Having caught three living mice without her knowledge he concealed them beneath a bowl on the pantry shelf. "My Dearest," said he, calling her to the pantry. "I am going away for the afternoon and I have something beneath that bowl that I don't want you to see, so kindly don't peep until I return." She promised she would not. For a time she wondered what her husband could mean, but finally banished the thought by making a pie for supper. Taking the pie to the pantry to cool, there before her was that mys- terious bowl that she had promised not to touch. What harm would there be she thought in just taking one "peep", besides her husband need never know; he was too fussy anyway she thought. So holding the pie in one hand she tilted the bowl, a little, just a little, with the other, but that little just proved a little too much. Out jumped three fierce looking mice, and simultaneously went crashing to the floor, a bowl, a pie and a plate, and a very fright- ened lady made a hasty retreat for the kitchen. What would she do? she thought. Her husband would now know she was inquisitive; besides she had broken her promise. She soon hit upon a plan. Leaving matters as they stood in the pantry she awaited her husband's return. "My dear," she began, "I wish you would buy me a mousetrap, the fact is that pantry is alive with mice; I saw the cat chasing three at one time, and see, (leading him to the pantry), she broke your bowl, and upset my pie I had for supper and broke the plate, and I have nothing in the house to make any more pie, and for the first time since her mar- riage the bride wept. CANTERBURY STATION.

A supper and fair were held in the Orange Hall by the ladies of the Methodist church on Saturday, Nov. 9th. Both were marked successes as was shown by the fact that the pro- ceeds amounted to \$100.00.

The hall was beautifully decorated with vines and small spruce bushes.

There were three booths: one for candy, conducted by Stella Carr and John Draper; one for fancy work, Hazel Price, Azella Gillespie and Harley Carr taking charge; and the last a fish-pond run by Mrs. Harry Watt and Helen Ritchie.

The dining room was also beauti- fully decorated. There were three tables each of which were waited on

GIN PILLS Brought Relief

Larder Lake, Ont., March 26th.

"I had been suffering for some time with my Kidneys and Urine. I was constantly passing water, which was very scanty, sometimes as many as thirty times a day. Each time the pain was something awful, and no rest at night."

I heard of your GIN PILLS and decided to give them a trial at once. I sent my chum 60 miles to get them and I am pleased to inform you that in less than six hours, I felt relief.

In two days, the pain had left me entirely. I took about half a box and today I feel as well as ever and my kidneys are acting quite natural again."

Jas Boyd and his family left on Tuesday evening's train, en route to Riverside, California, where they intend spending the winter. Mr. Boyd has been moved to this step by the state of his health, which is not good. For many years Mr. B. has been engaged in business here during which he has established an enviable reputation and a general sense of loss will be felt at his departure. In religious and moral work Mr. Boyd was warmly assisted by his estimable wife, and their loss will be seriously felt in the church as well as in the community. It is hoped their absence may be only tempor- ary.

1912 FARMERS' PRIZE CONTEST

WE held a contest last year in which 36 prizes were offered. This year there will be three times as many prizes (108) and therefore three times as many chances for you to win one of them. You do not have to use a large quantity of cement to win a prize. Many of last year's prize-winners used comparatively little cement.

THE contest is divided into three classes and is only one of these (Class "A") does the amount of cement used count in deciding prize winners. Class "B" is for doing the best concrete work (the size makes no difference). Class "C" is for sending in the best and clearest description of how any piece of concrete work was done.

IT COSTS NOTHING TO ENTER—There are absolutely no "strings" to this offer. There is no entry fee or red tape to bother with. You cannot lose, because the improvements you make of concrete in competing for the prizes will be more than worth their cost. We have a book, "What the Farmer Can Do With Concrete," that will give you all the information about the use of concrete you can need. It will be sent to you free when you ask us for complete particu- lars of the Prize Contest. Ask for particulars to-day. Just say "Send me, free, your book and full particulars of the 1912 Prize Contest." on a post card and mail it to-day. Address: Publicity Manager,

Canada Cement Company Limited, 503 Herald Bldg., Montreal

There will be four prizes (First, \$50; Second, \$25; Third, \$15; Fourth, \$10) in each class in each Province. Thus you have only to com- pete with other farmers in your own Province, and not with those in all parts of Canada. This gives you the best possible chance to win a \$50 prize.

Send for particulars to-day. Just say "Send me, free, your book and full particulars of the 1912 Prize Contest." on a post card and mail it to-day. Address: Publicity Manager,
