

Tired?—Nature's Sweet Restorer

Abounding in stimulating goodness, a most healthful and pleasing beverage. Its sustaining and invigorating qualities are beyond dispute.

KILL THAT FLY!

Why? Because flies breed in manure and other filth.

Flies walk and feed on excreta from people ill with typhoid fever, tuberculosis, diarrhoeal affections and many other diseases.

One fly can carry and may deposit on our food 6,000,000 bacteria.

One fly in the summer may produce normally 195,312,500,000,000,000 descendants.

A fly is an enemy to health, the health of our children, the health of our community.

A fly cannot develop from the egg in less than eight days; therefore, if we clean up everything thoroughly every week, and keep all manure screened, there need be no flies.

Will you join the campaign against this pest?

A western woman who visited New York found neither the men nor the women comparable to those of her own dear West. She said that the "women were made up too much to look pretty," and that "even the young girls looked blasé." This is one effect of that New Yorkers profess to prize so highly.

RICH AND MELLOW

You'll Like The Flavor Money back if you don't.

35c., 40c., 50c. per lb.

Special Notice, BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Ex. 887, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if your children trouble you in this way. Don't blame the child, the chance is it can't help it. This treatment cures adults and aged people troubled with urinal difficulties by day or night.

In the Probate Court of Carleton County

To the sheriff of the County of Carleton, or any Constable within the said County, Greeting:—

Whereas, John T. G. Carr, one of the Executors and Trustees named in the last Will and Testament of Elizabeth Raymond, deceased, hath by his Petition bearing date the fourteenth day of May A. D. 1912 prayed that he may be permitted to pass his accounts with the said Estate, as such Executor and Trustee, and that an order for distribution be made.

You are therefore required to cite the Heirs, Next of Kin, Creditors, Legatees, Devisees, and all others interested to appear before me at a Court of Probate to be held at my office in the Town of Woodstock, in the County of Carleton, on Thursday the fifth day of September A. D. 1912, at the hour of eleven o'clock in the forenoon, to show cause, if any, why the said accounts should not be passed and allowed, and why such Order for distribution should not be made.

Given under my hand and the seal of the said Probate Court, this fourteenth day of May A. D. 1912.

THANE M. JONES, Judge of Probate for Carleton County.

JAMES McMANUS, Registrar of Probate for Carleton County.

FASHION NOTES

DRESSY CHIFFON WAISTS.

Chiffon still holds a prominent place in the construction of dressy blouses, but this material is combined with satin, fancy silks and nets to a greater extent than was the case last season. The chiffon is used mostly in subdued colorings, the other materials used showing either white or bright color touches. Satin girdles finish off the waist of many of the more expensive blouses, thus making the garment suitable for wearing over a dress skirt.

ROBESPIERRE COLLARS.

Modified Robespierre collars continue the foremost sellers of the current season, and new versions are in process of development for early fall styles. Opinions differ somewhat as to the continued popularity of the Robespierre features, some makers holding that they will be "done to death" before the new season appears. The influence of this style, however, will surely be felt, even if only in so remote a fashion as to be scarcely recognized.

NARROW PLEATED SKIRTS.

The fall lines of dresses include many models made in some form of pleated skirt. In every instance, however, they are straight and narrow. The pleats extend to the waist in some of the samples, but other styles show pleated panels or deep pleated flounces. When the pleats extend only to the knees a modified panier drapery finishes the upper skirt section.

FLORAL GARNITURES.

Although corsage flowers have been quite popular for the past season or two, present indications point to even greater popularity for garnitures of this kind. Paris is especially strong on the floral garnitures, which are being worn there, in smaller sizes than formerly, underneath hat brims, on coat lapels, at the corsage line or as a finishing touch for draped effects.

WHITE SHETLAND LEADING ITEM.

White Shetland continue to be the liveliest article in the veiling market. Shadow designs in infinite variety, both in floral and in scroll effects, have met with success, but the demand is narrowing down to the daintier shadow numbers, those that are most suggestive of coolness and comfort. Some particularly snooty cobweb designs are finding favor.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c. per bottle. Take Hall's Family Pills for constipation.

ONE THAT CAME TRUE.

Vice-President Sherman, in an interview in Washington, said of the smashing of a boom.

It was a brutal smash. It was so brutal, so cruel, it reminds me of Marrit's retort.

'Marrit's wife, at the end of the usual breakfast table quarrel, burst into tears behind the coffee urn, and as she searched for her handkerchief, wailed:

'You said, the second time I refused you, that you'd rather live in eternal torment with me than in bliss by yourself.'

'Well, I had my wish,' growled Marrit.'

SUPREME COURT JUDGMENTS

Fredericton, June 21.—Judgments were given by the supreme court to-day as follows:

In case of O'Regan vs. C. P. Railway Company, appeal followed to set aside a verdict for a plaintiff and enter a verdict for the defendant. The court was unanimous.

In cases of McCatherin vs. Jamer and Ralston vs. Jamer—The judgment of the court is to set aside the non-suit and to enter a verdict for \$15 for the plaintiff in each case.

In case of St. John River Steamship Company Ltd. vs. Crystal Stream Steamship Company Ltd.—The court gave judgment sustaining the decision of Judge Landry and dismissing the appeal with costs.

In case of Connelly et al vs. Trustees of School District No. 8, parish of Havelock—Judgment was that the lien on the school building in that district granted the plaintiffs be affirmed and the appeal dismissed with costs.

In case of Jack vs. Carney et al—Appeal allowed with costs and judgment was ordered to be entered for the defendant in the court below.

In case of the King vs. Matheson, ex parte Shilala—Rule was discharged and conviction affirmed.

In case of the King vs. J. W. Taylor, justice of peace for the county of York—Judge Barry granted an order nisi to quash the conviction of Graham and Embleton under the Canada Lord's Day Act, and no one appearing to support the conviction the rule nisi was made absolute.

OH! OH!

(From the Kingston Standard, Conf.) Mr. Lloyd-George hit a good many

of the English nobility pretty hard when he told them that the estates they held had been stolen from the church and that their ancestors had been enriched by plundering the altars. The nobility had better let ancient history alone. Too many of their titles and estates rest on very unsavory and rotten foundations.

The Kansas City street car system is disorganized through the attempts of conductors to carry out the orders forbidding smoking on the cars. The smokers absolutely refuse to give up their tobacco while riding in the company's vehicles.

THERE IS NO REASON WHY WOMEN SHOULD DREAD CHILD-BIRTH NOW. 19

Mothers' Cordial or Herbal Tonic makes childbirth easy and insures safe and rapid recovery. The Cordial is a compound of certain Indian herbs, blended in their proper proportions, and contains no drugs or harmful stimulants.

Mothers' Cordial or Herbal Tonic besides being a blessing to expectant mothers is also a potent remedy for all women in a rundown condition. In addition to its tonic properties it is an excellent blood purifier, and serves to clear the complexion as well as improve general health and good spirits.

Davidson, Feb. 21st, 1912.

Dear Mrs. Currah. I am writing you for another box of Orange Lily and a box of the Herbal Tonic, enclosing an order for Two Dollars for same. Please forward same to me.

I find an occasional use of the Orange Lily helps me and the Tonic is a good spring builder.

Yours sincerely,

MRS. J. W. A. A package of Mothers' Cordial or Herbal Tonic lasts a month. At your Druggist's, or by mail, \$1.00 a package, postpaid, or 6 packages for \$5.00. Write for interesting particulars—FREE. Dr. Cooley Medical Co., Windsor, Ont.

HOT FLASHES.

Women in middle age often complain of hot flashes. They are at that stage of life—when their delicate organism needs a tonic and helping-hand which only Dr. Pierce's Favorite Prescription can give them. Many women suffer needlessly from girlhood to womanhood and from motherhood to old age—with backache, dizziness or headache. A woman often becomes sleepless, nervous, "broken-down," irritable and feels tired from morning to night. When pains and aches rack the womanly system at frequent intervals, ask your neighbor about

Doctor Pierce's Favorite Prescription.

Mrs. J. Imhof, of 221 S. Benton Street, Baltimore, Md., says: "I wrote you about nine months ago, telling you of my condition. I have a fine baby girl—she weighed nine pounds when born. She is my third child and the strongest of them all. My suffering was only for two hours. I took several bottles of 'Favorite Prescription' and one of Dr. Pierce's Smart-Weed. I never had a well day before I took your medicines. I was surprised how well I felt—could eat—was always hungry, and never had a sick stomach. The nurse who was with me said the medicine was wonderful because I got along so nicely after having had so much trouble before. She intends to recommend it to all her suffering patients. Everybody is astonished at me because I only weighed 102 pounds before and now I weigh 135. I have had several ladies come to me and ask about Dr. Pierce's medicine. I am willing to recommend it to all who suffer and want help. If any want information I will be glad to give it to them."

Red Rose Baking Powder

makes the lightest, most toothsome and most wholesome food, because it is a pure French Cream of Tartar Baking Powder. Try it. Put up in tins, 10c. to 45c., at your Grocer's.

A. W. Hugman, Limited, Makers, Montreal.

Freshen Up and Save Your Property

Spring time has become paint time in Canada, to the country's lasting benefit.

There is two-fold virtue in paint—good paint. It makes a home that looked dingy, cheerless and generally "down at the heels," a home of which any man, and his wife too, may well be proud. At the same time it protects the house from decay, adding years to its life and therefore to its value. What is true of the house is true of anything of wood or unprotected metal which is exposed to weather. It unquestionably pays to keep things well painted.

"Well painted," however, does not, as many people suppose, simply mean covered thick with paint. Some paints, like the barnacles on a ship's bottom, may be thick enough but an extremely poor protection; it all depends on the paint, and the paint depends mostly on the White Lead of which it is made.

A house is really well painted when it is covered with B-H "ENGLISH" Paint. This paint is 100 per cent. pure—70 per cent. White Lead and 30 per cent. pure White Zinc, and the White Lead used is Brandram's B. B. Genuine. This lead has been made for practically two centuries by Brandram Bros., London, England, and now by Brandram-Henderson, Limited, in Canada. The process is secret and the product has always commanded a higher price than any other.

A coat of B-H "ENGLISH" Paint forms a thin, elastic film of White Lead and Zinc that expands and contracts freely with changes of temperature, and does not crack. It lasts till it is worn off and affords real protection.

Says it's the best Car on earth to pull in the Mud

HUPMOBILE

Late last March, when the country roads were at their worst, Earl Sowards drove a recently-bought Hupmobile "32" Touring Car, fresh from the Detroit factory, to his home in Decatur, Ind.

His testimony as to the pulling power of the "32" is so convincing and emphatic that we quote it verbatim from his letter to us describing the trip:—

"It is the best mud-turtle you ever saw. I could not tell you how bad the roads were, for if I did you would not believe me," the letter says.

"I had 23 miles where I never saw a place that the mud was less than six inches deep; and one place the mud came above the running board for a space of 40 rods or more. It is impossible to stick the car.

"The model '32' is the best car on earth to pull in the mud. I know, for I have driven several of the best makes. I have had eight years of experience. I never touched any part of the motor, only to put in oil.

"I was pulling through the mud along by a farmer's house. Just in front of the house was some water, and I thought I would have some fun; so I let my motor die slowly and stopped for a chat. I asked him if he would get his team and pull me out. He answered: 'There are not two teams in the country that could do it.'

"Then I told him that I would have to pull myself, and he said: 'I guess you can stay with me until the mud dries up a little.'

"When I was ready to go on, I started up as if nothing had happened.

"He said he was going to have a car of that kind."

On account of its low centre of gravity, the Hupmobile '32' clings to the road under all conditions, with the least possible sideway and wind resistance.

Absolutely lowest in point of upkeep-cost. You cannot buy better style or better service at any price.

STANDARD 20 H. P. RUNABOUT \$850
