BOARD OF TRADE DETERMINED THAT CARLETON COUNTY'S ADVANTAGES SHALL BE ADVERTISED MORE EXTENSIVELY

Enthusiastic Meeting Held Wednesday Evening—Officers Elected—Valuable Suggestion for the Promotion of Woodstock and the County of Carleton

Owing to many counter attractions and the severe weather, only a small crowd attended the meeting of the Woodstock Board of Trade, in the Town Hall, Wednesday evening.

President Dibblee, presided, and in his opening remarks, referring to the slim attendance, said that the people of Woodstock did not take the interest they should in the Board of Trade, and hoped this would be remedied in the future.

Mr. A. D. Holyoke, chairman of the re-organization committee, reported that he had looked the matter up and found the Board of Trade to be an incorporated body. His committee did not think it advisable to make any changes in the organization and offered some valuable suggestions. On motion the report was accepted.

The following officers were then elected for the ensuing year:
J. T. A. Dibblee—President.
Wm. Sutton—Vice-President.
A. D. Holyoke—Secretary.
R. E. Estabrooks—Treasurer.
J. N. W. Winslow, Jas. W. Gallagher, C. Allan Smith, Geo. E. Balmain, Dr. Rankin and A. F. Garden, were elected as members of the Board of Trade.

President Dibblee thanked the meeting for his re-election, and said he would do his best as in the past for the interest of the town. This in his opinion was to be a banner year all over the province, and all the Boards are taking special interest, particularly regarding agriculture and immigration. He suggested that a committee from the Board wait on the County Council during the session next week, and ask for an appropriation for publicity purposes, and to also ask a grant from the new Town Council. He said he had not been getting the right kind of immigrants. Sackville, a much smaller town than Woodstock has taken up the matter and is to send a special agent to the old country to interest immigrants who have means to purchase farms. This had been a good year for Woodstock. We have had no failures and the merchants and manufacturers enjoyed good business throughout. Two bad fires had wiped out two of the towns largest industries, but the Hayden mill has been rebuilt and is now in operation, while the Woodworking Company will in the spring build bigger and better than ever. He thought the town should encourage manufacturers, as they were needed to build up the population. He regretted that Mr. Ketchum had found it necessary owing to his business to withdraw from the nomination for secretary.

On motion a nominating committee composed of E. W. Mair, A. W. Hay and Emmerson Hagerman, was appointed to report at next meeting of the Board.

On motion A. F. Garden, J. W. Gallagher, and Wallace Gibson, were appointed a membership committee to report at next meeting.

Sec. Holyoke moved a resolution of the Board's appreciation of the services of Mr. Ketchum, who had acted as secretary for eighteen years. Mr. Ketchum thanked the Board for their kindness, and predicted a bright future for the Woodstock Board of Trade.

Jas. Carr said the immigration department of the province was not a success, they did not get the right kind of immigrants. We do not want laborers, but men who have funds with which to purchase farms. The County, he said, lacked enthusiasm. He thought it a good move to have the Board take the matter

to the County Council and try and devise a way to bring moneyed men to our county. He said some of the roads were in bad shape, and thought we should get a special grant from the government for the purpose of improving them. The road between Woodstock and Houlton was in particularly bad shape. He thought roads should be made through the forests on our east so that immigrants could be induced to settle near the town. These roads, he said, should be good roads so that people could have easy access to Woodstock.

THE MONEY SPENT ON THE ROADS IN THIS COUNTY IS WORSE THAN THROWN AWAY. The money is given to friends and relatives of government supporters for road work year after year, and our roads are a disgrace to the County. I say this boldly and without fear.

Mr. L. E. Young thought the ideas suggested by Mr. Carr were good, and he suggested that the Board made a list of all the things we need for the good of the town, and appoint committees to gather data concerning each.

Mr. Young spoke of the purchase by the government of the Blue Bell tract in Victoria County, which was fifty miles from a trading station, while within eight or ten miles of Woodstock there are 10,000 acres of valuable land which should be opened up and made available for settlers. He thought that this should be one of the first things to be taken up by the Board.

President Dibblee appointed L. E. Young, Jas. Carr and J. N. W. Winslow, a committee to get data concerning available lands within easy distance of Woodstock, whether owned by private parties or by company.

On motion of Mr. Winslow a map of Carleton County will be procured and hung in the Council chamber for the use of the Board.

Mr. E. W. Mair said that if anything was to be done with the County Council the Board would have to act at once, and moved that a committee be appointed to ask for grant for roads.

Pres. Dibblee appointed the following committee: E. W. Mair, L. E. Young, Dr. Rankin, A. D. Holyoke, J. Carr, G. E. Balmain, J. N. W. Winslow.

On motion Pres. Dibblee was added to this committee.

Pres. Dibblee in speaking of the tour of Canada made by a party of English newspaper men, made last summer, said that the committee had been severely criticized by the papers for not showing the visitors around the county instead of merely driving them around the town. Mr. Dibblee said that this censure was uncalled for. The committee had planned on taking the party through part of the county in automobiles, but only one car, (Dr. Rankin's), was available. The visitors had only a few hours to stay and it was out of the question to show them through even a small part of the county with teams. The visitors, moreover, were very anxious to see the base ball game which was played that afternoon, the first they had ever witnessed. He thought this explanation was only fair to the gentlemen who were censured in the paper for not showing the party over the county. He hoped that arrangements could be made so that when another party came along, a much longer time would be allowed them in Carleton County.

A resolution from the St. John Board of Trade was read and adopted.

Sec. Holyoke also read a communi-

Presentation by Congregations.

cation from A. G. Turney, Provincial Horticulturist, regarding date for illustrated lecture on fruit and orchards.

On motion of Mr. Young the secretary was instructed to try and make arrangement to have Mr. Turney come to Woodstock in the near future.

On motion the meeting adjourned to meet on Monday evening, Jan. 15th, at 8 o'clock.

Mrs. Pauline Winslow, Ottawa, and Mrs. Guy Bostwick, New York, were the guests over Sunday of Mr. and Mrs. J. N. W. Winslow.

THE MAYOR'S ANNUAL SUPPER

Following the usual custom, His Worship Mayor Ketchum, on Friday evening, after the adjournment of Council, gave to the councillors and town officials the annual supper to mark the close of the town year. It was held in Kelly's restaurant and needless to say the proprietor prepared an elaborate spread which was much enjoyed by all present. The usual toasts were proposed and responded to by Mayor Ketchum, Councillors Dibblee, Bailey, Jones, Mair, Gallagher and Gibson, Police Magistrate Holyoke, Chief Kelly and J. P. Malaney, all of whom bore testimony to the capabilities of the mayor and hoped that he would be elected for his second term by acclamation.

Mayor Ketchum, in reply complimented the members of the council. The past year was probably the most pleasurable that he ever had at the board. While it was charged at the time that the present council would be a "Power Council," still it was proved that such was not the case and that on the contrary they were a very independent body of men. Not once during the past year was it necessary for him to give a casting vote. Whatever else might be said it could not be charged that graft prevailed at any time in the town council. He complimented the officials of the town who he said were above reproach, and wished all a happy new year.

From the speeches delivered it seems possible that the mayor and all the councillors will be candidates for re-election, with the exception of W. P. Jones.

MONTGOMERY-HAYWARD.

A very pretty wedding took place on Tuesday afternoon at the home of Mr. and Mrs. Wm. A. Hayward, when their daughter, Helena Maud, was married to Mr. Harold Craig Montgomery. The ceremony was performed by Rev. A. C. Berrie. Mrs. Geo. B. True, a friend of the bride, played the wedding march.

The house was beautifully decorated with potted plants, ferns and cut flowers. The bride, who was given away by her father, was charmingly gowned in cream serge with satin and fringe trimmings, and carried a bouquet of brides roses. Miss Laura Curtis, the bridesmaid, wore a pretty gown of Alice blue satin, and carried pink carnations.

Mr. Fred Irving of Campbellton supported the groom. After the ceremony a dainty lunch was served by Misses Florence Snow, Nellie Montgomery, Edna Hayward and Agnes True.

The bride received a large number of costly gifts, including cut glass, silver, furniture and cheques. The groom's gift to the bride was a sunburst of pearls, to the bridesmaid an amethyst and pearl pendant, and to the groomsmen a gold watch fob. Mr. and Mrs. Montgomery left on the afternoon train for their future home in Campbellton. On the way they will spend several days in St. John. The brides going away gown was of tan broadcloth with hat to match.

A number of the friends of P. L. Cosman met at the Turner House on Monday evening and presented him with an address and a pair of solid gold cuff links. The presentation was made by Mr. Carey. Refreshments were served during the evening. Mr. Cosman leaves for St. John in a few days.

Every man who has the interest of Woodstock at heart, should attend the meeting of the Board of Trade, Monday evening, pay his dollar and become a member of the Board.
