A FRIEND IN NEED

"Son-in-law," he said, as he called him into the library and locked the door, "you have lived with me for two years."

"Yes-yes, sir."

"In all that time I have not asked you a cent for board."

"N-no, sir."

"In all your little quarrels with my daughter I have always taken your part and decided in your favor."

"A-always, sir."

"I have paid some of your bills."

"Y-you have, sir."

"And in every way helped you get along."

"Y-you have been very kind, sir."

"I have tried to be my boy, and I think you appreciate it."

"I-I do, sir."

"Then the small favor I'm going to ask you will no doubt be granted."

"It will, sir."

"Thanks. Kindly tell your mother-in-law that the poker chips which she picked up in my room this morning were dropped out of your pocket, and we'll call it square."

THE CITY DEPARTMENT STORE IS A SWINDLE

Same Quality of Goods Can Be Bought at Home and Prices Duplicated.

(Richibucto Review)

One of the many growing evils of this country to-day is the city departmental stores of other provinces. In our province, where we have the best of stores, the most honorable of merchants, and where goods are sold at a margin so small as not to afford a respectable living to our business men, thousands of dollars are annually sent to the department stores of our great cities. Farmers expect our merchants to pay them a fancy price for their butter, eggs and poultry, for their pumpkins, potatoes, apples and tomatoes, and then they take the money received from our home merchants and send it to a city department store. There is neither economy or honor in such a manner of doing business. You can write it down in your hat, that as a rule, the city department store is a swindle. Our citizens who patronize them should be compelled to ship their butter and eggs to them. There is not business man in our town who will not duplicate their prices for the same quality of goods, and he who turns down his home merchants to patronize fakers is far from being a loyal, patriotic and good citizen.

IN CAMP WITH THE BOY SCOUTS

mittee, and lack of authority on part of Scoutmasters to go ahead and lay out a program. It shows the lack of a directing hand, practical and experienced. If the committee is supposed to see to this, it certainly did nothing at all. If the Scoutmasters are supposed to do this, they certainly did not feel that they had full direction. But these are matters which once pointed out will be remedied in time. It should be borne in mind that everything in way of organizing and training scout troops is voluntary; there are no funds out of which anyone has been, or could be, paid for services. So just criticism must be tempered with appreciation of the splendid work already done.

It is a Liver Pill.—Many of the ailments that man has to contend with have their origin in a disordered liver, which is a delicate organ, peculiarly susceptible to the disturbances that come from irregular habits a lack of care in eating and drinking. This accounts for the great many liver regulators now pressed on the attention of sufferers. Of these pills there is none superior to Parmelee's Vegetable Pills. Their operation though gentle is effective, and the most delicate can use them.
