Flemming still regards the St. John Valley Railway as a political road. The tory convention is to be held in Woodstock on the day the first sod is turned.

That is one way of getting a crowd. The people between Centreville and Grand Falls, however, have not yet learned why there is nothing doing on their section of the line.

ILLUMINATING FIGURES

The latest official figures of the trade between Canada and the United States are especially illuminating. For the nine months ending with March 31, the United States imported from Canada goods to the value of \$2,359,619 less than during the corresponding nine months of the preceding year.

For the nine months ending with March 31, the United States exported to Canada goods to the value of \$39,229,877 more than in the corresponding nine months of the preceding year.

The figures for the imports of the United States from Canada for the nine months ending with March, 1911, were \$77,600,239. For the same period this year these imports dropped to \$75,240,620.

On the other hand, the exports of the United States to Canada for the nine months of 1911 were \$191,336,309. This year the exports for the same period jumped to \$230,566,166! That is to say, the disparity between the American sales to Canada and Canadian sales to the United States has become more than Forty Million Dollars greater in the past nine months than in the same period last year.

At this rate of progress Canada will soon be buying four times as much annually from the United States as that country is buying from the Dominion.

Under Reciprocity Canadian farmers, fishermen and lumbermen would have had free access to the American markets, and Canada would have largely increased her sales to the United States. There is no dispute as to that. It is admitted by the opponents of Reciprocity. Consequently we should have equalized the terms for buying and selling natural, agricultural and food products across the frontier.

But reciprocity has been defeated. The Big Interests refuse to allow the Western farmers to sell their wheat across the border, and yet at the same time they continue to buy raw materials in increasing quantities from the United States, with the result that the "adverse balance" of trade which at one time was a perfect nightmare to the party in power is bound to grow at an alarming rate.

What are the Flag-Flappers going to do about it?

Quebec has given the Flag-Flappers a rude jolt, and after what happened in South Renfrew, they can't help feeling that Mr. George E. Foster's "poison" is getting in its deadly work.
