

FLEMMING WILL NOT FOOL LIBERALS AGAIN

His Government of Broken Promises is Apparent Now to the Thousands Who Supported the "Coalition" Cabinet in 1908—Graft Has Been Rampant in Public Expenditures Ever Since—Pledge of Public Works by Public Tender Practically Ignored for the Benefit of Party Favorites—Gould's Refusal to be "Held up" Confirms the Contentions of Liberals

Fredericton, April 29.—The outspoken declaration of Contractor Gould, of Valley railway fame, last week is still the talk of the capital. The attack of the Gleaner was not the first inkling the supporters of the opposition had of what was in the air. During the session hints were not lacking that there were differences in the government camp over the contracts in connection with the Valley road. The disappearance of Gould as a critical time was not reassuring. He was in California, the government press said, recuperating. When he returned, Premier Fleming went to Montreal. Mr. Gould happened to be there. So did Mr. Hazen and the head offices of the C. P. R. are 'always there. It was a most fortunate coincidence. But the meeting was not so happy evidently for Premier Fleming returned "as grouchy" as a bear with a sore paw," to use the language of one of his supporters. He wasn't in real good humor from that time to the end of the session. Now, the reason is plain. Mr. Gould would not give up. He had the contract signed, sealed and delivered, and to his own expressive language, "did not owe the government a cent." The Gleaner's dog was sent after him, but the tall Maine Yankee was evidently used to curs of that sort, and he failed to scare. Instead, he lashed back

"MY STOMACH IS FINE Since Taking Na-Dru-Co Dyspepsia Tablets"

Mrs. J. Merkluger, Waterloo, Ont., enthusiastically recommends Na-Dru-Co Dyspepsia Tablets. Her experience with them, as she outlines it, explains why. "I was greatly troubled with my stomach," she writes. "I had taken so much medicine that I might say to take any more would only be making it worse. My stomach just felt raw. I read of Na-Dru-Co Dyspepsia Tablets, and a lady friend told me they were very easy to take, so I thought I would give them a trial and really they worked wonders. Anyone having anything wrong with his stomach should give Na-Dru-Co Dyspepsia Tablets a trial, they will do the rest. My stomach is fine now and I can eat any food."

One of the many good features of Na-Dru-Co Dyspepsia Tablets is that they are so pleasant and easy to take. The relief they give from heartburn, flatulence, biliousness and dyspepsia is prompt and permanent. Try one after each meal—they'll make you feel like a new person.

and the puppy had gone to its kennel, smarting under the whip for its indiscreet barking.

Much of this may be mystifying to honest people who hate to be met with graft upon every corner. But the meaning is plain. The construction of the Valley railway is about to begin. The cost will be several millions of dollars and out of that the friends of the government expect the contractor to give enough money to corrupt the electorate during the campaign to be brought on this year.

Contractor Gould says he does not owe the government a cent and has no interest in the New Brunswick elections. That means he will not be bribed. That explains the attack of the unscrupulous Gleaner and many other things.

GRAFT RAMPANT.

But why should this attempt at enormous graft surprise the people? It is simply a distinction without a difference. The small fry have been doing it for four years. Every bridge repaired or built has its graft; every wharf and public work has its "rake off." What the followers have succeeded in doing, the leaders are attempting. How humiliating must have been the exposure of their methods, and how distressing for those who believed in their honesty and good intentions to be undeceived in so dramatic a fashion.

It is not likely that Mr. Copp or any member of the opposition expected that their accusations of graft and recklessness would be proved so thoroughly and so soon after the session. In almost every speech they pointed out how reckless and wasteful had been the expenditures, and at every session of the public accounts committee there was abundant evidence of over charges, which is one of the most familiar disguises of the worst enemy of the public, party graft.

But why should the followers hesitate to follow where the leaders lead? Premier Fleming stood in his place in the legislature and spurned the public-work-by-public-tender policy he went into power upon. He said that he would not give work to political opponents even if he knew they would do it at a lower price. Wasn't that an open invitation to his supporters to put the price up?

The position of Premier Fleming is the same as that of his chief commissioner of public works. His is

the great spending department—the work on the roads and bridges, the wharves, the public buildings and he says to the government supporters: "We do not believe in public tender." Yet this was one plank in the famous platform of Mr. Hazen in 1908, which reads as follows:

THAT BROKEN PLEDGE.

"If returned to power we will put all public works to tender, and award the contract for the same to the lowest tenderer."

Contrast the position of the opposition party as defined by A. B. Copp, its leader, after he had listened to Hon. Messrs. Fleming and Morrissey. Hon. Mr. McLeod had interrupted Mr. Copp when speaking and asked him if he would give a contract to the Gleaner newspaper if its tender was the lowest. Mr. Copp's reply shows his position:

"Yes, I would give the printing to the Gleaner newspaper, if the Gleaner would do the work the cheapest. I want this house to understand, I want the people to understand, that should I in the near or distant future have anything to do with the government of this province, I am going to insist upon public tender, irrespective of party, the man or corporation who will do the work for the least money will get the work to do."

That is something to stand by

"The Liver Pills act So Naturally and Easily."

Such a statement, coming from the cashier of a bank, shows what confidence responsible people have in these pills. Mr. A. L. Wilson after trying them wrote:

"I have used Dr. Miles' Nerve and Liver Pills and also your Anti-Pain Pills, on myself, with good results. The Liver Pills act so naturally and so easily that I scarcely know that I have taken a pill. Frequently being troubled with headache I take an Anti-Pain Pill and get immediate relief in every case."

something for the opposition to nail to the mast and sink or swim with. But that is not the only declaration Mr. Copp has made that is worthy of the same treatment. He has openly condemned party graft and served notice upon any in its favor in his own party, in a recent speech, when he said:

"If there is any man supporting the opposition with the hope that when it attains power he will reap his reward at the expense of the people I want him and all others to listen attentively to me when I say that there is no place for him in the ranks of the opposition, and if that is his purpose, his place is among the grafters. If I have anything to say when the opposition comes into power there will be no opportunities for the 'rake off'-men and no plunder for the grafter."

THE VALLEY ROAD.

Wednesday will be the first day of May and construction upon the Valley Railway should begin. There hasn't been any preparations as yet, no assembly of great plants, such as took part in Transcontinental operations so there won't be any great flourish of trumpets and the people of Carleton and York counties will wait with yearning eyes to see the great project even begun. In York there is no concern whether the C. P. R. has a hand in the road or not. In Carleton it is different. There the iron hand of the big corporation has gripped the people too long for them to submit any longer. They want no doubt about the matter but simply intercolonial operation and a thorough line to Grand Falls. Fleming's flirtation with the C. P. R. has alarmed them and they are remembering that he has taken no steps without considering the interests of that railway.

CAN'T FOOL THE PEOPLE AGAIN.

The elections may be near at hand and it is interesting to consider where the movable vote will be. The position in 1912 is exactly the reverse of 1908. Then thousands of Liberals cajoled by the fair and glittering promises of Hazen and Fleming and by their pledges to be true and just to them as well as to the Conservatives, blinded by the vision of a coalition government made up of Liberals and Conservatives, forsook their party allegiance and gave the opposition of that day such support that the old government was ousted from power after being a quarter of a century in office.

Today in 1912 thousands of Conservatives are deserting the same Fleming. The Liberals who supported him four years ago have repented in sackcloth and ashes. They were first used and then spurned. Hazen and Fleming had use for them on election day and no use for them afterward. The heads of their friends led under the political axe and the government which had fooled them with a coalition trick used the department of John Morrissey in the attempt to defeat the federal Liberal government in the fall of the same year. Those Liberals will know better when the fight is on again and they will be joined by thousands of disgusted Conservatives who have always refused to place provincial or municipal issues upon party lines. They see the methods of Premier Fleming and his followers. They have followed day by day and year by year during their short period of power, the weak and futile efforts of the ad-

ministration. They have seen the raids upon every department by the political grafters succeed without apparently much opposition from their leaders. Can any one imagine for a moment, Blair, Emmerson or Mitchell permitting their supporters to grab public franchises in the same piratical fashion as was seen this last season? Look at the Nerepis & Long Island Railway Company with Slipp-Woods and Baxter—all of them members of the legislature which passed the bill incorporating them. Were there ever such bold methods shown in New Brunswick before?

AN EXCELLENT REMEDY

Baby's Own Tablets are an excellent remedy for little ones. They never fail to relieve baby of stomach and bowel complaints or of many other little ills that worry him. Besides they are absolutely safe, being guaranteed by a government analyst to contain no opiates or other harmful drugs. Concerning them Mrs. Sam Legros, Ste. Cecile, Quebec, writes:—"I have found Baby's Own Tablets an excellent remedy for my little one and would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

SAMPLE DISTRIBUTION OF AMATITE ROOFING.

The manufacturers of Amatite ask us to say that they are ready to distribute samples of their roofing to any one who is interested in the new type of roofings. Anybody can obtain one of these samples by simply addressing a request for it to the nearest office of The Carritte-Patterson Mfy. Co., Limited, St. John, N. B., or Halifax, N. S.

This sample serves to show the mineral surface of Amatite, which is its great unique feature. By this mineral surface Amatite eliminates the painting nuisance.

You lay Amatite on the roof, leave it alone and it will take care of itself year after year. It needs no painting or attention. Of course, this reduces the total roofing expenses considerably, for nobody who has had experience with the ordinary smooth-coated roofing is willing to consider that paint is cheap. In fact, is somewhat lower than roofs of the old type.

If you are interested in ready roofings Amatite is worth remembering.

NOTICE.

The annual meeting of the Little Presque Isle Rifle Club will be held in the True Blue Hall at Wilnot, Monday evening, May 6. Meeting opens at 8 p. m. sharp. Election of Officers and other business. All the members and those who wish to join please attend. Fellow Clubmen, I intend to resign as Captain and wish all to come to the meeting so we may pick a good staff of officers for this year. My reason for resigning is that you should have one for Captain who could be there most every shoot, any day, and my business makes it so I cannot attend. Our rifles have all been inspected and put in good order and will only be served out to competent members who attend the Shoot days.
