Potato Market

There is no doubt that rot has caused widespread and extensive damage in the potato crop this year. Correspondents of all American agricultural journals speak of this trouble in their several localities. Dealers in Toronto tell the same story in regard to Ontario. They say the potatoes coming in give evidence of very serious inroads by this disease in all parts of the Province in which potatoes are grown. It is almost impossible, they say, to get a shipment of really good potatoes. It will not be surprising if potatoes are as scarce and high next spring as they were in the one just past.

In Toronto Wednesday the Dawson Elliott Commission Co. say they are selling at \$1.15 per bag. They are likely to be a good deal higher than that before many moons pass.

BUNIONS NO JOKE

Hard to get rid of them, too. Two or three applications of Putnam's Painless Corn Extractor softens the thickest tissue, and removes it painlessly. Putnam's Painless Corn Extractor removes corns, warts, and callouses quickly and painlessly. Sold by druggists, price 25c.

SIR WILFRID LAURIER AND MR. MONK

"He is to be pitied. He is worthy of our respect, perhaps for having resigned; but the question on which he differs from Mr. Borden is not a new one, and Mr. Borden's stand is not new. Mr. Monk objected to it long before the elections. If he has to resign now to save his honor, it merely shows his immense credulity and simplicity, not to say more, in having ever entered the Borden Cabinet. Mr. Borden offered Mr. Monk a portfolio. He leaped for the hook with the voracity of a shark. Now he resigns to save his honor."

"His resignation is the beginning of the end, the commencement of the downfall and disruption of the Borden Government."
